

FOR FURTHER INFORMATION CONTACT: The appropriate NRCS State Conservationist as listed below:

- **Kansas:** David Doctorian; telephone: (785) 823-4500; email: david.doctorian@usda.gov;
- **Nebraska:** Robert Lawson; telephone: (402) 437-5300; email: robert.lawson@usda.gov; and
- **New Jersey:** Julie Hawkins: (732) 573-6040; email: julie.hawkins@usda.gov.

SUPPLEMENTARY INFORMATION: Guidance contained in each state's SOSM will be part of the technical documents and procedures that NRCS uses to determine if wetlands are present on agricultural land as required by 16 U.S.C. 3822. NRCS is required by 16 U.S.C. 3862 to make available for public review and comment all proposed revisions to standards and procedures used to carry out highly erodible land and wetland provisions of the law.

NRCS is proposing revisions to include SOSM in Section 1—General Resource References of the Field Office Technical Guide for Kansas, Nebraska, and New Jersey. The proposed SOSM will replace the following existing procedures:

- For Kansas and Nebraska, the SOSM will replace “Northern Plains Region Wetland Determination and Delineation Procedure” (March 1998).
- New Jersey does not have a current procedure to be replaced.

The revisions to the Field Office Technical Guide are needed to clarify procedures and improve consistency in application. SOSM are used in completing wetland determinations for USDA program eligibility purposes.

There are separate SOSM documents for each state. To fully understand the proposed revisions, commenters are encouraged to compare the SOSM with state procedures for the states listed above, as shown in Section 1 of the NRCS Field Office Technical Guide at <https://efotg.sc.egov.usda.gov/#/>. For example, from the site, select the state (Kansas or Nebraska), select “Document Search,” search for “Northern Plains Region” to find the documents being replaced: “Northern Plains Region Wetland Determination and Delineation Procedure.”

The electronic copies of each state's SOSM are available through <http://www.regulations.gov> by accessing Docket ID NRCS-2025-0170. Requests for paper versions or inquiries may be directed to the specific State Conservationist as identified in the **FOR FURTHER INFORMATION CONTACT** section above.

In general, all documents have similar language and technical methodologies

with some variations based on the natural resource information available and state-specific considerations.

All comments will be considered. If no comments are received, guidance contained in each state's SOSM will be considered final at the end of the comment period for this notice.

Certain Steel Nails From the People's Republic of China: Preliminary Results and Rescission, in Part, of Antidumping Duty Administrative Review; 2023-2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) preliminarily determines that Shanghai Yueda Nails Co., Ltd., a.k.a. Shanghai Yueda Nails Industry Co., Ltd. (Shanghai Yueda) and Shanghai Yueda Nails (Chuzhou) Ltd. (Chuzhou Yueda) (collectively, Yueda Nails), exporters of certain steel nails from the People's Republic of China (China), sold subject merchandise in the United States at prices below normal value (NV) during the period of review (POR) August 1, 2023, through July 31, 2024. Commerce is also rescinding the review with respect to four exporters that had no reviewable entries of subject merchandise during the POR. Interested parties are invited to comment on these preliminary results.

DATES: Applicable January 28, 2026.

SUPPLEMENTARY INFORMATION:

Background

On August 1, 2008, Commerce published in the **Federal Register** the antidumping duty order on certain steel nails from China.¹ After receiving multiple review requests,² Commerce

published the notice of initiation of this administrative review on September 20, 2024.³ Between October 21 and 28, 2024, we received timely separate rate applications (SRA) or separate rate certifications (SRC) from Shanghai Yueda and Chuzhou Yueda.⁴ Additionally, three companies submitted no-shipment certifications.⁵

On December 9, 2024, Commerce tolled the deadline to issue the preliminary results in this administrative review by 90 days.⁶ On June 27, 2025, Commerce extended the preliminary results deadline by 91 days.⁷ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days,⁸ and, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁹ On January 7, 2026, Commerce extended the preliminary results deadline by an additional nine days.¹⁰ Accordingly, the deadline for these preliminary results is now January 16, 2026.

