#### Final Approval Under OMB Delegated Authority of the Extension for Three Years, Without Revision, of the Following Information Collection

*Collection title:* Intermittent Survey of Businesses.

*Collection identifier:* FR 1374.

*OMB control number:* 7100-0302.

*General description of collection:* The FR 1374 survey data are used to gather information to enable the Federal Reserve System to carry out its policy and operational responsibilities. Under the guidance of the Board, Reserve Banks survey business contacts as economic developments warrant. Usually, these voluntary surveys are conducted using an online survey tool, such as Qualtrics, to collect responses by purchasing managers, economists, or other knowledgeable individuals at selected, relevant businesses and occasionally state and local governments. Occasionally, the survey will be conducted via telephone or email as needed. The frequency and content of the questions, as well as the entities contacted, vary depending on

developments in the economy. These surveys are conducted to provide Board members and Reserve Bank presidents real-time insights into economic conditions. The Board tailors these survey questions to match current concerns and interests, but they are not meant to supplant the more rigorous, existing economic reporting. The Board collects aggregate responses from the Reserve Banks and then distributes the information to Board members and Reserve Bank presidents.

*Frequency:* Annual, but it may be conducted up to three times a year depending on developments in the economy.

*Respondents:* Businesses, and as warranted by economic conditions, state and local governments.

*Total estimated number of respondents:* 1,500.

*Total estimated annual burden hours:* 1,125.

*Current actions:* On July 16, 2025, the Board published a notice in the **Federal Register** (90 FR 32008) requesting public comment for 60 days on the extension, without revision, of the FR 1374. The comment period for this notice expired on September 15, 2025. The Board did not receive any comments.

### Proposal Under OMB Delegated Authority To Extend for Three Years, With Revision, the Following Information Collection

*Collection title:* Census of Finance Companies and Other Lenders and Survey of Finance Companies.

*Collection identifier:* FR 3033p and FR 3033s.

*OMB control number:* 7100-0277.

*General description of collection:* The FR 3033 information collection (the quinquennial) consists of the Census of Finance Companies and Other Lenders (FR 3033p), which the Board revised in May 2025, as well as the Survey of Finance Companies (FR 3033s), which the Board is revising at this time. The

FR 3033p is the first part of a two-stage survey series, which has been conducted at a regular five-year interval since 1955. The second part of this information collection, the FR 3033s, collects balance sheet data on major categories of consumer and business credit receivables and major liabilities, along with income and expenses, and is used to gather information on the scope of the company's operations and loan and lease activities. In addition, questions were added to assess the current geographical penetration and online presence of finance companies. From the universe of finance companies determined by the FR 3033p, a stratified random sample of 3,000 finance companies will be drawn for the FR 3033s. This survey will be sent in April 2026 and will collect information as of December 31, 2025. The data collected from this voluntary survey will be used for two purposes: to benchmark the consumer and business finance series collected on the monthly Domestic Finance Company Report of Consolidated Assets and Liabilities (FR 2248; OMB No. 7100-0005) which in turn serves as an input to the following statistical releases: *Finance Companies* (G.20), *Consumer Credit* (G.19) and *Financial Accounts of the United States* (Z.1), and to increase the Federal Reserve's understanding of an important part of the financial system.

*Proposed revisions:* The Board proposes to revise the FR 3033s to improve clarity, simplify the form overall, and collect information on the activities of finance companies. The overall result is a net removal of seven items from the survey. The FR 3033p is not being revised as part of this clearance. The FR 3033s revisions, which would be effective for the April 2026 survey date, include:

#### A. Removals:

- Removing 5 real estate loan items (3.A.1.a through 3.A.3).
- Removing items 8.A and 8.B.
- Removing items 11.A and 11.B.
- Removing 3 questions, 13.A through 13.C, as they were special topic questions added for the 2021 survey.

#### B. Revisions:

- Revising general survey instructions and item descriptions for clarity.
- Revising the benchmark date to December 31, 2025.
- Revising any references to "capital leases" to "finance leases." In lease accounting, under the ASC 842 standard, what was previously termed a capital lease is now referred to as a finance lease.
- Revising item 7.C to say "Notes, Bonds, Debentures, and Non-Recourse Debt." This is a catch-all bucket for all

other short- and long-term debt not elsewhere classified.

- Revising item 7.D to say "Debt Due to Affiliates."

- Renumbering item 8.C to 8.

- Revising item 10.F to say "Marketing Cost (e.g., Advertising and Publicity)". The term "marketing" can encompass a broader range of activities and costs and help align better with the 10K form.

- Revising Question 12 and renumbering it to 3.B.4.a so that it is placed next to the relevant item 3.B.4. It assesses the extent of offerings of consumer credit products by the finance company industry. This placement also makes it feasible to identify specialty finance companies and facilitate analysis of profitability at such companies.

3.B.4.a. If your company owns Other Consumer Loans, select all the types available:

- ❖ Mobile home loans [ ] Yes [ ] No
- ❖ Motor vehicle title loans [ ] Yes [ ] No
- ❖ Pawn loans [ ] Yes [ ] No
- ❖ Payday loans [ ] Yes [ ] No

#### C. Additions:

- Adding an item for "Real Estate Loans" in section 3.A as question 3.A.1. This positioning is the result of consolidating all the real estate loan items (3.A.1.a through 3.A.3), which are being removed.

- Adding a Question 11.A to assess the current geographical penetration of finance companies and help contribute to the understanding of the structure of finance companies.

11.A. Does your company extend loans and leases in only one state in the U.S.?

- Yes
- No, in more than one state
- Don't know

- Adding a Question 11.B to assess the current online presence of finance companies. It would help shed light on the trends in the online expansion of finance companies. It would also contribute to the understanding of the implications of financial technology in this sector.

11.B. Does your company extend 50% or more of the loans and leases online?

- Yes
- No
- Don't know

- Adding a Question 12 to quantify the extent of securitization by finance companies. Since the 2020 Quinquennial Survey of Finance Companies, information on the securitized off-book loans managed by finance companies is no longer being asked. Anecdotal evidence suggests that

finance companies are increasingly relying on securitization as an alternative funding vehicle.

12. Did your company securitize loans in 2025?

- Yes
- No
- Don't know

• Adding a Question 13 to assess respondents' interest in joining the FR 2248 panel of reporters. It would make panel participation easier and improve the panel recruitment effort and outcome.

13. A panel of finance companies report assets and liabilities to the Federal Reserve on a monthly or quarterly basis. The form they use is available for preview at [https://www.federalreserve.gov/apps/reportingforms/Report/Index/FR\\_2248](https://www.federalreserve.gov/apps/reportingforms/Report/Index/FR_2248). The panel's frequent and timely information helps the industry participants and policymakers. Is your company interested in joining the panel?

- Yes
- No, not presently
- Maybe

*Frequency:* Quinquennially.

*Respondents:* Finance companies.

*Total estimated number of respondents:* 8,800.

*Total estimated change in burden:* (244).

*Total estimated annual burden hours:* 3,512.
