[RTID 0648–XF490]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council (Pacific Council) will convene a Methodology Review Panel meeting to review the products of the Integrated West Coast Pelagics Survey. The meeting will be co-hosted by the NMFS Southwest Fisheries Science Center. The meeting is open to the public and being conducted in person with a web broadcast that provides the opportunity for remote listening and public comment.

DATES: The meeting will be held Tuesday, February 24 through Thursday, February 26, 2026, from 8:30 a.m. until 5 p.m. (Pacific Standard Time) or until business for the day has been completed.

ADDRESSES: The meeting will be held at the NMFS Southwest Fisheries Science Center, Pacific Room, 8901 La Jolla Shores Drive, La Jolla, CA 92037, Tel: 858–546–7000.

This meeting is being conducted in person with a web broadcast that provides the opportunity for remote public comment. Specific meeting information, materials, visitor protocols, and instructions for how to connect to the meeting remotely will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org).

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Katrina Bernaus, Staff Officer, Pacific Council; telephone: (503) 820–2420, email: katrina.bernaus@pcouncil.org; Dr. André Punt, University of Washington; telephone (206) 221–6319; or Dr. Annie Yau, NMFS Southwest Fisheries Science Center; telephone: (858) 546–7083.

SUPPLEMENTARY INFORMATION: The purpose of a methodology review is to provide a peer review process for review and evaluation of new stock survey or data methodologies developed for potential inclusion in Pacific Council products. No management actions will

be decided by the Methodology Review Panel (Panel). The Panel participants' role will be the development of recommendations and reports for consideration by the Pacific Council at its April 2026 meeting in Portland, Oregon. Upon approval by the Scientific and Statistical Committee, the methodology can then be included in stock assessments or other Pacific Council products. This meeting will be a formal review of the net change in the acoustic-trawl survey (now the Integrated West Coast Pelagics Survey) for use in future coastal pelagic species stock assessments. The Panel will provide recommendations regarding whether the Integrated Survey's survey data outputs can be utilized in future coastal pelagic species stock assessments, and if not, what additional research is needed for this to be possible. The Panel will also recommend research topics organized by priority and anticipated time frame for completion for NMFS and Pacific Council consideration.

The Panel will consist of members of the Pacific Council's Scientific and Statistical Committee's Coastal Pelagic Species Subcommittee, at least one independent expert from the Center for Independent Experts, and other invited expert reviewers. Representatives of the Pacific Council's Coastal Pelagic Species Management Team and the Coastal Pelagic Species Advisory Subpanel will also participate in the review as advisers.

Although non-emergency issues not contained in the meeting agendas may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Visitors to the NMFS Southwest Fisheries Science Center will need to obtain a visitor badge. Visitors are also required to present a REAL ID-compliant form of identification. For instance,

- State-issued identification that is REAL ID-compliant
- Passport
- Enhanced Driver's License
- Federal employee, military, or veteran identification card

Visitor protocols will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org).

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt (kris.kleinschmidt@pcouncil.org; 503–820–2412) at least 10 days prior to the meeting date.

Fisheries of the Highly Migratory Species; Southeast Data, Assessment, and Review; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Southeast Data Assessment and Review 101 Data Scoping Webinar for Highly Migratory Species Sandbar Sharks.

SUMMARY: The Southeast Data Assessment and Review (SEDAR) 101 assessment process of Alternate Assessment Methods will consist of a Development Workshop, a series of Application Webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 101 Data Scoping Webinar will be held from 3 p.m. until 5 p.m. EDT February 2, 2026.

ADDRESSES: *SEDAR address:* 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405. www.sedarweb.org.

FOR FURTHER INFORMATION CONTACT: Emily Ott, SEDAR Coordinator; (843) 302–8434. Email: Emily.Ott@safmc.net.

SUPPLEMENTARY INFORMATION:

Meeting address: The SEDAR 101 Data Scoping Webinar will be held via webinar. The webinar is open to members of the public. The established times may be adjusted as necessary to accommodate the timely completion of discussion relevant to the assessment process. Such adjustments may result in the meeting being extended from or completed prior to the time established by this notice.

The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the NMFS and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process, a multi-step method for determining the status of fish stocks in the Southeast Region SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. The process may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. The product of the Data stage is a report which compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment stage is a report which compiles and evaluates recommended model configurations that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks and projects future population conditions. The product of the Review Workshop is a Review Summary documenting panel opinions regarding the strengths and weaknesses of the products reviewed. Participants for SEDAR Workshops are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species (HMS) Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations (NGO's); International experts; and staff of Councils, Commissions, and state and Federal agencies.

The items of discussion in the Data Scoping Webinar are as follows: Participants will discuss terms of reference and data available for use in the assessment. Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 5 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: January 15, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting; February 4, 2026 and March 4, 2026

Notice is hereby given that the Delaware River Basin Commission will hold a public hearing on Wednesday, February 4, 2026. A business meeting will be held the following month on Wednesday, March 4, 2026. Both the hearing and the business meeting are open to the public and both will be conducted virtually.

Public Hearing. The Commission will conduct the public hearing virtually on February 4, 2026, commencing at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges, and other projects that could have a substantial effect on the basin's water resources. A list of the projects scheduled for hearing, including project descriptions, along with links to draft docket approvals will be posted on the Commission's website, www.drbc.gov, in a long form of this notice at least ten days before the hearing date.

Written comments on matters scheduled for hearing on February 4, 2026 will be accepted through 5:00 p.m. on Monday, February 9, 2026.

The public is advised to check the Commission's website periodically during the ten days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to ten days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business Meeting. The business meeting on March 4, 2026 will begin at 10:30 a.m. and will include: adoption of the Minutes of the Commission's December 10, 2025 business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission's General Counsel; and consideration of any items for which a hearing has been completed or is not required. The agenda is expected to include consideration of the draft dockets for withdrawals, discharges, and other projects that were subjects of the public hearing on February 4, 2026.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to one hour of Open Public Comment, an opportunity to address the