In addition, a complete version of the Preliminary Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Scope of the Order¹²

The products covered by the *Order* are nails from China. A full description of the scope of the *Order* is contained in the Preliminary Decision Memorandum.¹³

Rescission of Administrative Review, in Part

Pursuant to 19 CFR 351.212(a), "generally, the amount of duties to be assessed is determined in a review of the order covering a discrete period of time." Thus, normally, upon completion of an administrative review, suspended entries of subject merchandise are liquidated at the antidumping duty assessment rate calculated for the review period.¹⁴ Therefore, in order to apply the final antidumping duty liability that was determined in an administrative review for a particular company, there must be at least one suspended entry of that company's subject merchandise that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate at the antidumping duty assessment rate calculated for the review period. Pursuant to 19 CFR 351.213(d)(3), Commerce will rescind an administrative review if it concludes that, during the period covered by the review, there were no entries, exports, or sales of the subject merchandise, as the case may be.¹⁵ Because the entry data that we obtained from CBP showed no suspended entries of subject merchandise from the four companies identified in Appendix II, on December 30, 2024, we notified parties of our intent to rescind this administrative review with respect to those companies.¹⁶ No party commented on our intent to rescind this review with

concurrently with, and hereby adopted by, this notice (Preliminary Decision Memorandum).

¹² See *Order*.

¹³ See Preliminary Decision Memorandum.

¹⁴ See 19 CFR 351.212(b)(1).

¹⁵ See, e.g., *Diocyl Terephthalate from the Republic of Korea: Rescission of Antidumping Administrative Review; 2021–2022*, 88 FR 24758 (April 24, 2023); *see also Certain Carbon and Alloy Steel Cut-to Length Plate from the Federal Republic of Germany: Rescission of Antidumping Administrative Review; 2020–2021*, 88 FR 4157 (January 24, 2023).

respect to these companies. Therefore, in the absence of any suspended entries of subject merchandise during the POR from the companies listed in Appendix II, we are rescinding this administrative review with respect to these companies, in accordance with 19 CFR 351.213(d)(3).

Methodology

Commerce is conducting this review in accordance with section 751(a)(1)(B) of the Tariff Act of 1930, as amended (the Act). We calculated export prices in accordance with section 772 of the Act. Because China is a non-market economy country within the meaning of section 771(18) of the Act, NV has been calculated in accordance with section 773(c) of the Act. For a full description of the methodology underlying our conclusions, *see* the Preliminary Decision Memorandum.

Separate Rates

In the *Initiation Notice*, we informed parties that firms for which the review was initiated that wished to qualify for separate rate status must complete, as appropriate, either an SRA or SRC.¹⁷ We preliminarily determine that Yueda Nails¹⁸ is eligible for a separate rate.

China-Wide Entity

Commerce's policy regarding conditional review of the China-wide entity applies to this administrative review.¹⁹ Under this policy, the China-wide entity will not be under review unless a party specifically requests, or Commerce self-initiates, a review of the entity. Because no party requested a review of the China-wide entity, the entity is not under review and the weighted-average dumping margin assigned to the China-wide entity (*i.e.* 118.04 percent) is not subject to change as a result of this administrative review.

Preliminary Results of the Review

As a result of our analysis, Commerce preliminarily determines the following estimated weighted-average dumping margin exists for the POR:

¹⁷ See *Initiation Notice*, 89 FR at 77080.

¹⁸ Commerce has preliminarily determined that the two mandatory respondents, Shanghai Yueda and Chuzhou Yueda, are affiliated and has treated them as a single entity (Yueda Nails). *See* Memorandum, "Affiliation and Single Entity Determination," dated concurrently with this notice; *see also* Preliminary Decision Memorandum.

¹⁹ See *Antidumping Proceedings: Announcement of Change in Department Practice for Respondent Selection in Antidumping Duty Proceedings and Conditional Review of the Nonmarket Economy Entity in NME Antidumping Duty Proceedings*, 78 FR 65963 (November 4, 2013).

Disclosure

Commerce intends to disclose the calculations performed for these preliminary results to the parties within five days of public announcement, or if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register** accordance with 19 CFR 351.224(b).

Public Comment

Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance. Pursuant to 19 CFR 351.309(c)(1)(ii), interested parties may submit a case brief no later than 21 days after the date of publication of this notice.²⁰ Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs.²¹ Interested parties who submit case briefs or rebuttal briefs in this proceeding must submit: (1) a table of contents listing each issue; and (2) a table of authorities.²² Case and rebuttal briefs should be filed electronically via ACCESS. An electronically filed document must be received successfully in its entirety in ACCESS by 5:00 p.m. Eastern Time on the established deadline.

As provided under 19 CFR 351.309(c)(2)(iii) and (d)(2)(iii), we request that interested parties provide at the beginning of their briefs a public, executive summary for each issue raised in their briefs.²³ Further, we request that interested parties limit their executive summary of each issue to no more than 450 words, not including citations. We intend to use the executive summaries as the basis of the comment summaries included in the issues and decision memorandum that will accompany the final results in this administrative

review. We request that interested parties include footnotes for relevant citations in the executive summary of each issue. Note that Commerce has amended certain of its requirements pertaining to the service of documents in 19 CFR 351.303(f).²⁴

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. Requests should contain: (1) the party's name, address, and telephone number; (2) the number of individuals associated with the requesting party that will attend the hearing and whether any of those individuals is a foreign national; and (3) a list of the issues the party intends to discuss at the hearing. Issues raised in the hearing will be limited to those raised in the respective case briefs. An electronically filed hearing request must be received successfully in its entirety by Commerce's electronic records system, ACCESS, by 5 p.m. Eastern Time within 30 days after the date of publication of this notice in the **Federal Register**.

