

The proposed sale will improve Denmark's capability to meet current and future threats by ensuring aviation forces' interoperability with U.S. and other allied forces as well as their ability to contribute to missions of mutual interest by delivering follow-on support and sustainment. By operating the AGM-114R Hellfire missiles, Denmark contributes to global readiness and enhances the capability for the U.S. forces operating globally alongside them. Denmark will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Lockheed Martin Missile and Defense, Ocala, FL. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will be defined in negotiations.

Implementation of the proposed sale will not require the assignment of U.S. Government and contractor representatives to Denmark on a temporary basis in conjunction with program technical oversight and support requirements.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 25-101

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The Hellfire missile is a precision air-to-ground missile primarily used to target a variety of threats including tanks, armored vehicles, bunkers, and even other aircraft. The AGM-114R provides a semi-active laser guidance system and a multi-purpose warhead, allowing it to effectively engage a wide range of targets, including armored vehicles, fortified positions, and soft targets.

2. The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

3. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures that might reduce system effectiveness or be used in the development of a system with similar or advanced capabilities.

4. A determination has been made that Denmark can provide substantially

the same degree of protection for the sensitive technology being released as the U.S. Government. This sale is necessary in furtherance of the U.S. foreign policy and national security objectives outlined in the Policy Justification.

5. All defense articles and services listed in this transmittal have been authorized for release and export to the Government of Denmark.

#### SUPPLEMENTARY INFORMATION:

*Title; Associated Form; and OMB Number:* USMC Dependency Statement Child Born Out of Wedlock Under Age 21, NAVMC 1750-13; OMB Control Number 0712-0010.

*Type of Request:* Extension.

*Number of Respondents:* 20.

*Responses per Respondent:* 1.

*Annual Responses:* 20.

*Average Burden per Response:* 75 minutes.

*Annual Burden Hours:* 25.

*Needs and Uses:* The United States Marine Corps (USMC) must collect information to properly adjudicate Basic Allowance for Housing (BAH) entitlements for cases where a service member claims as a dependent a child

born out of wedlock who does not reside in the service member's household. This collection uses NAVMC Form 1750/13, "USMC Dependency Statement Child Born Out of Wedlock Under Age 21," to provide a standardized method to document financial support and other case facts. To complete the collection, the service member and the child's non-service member guardian complete their respective sections of the form, which the guardian must then have notarized before submission.

The information is used by USMC Installation command representatives and the Marine and Family Programs Division (MFP-1) to make informed and legitimate dependency determinations, which is particularly critical in cases where the claim to BAH is questionable. This collection is mandated by the DoD Financial Management Regulation 7000.14-R, Vol. 7A, Ch. 26 and Marine Corps Order 1751.3. Without this collection, the USMC would lack the necessary documentation to validate dependency claims, potentially leading to incorrect BAH payments and an inability to fulfill its administrative responsibilities under DoD policy.

*Affected Public:* Individuals or households.

*Frequency:* On occasion.

*Respondent's Obligation:* Required to Obtain or Retain Benefits.

*DOD Clearance Officer:* Mr. Reginald Lucas.

Dated: January 28, 2026.
