The information that must be collected pursuant to Rule 17a–14 and Form CRS is necessary to provide broker-dealer retail customers, prospective retail customers, and the Commission with information about the relationships and services the firm offers to retail investors, fees and costs that the retail investor will pay, specific conflicts of interest and standards of conduct, legal or disciplinary history, and how to obtain additional information about the firm. The Commission uses the information to manage its regulatory and examination programs. Retail investors can use the information required in the relationship summary to determine whether to hire or retain a broker-dealer, as well as what types of accounts and services are appropriate for their needs. The information will therefore help establish a framework that protects investors and promotes efficiency, competition, and capital formation.

The aggregate annual hour burden for all respondents to comply with the information collection requirements of Rule 17a–14 and Form CRS is estimated to be approximately 7,424,299 hours per year. Under Rule 17a–14 and Form CRS, respondents will also incur cost burdens. The aggregate annual initial cost burden for all respondents is estimated to be approximately \$142,554 per year.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB Control Number.
