**SUPPLEMENTARY INFORMATION:**

**I. Background**

The Office of Workers' Compensation Programs (OWCP) is the federal agency responsible for determining entitlement to benefits under the Federal Employees' Compensation Act. These forms are reviewed to verify dependents/survivors. Benefit payments are then initiated, continued, adjusted, or terminated accordingly. Without the information requested by the forms, determinations regarding entitlement to benefits could not be made, and OWCP could not ensure that compensation was paid to the correct individuals at the correct rate. Failure to verify dependent information could result in significant overpayment, which would be very difficult to recover.

The forms included in this package are used to request information for entitlement to claim benefits under the Federal Employees' Compensation Act from federal employees/their dependents/survivors; to prove continued eligibility for benefits; to show entitlement to remaining compensation payments of a deceased employee; and to show dependency. The following Codes of Federal Regulations for this OMB apply to Claims for Compensation under the

Federal Employees' Compensation Act, as amended: 20 CFR 10.7, 10.105, 10.410, 10.413, 10.417, 10.535, 10.537. See 5 U.S.C. 8110, 8124, 8145, and 8149.
