Transmittal No. 24-0U

*REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)*

(i) *Purchaser:* Government of Israel

(ii) *Sec. 36(b)(1), AECA Transmittal
No.:* 24-16

Date: December 29, 2023

Implementing Agency: Army

Funding Source: Foreign Military
Financing

(iii) *Description:* On December 29, 2023, Congress was notified by congressional certification transmittal number 24-16 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of four thousand seven hundred ninety-two (4,792) M107 155mm High Explosive projectiles. Also included were various 155mm projectiles; propelling charges; 155mm ancillaries; publications; technical documentation; United States (U.S.) Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost was \$147.5 million. Major

Defense Equipment (MDE) constituted \$7.5 million of this total.

This transmittal notifies the inclusion of an additional ten thousand (10,000) M107 and/or M795 155mm High Explosive projectiles. Also included are the following non-MDE items: various 155mm projectiles; publications; technical documentation; U.S. Government and contractor engineering, technical and logistics support services; studies and surveys; and other related elements of logistical and program support. The total value of the new items and services is \$312.5 million. The net cost of MDE will increase by \$20.5 million, resulting in a revised MDE value of \$28 million. The net cost of non-MDE will increase by \$292 million, resulting in a revised non-MDE value of \$432 million. The estimated total case value will increase by \$312.5 million to \$460 million.

(iv) *Significance:* Israel will use the enhanced capability as a deterrent to regional threats and to strengthen its homeland defense.

(v) *Justification:* The U.S. is committed to the security of Israel, and it is vital to U.S. national interests to assist Israel to develop and maintain a strong and ready self-defense capability.

This proposed sale is consistent with those objectives.

(vi) *Sensitivity of Technology:* The Sensitivity of Technology Statement contained in the original notification applies to items reported here.

The highest level of classification of defense articles, components, and services included in this potential sale is UNCLASSIFIED.

POLICY JUSTIFICATION

Egypt—Fast Missile Craft Modernization

The Government of Egypt has requested to buy equipment and services including four (4) Component Based Total Ship System, 21st Century (COMBATSS–21) combat management systems to modernize its four fast missile craft (FMC). Also included are air and surface surveillance radars; chaff decoy systems; electro-optical/infrared sensor systems; electronic warfare systems; navigation data distribution systems; communications intelligence systems; fire control radar systems; 76 mm gun upgrades; and other related elements of logistics and program support. The estimated total cost is \$625 million.

This proposed sale will support United States (U.S.) foreign policy and national security objectives by helping to improve the security of a friendly country that continues to be an important force for political stability and economic growth in the Middle East.

The proposed sale will improve Egypt's capability to meet current and future threats by increasing the tactical and operational capabilities of the Egyptian Navy to support strategic maritime security objectives. Egypt will have no difficulty absorbing this equipment into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractors will be Lockheed Martin, located in Manassas, VA, and L3Harris, located in

Northampton, MA. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Egypt.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 24–50

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology*:

1. The Component Based Total Ship System, 21st Century (COMBATSS–21) is an Aegis-derived combat management system. It is the backbone of the ship's mission system and integrates the radar, electro-optical infrared cameras, gun fire control system, countermeasures, and short-range anti-air missiles to provide the decision support functions to designate in real time the optimum weapon system for the detected threat.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that Egypt can provide substantially the same degree of protection for the sensitive technology being released as

the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Egypt.
