

under Section 36(b)(1) of the Arms Export Control Act, of phase one of a two-phase program for an Integrated Air and Missile Defense (IAMD) Battle Command System (IBCS) enabled Patriot Configuration-3+ with Modernized Sensors and Components consisting of four (4) AN/MPQ-65 radar sets, four (4) engagement control stations, four (4) Radar Interface Units (RIU) modification kits, sixteen (16) M903 Launching stations adapted, eighteen (18) Launcher Integrated Network Kits (LINKs) (included two (2) spares), two hundred eight (208) Patriot Advanced Capability-3 (PAC-3) Missile Segment Enhancement (MSE) missiles, eleven (11) PAC-3 MSE test missiles, IBCS software, two (2) future operations—IBCS Engagement Operations Centers (EOCs), six (6) current operations-IBCS EOCs, six (6) engagement operations-IBCS EOCs, fifteen (15) Integrated Fire Control Network (IFCN) relays, four (4) Electrical Power Plants (EPP) III, and five (5) Multifunctional Information Distribution Systems/Low Volume Terminals (MIDS/LVTs). Also included with this request was communications equipment, tools and test equipment, range and test programs, support equipment, prime movers, generators, publications and technical documentation, training equipment, spare and repair parts, personnel training, Technical Assistance Field Team (TAFT), United States (U.S.) Government and contractor technical, engineering, and logistics support services, Systems Integration and Checkout (SICO), field office support, and other related elements of logistics and program support. The total estimated program cost was \$10.5 billion. Major Defense Equipment

(MDE) constituted \$6.8 billion of that total.

This transmittal notifies inclusion of the following additional MDE items: seven hundred eighty-eight (788) PATRIOT Guidance Enhanced Missile-Tactical (GEM-T) missiles. There are no additional non-MDE items being reported with this notification. The estimated total value of the new items is \$5.8 billion. The estimated total MDE value will increase by \$5.8 billion. The non-MDE value will remain at \$3.7 billion. The total case value will increase by \$5.8 billion, resulting in a revised estimated total case value of \$16.3 billion. MDE will constitute \$12.6 billion of this total.

(iv) *Significance*: The proposed sale will improve Poland's capability to meet current and future threats by enabling it to field a credible force that can deter adversaries and participate in NATO operations.

(v) *Justification*: This proposed sale will support the foreign policy goals and national security objectives of the U.S. by improving the security of a NATO Ally that is an important force for political stability and economic progress in Europe.

(vi) *Sensitivity of Technology*:

The PATRIOT Guidance Enhanced Missile-Tactical (GEM-T) missile is one of the variants available to both U.S. forces and international customers. The GEM-T missile provides improved ability to defeat tactical ballistic missiles, cruise missiles, or enemy aircraft in complement to the PAC-3 missile. A modernized, digital fuze eliminates obsolescence and introduces significant performance improvements against tactical ballistic missile targets. This design increases sensitivity for improved performance against high-speed tactical ballistic missile targets.

The highest level of classification of defense articles, components, and services included in this potential sale is CONFIDENTIAL.

(vii) *Date Report Delivered to Congress*: May 15, 2025

POLICY JUSTIFICATION

Kuwait—M1A2 Abrams Main Battle Tank System Sustainment Support

The Government of Kuwait has requested to buy equipment and services related to sustainment support

for legacy M1A2 and new M1A2K Abrams main battle tank systems. The following non-MDE items will be included: repair parts; spare parts; replacement materials; and other related elements of logistics and program support. The estimated total cost is \$325 million.

This proposed sale will support the foreign policy and national security objectives of the United States (U.S.) by helping to improve the infrastructure of a major non-NATO ally that has been an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Kuwait's capability to meet current and future threats by assisting it in maintaining higher levels of operational readiness while meeting its modernization and professionalization goals. Kuwait will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be General Dynamics Land Systems, located in Sterling Heights, MI. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Kuwait.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
