

**Comments Encouraged**

The FAA encourages the public to submit comments to [www.regulations.gov](http://www.regulations.gov), Docket No.: FAA-2024-2531. Comments that the FAA would find helpful include validated data and reports, unique discussion topics or scenarios, and/or feedback specific to modernizing part 141. The public is encouraged to provide feedback regarding innovative ideas; methods; solutions; products; and/or services that have, or could have, a significant impact on pilot school training. We encourage you to submit comments during these public meetings or electronically to Docket No.: FAA-2024-2531. If you submit your comments electronically, it is not necessary to also submit a hard copy.

The submission of public comments is encouraged but not required for meeting participation. The FAA will consider public feedback to determine the need for future considerations to the CFR. The FAA will review comments that are post-marked, or submitted electronically, on or before the comment closing date of April 10, 2026.

**Notification of Public Meeting and Request for Comment on the Modernization of Pilot Schools**

**AGENCY:** Federal Aviation Administration (FAA), Department of Transportation (DOT).

**ACTION:** Notification of public meeting for proposed rulemaking; request for comment; withdrawal.

**SUMMARY:** The FAA is withdrawing the Notification of Public Meeting and Request for Comment on the Modernization of Pilot Schools for the meeting scheduled on February 5, 2026, that was published in the **Federal Register** on December 17, 2025.

**DATES:** The Notification of Public Meeting and Request for Comment on the Modernization of Pilot Schools published on December 17, 2025, at 90 FR 58524, is withdrawn effective February 2, 2026.

**SUPPLEMENTARY INFORMATION:****Background**

On December 17, 2025, the FAA published in the **Federal Register** a Notification of Public Meeting and Request for Comment on the Modernization of Pilot Schools, Document No. 2025-23113, Docket No. FAA-2024-2531, 90 FR 58524. The public meeting on February 5, 2026, was scheduled to be the closing public meeting, during which the industry groups would present their report.

**Reason for Withdrawal**

Industry working groups requested the FAA postpone the meeting to provide additional time to prepare their report for presentation at the closing meeting. To accommodate the industry groups' request, the FAA is withdrawing the previously published notice of the hybrid public meeting and issuing a superseding Notification of Public Meeting and Request for Comment.

**Conclusion**

The Notification of Public Meeting and Request for Comment on the Modernization of Pilot Schools, Document No. 2025-23113, Docket No. FAA-2024-2531, published at 90 FR 58524, is therefore withdrawn. **SUPPLEMENTARY INFORMATION:****Electronic Access and Filing**

This document may be viewed online through the Federal eRulemaking portal at <https://www.regulations.gov> using the docket number listed above. The website is available 24 hours each day, 365 days each year. An electronic copy of this document may also be downloaded by accessing the Office of the **Federal Register's** home page at: <https://www.federalregister.gov>.

**Background**

FTA had initiated a rulemaking titled “Statewide and Nonmetropolitan Planning; Metropolitan Transportation Planning” under Regulation Identifier Number (RIN) 2132-AB45, to update the regulations pertaining to FTA’s transportation planning requirements in 23 CFR part 450.

Consistent with President Donald J. Trump’s commitment to ending unlawful, unnecessary, and onerous regulations, FTA is reviewing its existing regulations and ongoing regulatory activities for alignment with law and Administration priorities. FTA is withdrawing this rulemaking activity because further rulemaking action does not align with agency needs, priorities, and objectives. FTA continues to consider the best means of addressing some or all the issues surrounding its transportation planning regulations, and the scope of any agency actions FTA concludes may be necessary to address these issues.

In addition, all agencies participate in the semi-annual Unified Agenda, which provides a summary description of the regulatory actions that each agency is considering or reviewing. Agencies’ agendas are posted on the public website of the Office of Information and Regulatory Affairs, and portions are published in the **Federal Register** in the spring and fall of each year. The Unified Agenda is often used as a tool to solicit interest and participation from stakeholders. Withdrawal of this rulemaking will allow FTA to better align its entries on the Department’s Unified Agenda with the agency’s needs, priorities, and objectives.

Accordingly, for these independently sufficient reasons, FTA is terminating the rulemaking associated with RIN 2132-AB45. By terminating the rulemaking, FTA is indicating that it no longer considers this rulemaking to be pending. Should FTA decide at a future date to initiate the same or similar rulemaking, FTA will issue a new NPRM under a new RIN, subject to the requirements of the Administrative Procedure Act, 5 U.S.C. 553.

Issued in Washington, DC, under authority delegated in 49 CFR 1.91(c).

**Receipt of Pesticide Petitions Filed for Residues of Pesticide Chemicals In or On Various Commodities—December 2025**

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of filing of petitions and request for comment.

**SUMMARY:** This document announces the Agency’s receipt of and solicits public comment on initial filings of pesticide petitions requesting the establishment or modification of regulations for residues of pesticide chemicals in or on various commodities. The Agency is providing this notice in accordance with the Federal Food, Drug, and Cosmetic Act (FFDCA). EPA uses the month and year in the title to identify when the Agency compiled the petitions identified in this notice of filing. Unit II. of this document identifies certain petitions received in 2024 and 2025 that are currently being evaluated by EPA, along with information about each petition, including who submitted the petition and the requested action.

**DATES:** Comments must be received on or before March 4, 2026.

**ADDRESSES:** Submit your comments, identified by docket identification (ID) number and the pesticide petition (PP) of interest identified in Unit II. of this document, online at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting and visiting the docket, along with more information about dockets generally, is available at <https://www.epa.gov/dockets>.

**SUPPLEMENTARY INFORMATION:****I. Executive Summary***A. Does this action apply to me?*

This action provides information that is directed to the public in general.

*B. What is the Agency’s authority for taking this action?*

EPA regulations for residues of pesticide chemicals in or on various food commodities are established under section 408 of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a. FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), requires EPA to publish a notice of receipt of these petitions in the **Federal Register** and provide an opportunity for public comment on the requests.

*C. What action is the Agency taking?*

As specified in FFDCA section 408(d)(3), 21 U.S.C. 346a(d)(3), EPA is publishing notice of the receipt of pesticide petitions filed under FFDCA section 408 that request the establishment or modification of regulations for residues of pesticide chemicals in or on various food commodities. The Agency is taking public comment on the requests before responding to the petitioner. Pursuant to 40 CFR 180.7(f), a summary of the petition identified in this document, prepared by the petitioner, is included in a docket. EPA has determined that the pesticide petitions described in this document contain data or information prescribed in FFDCA section 408(d)(2), 21 U.S.C. 346a(d)(2), and 40 CFR 180.7(b); however, EPA has not fully evaluated the sufficiency of the submitted data at this time or whether the data supports granting the pesticide petitions. After considering the public comments, EPA intends to evaluate whether and what action may be warranted. Additional data may be needed before EPA can make a final determination on these pesticide petitions.

Based upon review of the data supporting these petitions and in accordance with its authority under FFDCA section 408(d)(4)(A)(i), EPA may establish a final tolerance or tolerance exemption that “may vary from that sought by the petitioner.” For example, EPA may determine that it is appropriate to vary the commodity name for consistency with EPA’s Food and Feed Commodity Vocabulary, which is located here <https://www.epa.gov/pesticide-tolerances/food-and-feed-commodity-vocabulary>, or vary the tolerance level based on available data, harmonization interests,