Assessment Rates

Upon issuance of the final results, Commerce will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this administrative review.²⁵ For the four companies identified in Appendix II with respect to which Commerce is rescinding this administrative review, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**. For the remaining companies under review, Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

If Yueda Nails' *ad valorem* weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, Commerce will calculate importer-specific assessment rates on the basis of the ratio of the total amount of dumping calculated for the importer's examined sales and the total quantity of those

sales, in accordance with 19 CFR 351.212(b)(1).²⁶ Where Yueda Nails reported reliable entered values, Commerce intends to calculate importer-specific *ad valorem* assessment rates by aggregating the amount of dumping calculated for all U.S. sales to the importer and dividing this amount by the total entered value of the merchandise sold to the importer.²⁷ Where Yueda Nails did not report entered value, we will calculate a per-unit importer or customer-specific assessment rate based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales.²⁸ To determine whether the per-unit duty assessment rate is *de minimis*, in accordance with the requirement set forth in 19 CFR 351.106(c)(2), we will also calculate an estimated importer-specific *ad valorem* assessment rate based on the estimated entered value.²⁹ We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific *ad valorem* assessment rate calculated in the final results of this review is not zero or *de minimis*. Where Yueda Nails' *ad valorem* weighted-average dumping margin is zero or *de minimis*, or an importer-specific *ad valorem* assessment rate is zero or *de minimis*,³⁰ we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties. For entries that were not reported in the U.S. sales data submitted by Yueda Nails, but that entered under the case number of Yueda Nails (*i.e.*, at the individually-examined exporter's cash deposit rate), Commerce will instruct CBP to liquidate such entries at the rate for the China-wide entity.³¹

For the companies rescinded from the review, we will instruct CBP to assess antidumping duties on all appropriate entries at rates equal to the cash deposit of estimated antidumping duties

required at the time of entry, or withdrawal from warehouse, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue these rescission instructions to CBP no earlier than 35 days after the date of publication of this notice in the **Federal Register**.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for Yueda Nails, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review (except that if the *ad valorem* rate is *de minimis*, then the cash deposit rate will be zero); (2) for previously investigated or reviewed Chinese and non-Chinese exporters not listed above that received a separate rate in a prior segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity; and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless otherwise extended, we intend to issue the final results of this administrative review, which will include the results of our analysis of issues raised in the case and rebuttal briefs, within 120 days of the date of publication of this notice in the **Federal Register**, pursuant to section 751(a)(3)(A) of the Act.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the

subsequent assessment of double antidumping duties.

Notification to Interested Parties

This administrative review and notice are issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, 19 CFR 351.213, and 19 CFR 351.221(b)(4).

Dated: January 16, 2026.

Fisheries of the Gulf of America; Southeast Data, Assessment, and Review; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 98 Assessment Webinar VII for Gulf of America Red Snapper.

SUMMARY: The Southeast Data Assessment and Review (SEDAR) 98 assessment process for Gulf red snapper will consist of a Data Workshop, a series of assessment webinars, and a Review Workshop. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 98 Assessment Webinar VII will be held March 11, 2026, from 10 a.m. until 1 p.m., Eastern Time.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open

to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR (see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571-4366; email: Julie.neer@safmc.net.

SUPPLEMENTARY INFORMATION: The Gulf, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with the National Marine Fisheries Service and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the SEDAR process.

SEDAR is a participatory process for developing, evaluating and reviewing information used for fisheries management advice. This multi-step process for determining the status of fish stocks in the Southeast Region may include (1) a Data stage, and (2) an Assessment stage, and (3) a Review stage. Each stage produces a report summarizing decisions made during that stage. A final stock assessment report is produced at the end of a SEDAR process documenting data sets used, model configurations and the opinions from the independent peer review. Participants for SEDAR projects are appointed by the Gulf, South Atlantic, and Caribbean Fishery Management Councils and National Marine Fisheries Service Southeast Regional Office, Highly Migratory Species Management Division, and Southeast Fisheries Science Center. Participants may include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and non-governmental organizations; International experts; and staff of Councils, Commissions, and state and Federal agencies.

The items of discussion during the Assessment Webinar VII are as follows: Participants will review the assessment modelling work to date.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens
