The information collection employs an innovative mixed methods approach to gather traditional metrics in addition to qualitative data on all regions participating in the BBBRC program. Secondary data will be gathered and monitored for each of the regions/awardees. A quarterly questionnaire will be sent to each of the BBBRC coalition leads which will gather the relevant data and stories for each of the 21 BBBRC coalitions, resulting in coalition regional impact evaluation, resources, and tools for regional economic development decision-makers.

This collection will explore several thematic areas for the BBBRC, where each of the following areas are based on survey scope of work themes:

1. Accelerating innovation in emerging technologies to gain an understanding of the long-term impact on economic and social sectors;
2. Helping workers access information on new job opportunities, job placement, and job training and prepare for and be hired into good jobs;
3. Increasing new business growth and entrepreneurial activity within the industry sectors;
4. Building critical infrastructure such as roads, water and sewer miles, business and industries to allow for economic development and growth; and
5. Helping businesses adopt new technologies so that they may enter new markets, increasing their economic capacity and overall sustainability.

Coalition leads will respond to the appropriate thematic area, answering questions related to the following categories:

- Reflections and updates on the coalition implementation process and progress;
- The ability to secure additional non-federal investments;
- Detailing the programs, trainings, and curricula developed/launched for job training/workforce development;
- Development and growth surrounding infrastructure; and
- Job creation, wage growth, and existing employee growth and development.

Disclosure

Normally, Commerce will disclose to the parties in a proceeding the calculations performed in connection with a final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final determination in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce continues to rely solely on the application of facts available with adverse inferences in accordance with sections 776(a) and (b) of the Act, for Tejawat, there are no calculations to disclose for these final results.

Assessment Rates

Commerce will determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries in this review, in accordance with section 751(a)(2)(C) the Act and 19 CFR 351.212(b)(1).

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Upon publication of this notice in the **Federal Register**, the following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for Tejawat will be equal to the appropriate dumping margin established in the final results of this administrative review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior completed segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published in the

completed segment for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less than fair value (LTFV) investigation, but the producer has been covered in a prior completed segment of this proceeding, then the cash deposit rate will be the rate established in the completed segment for the most recent period for the producer of the merchandise; and (4) the cash deposit rate for all other producers and exporters will continue to be 3.07 percent, the all-others rate established in the LTFV investigation.⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Partial Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review when there are no reviewable entries of subject merchandise during the POR for which liquidation is suspended.¹⁰ Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate calculated for the review period.¹¹ Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the antidumping duty assessment rate calculated for the POR.¹²

On December 30, 2024, we notified all interested parties of our intent to rescind this review, in part, with respect to the eight companies listed in Appendix II because there were no suspended entries of subject merchandise produced or exported by these companies during the POR and we invited interested parties to comment.¹³ We received no comments on the Intent to Rescind Memorandum. Accordingly, Commerce is rescinding this review with respect to the companies listed in Appendix II, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. NV is
