

programs and other revisions to reflect the updated performance measures.

ACF provides grant recipients with a web-based performance measures system called nFORM (Information, Family Outcomes, Reporting, and Management) to improve the efficiency and quality of data collection and reporting and support grant recipient and federal monitoring and evaluation.

ACF proposes to continue the OMB-approved requirement for grant recipients to document their continuous quality improvement (CQI) planning

and implementation using a CQI plan template that is completed outside of the nFORM system. This template had been included in this information collection in the past, but for the 2025 cohort, this requirement will be covered under a separate information collection request.

**Respondents:** Respondents include HM and RF grant recipient staff and program applicants and participants.

**Annual Burden Estimates:** The burden estimates have been updated to remove the applicant characteristics

survey and CQI planning instruments and reduce required reporting, as described above, and reflect the number of grant recipients and participants that ACF expects for the 2025 cohort. Additionally, the service delivery data burden estimate has been updated to reflect the median program length rather than the average that had been previously used, which better aligns with how grant recipients will report program length.

The list of recipients that were awarded these funds was published on OCS's website here: <https://acf.gov/ocs/programs/liheap/funding-releases/reallotment-liheap-funding-release-ffy-2025>.

Pursuant to the statute cited above, these funds were reallocated on September 19, 2025, to all the FY25 LIHEAP grant recipients, except 13 states and 66 tribes, by distributing them under the formula that Congress set for FY25 funding. The three types of recipients that did not receive funds were (1) those whose allocations would have been less than \$25 (see 45 CFR 96.81(c)), (2) tribes or tribal organizations that agreed with their co-territorial states to receive set amounts for the entire fiscal year (see 42 U.S.C. 8623(d)(2)), and (3) states whose FY25 funding amounts met the state's full-year floors specified by the FY25 regular appropriations. No subrecipients of these recipients or other entities may apply for these funds.

The reallocated funds may be used for any purpose authorized under LIHEAP. Recipients must add these funds to their total LIHEAP funds payable for FY25 for purposes of calculating statutory caps on administrative costs, carryover, Assurance 16 activities, and weatherization assistance. Recipients must also: (1) ensure that these funds are included in the amounts that ACF pre-populates on Line 1.1 of their FY25 Carryover and Reallocation Reports; (2) reconcile these funds on the associated Federal Financial Report (FFR), to the extent that they received them, with all other sources that ACF categorized under an award number ending in

“LIEA”; and (3) record, on their FY25 Household Reports, households that receive benefits at least partly from these funds. State recipients must also ensure that these funds are included in the Grantee Survey sections of their FY25 LIHEAP Performance Data Forms.

OCS recommends that, after receiving them, recipients obligate these funds before obligating any other federal LIHEAP funds.
