

amended, to determine the amount of compensation for which the claimant is eligible. Specifically, the compensation parts seek information regarding the amount of compensatory damages awarded the claimant in a final judgment as well as any payments from sources other than the USVSST Fund, as defined in 34 U.S.C. 20144(j)(6), that the claimant received, is entitled to receive, or is scheduled to receive, as a result of the act of international terrorism by a state sponsor of terrorism. The information collected will also help ensure the USVSST Fund does not provide compensation to individuals who are criminally culpable for an act of international terrorism, in accordance with section 20144(h) of the Act.

The Application Form was revised with formatting changes and removal of certain information requests to minimize respondents' collection burden. There are changes in the revised Application Form, but it collects the same information regarding eligibility and compensation.

The USVSST Fund may require an eligible claimant to supplement his or her application by submitting additional forms. These additional supplementary forms include information related to: (1) An acknowledgment and certification by applicants and their attorneys regarding the statutory provision on the amount of attorneys' fees, (2) an authorization for the USVSST Fund to communicate with individuals identified by an applicant regarding his or her claim, (3) a certification of the personal representative of a deceased individual regarding the USVSST Fund award for the decedent's estate, (4) a claimant's decision to change an attorney or representative, (5) a hearing request upon receipt of a decision denying the claim in whole or in part, and (6) electronic payment information.
