

ASD research. Specifically, these analyses will continue to examine the extent to which current funding and research topics align with the *IACC Strategic Plan for Autism Research, Services, and Policy*. The findings will help guide future funding priorities by outlining current gaps and opportunities in ASD research as well as serving to highlight annual research activities and progress.

This revision request includes the following actions: updating all previous references to the “Office of Autism Research Coordination (OARC)” to instead refer to the “Office of National Autism Coordination (ONAC)”;

updating all previous references to the “Autism CARES Act of 2019” to instead refer to the “Autism CARES Act of 2024”, which was signed into law in December 2024 and reauthorizes the IACC through September 2029; updating all previous references to IACC Strategic Plan “Objectives” to instead refer to “Recommendations” after the publication of the 2021–2023 IACC Strategic Plan; updating descriptions of how results of the portfolio analyses will be presented and made publicly available upon request; updating the total burden hours due to an increase in the number of U.S. respondents and an

increase in the number of projects reported by these respondents; updating the annualized total cost to the federal government due to inflation and staffing changes; and, updating information collection materials and background documents to reflect the funders to be included in future autism research portfolio analyses and to allow for project funding data for two years to be provided in one spreadsheet.

OMB approval is requested for 3 years. There are no costs to respondents other than their time. The total estimated annualized burden hours are 474.

**Center for Scientific Review; Notice of Closed Meeting**

Pursuant to section 1009 of the Federal Advisory Committee Act, as amended, notice is hereby given of the following meeting.

The meeting will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and the discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

*Name of Committee:* Center for Scientific Review Special Emphasis Panel; Topics in Basic and Translational Cancer Research.

*Date:* February 17, 2026.

*Time:* 1:30 p.m. to 3:00 p.m.

*Agenda:* To review and evaluate grant applications.

*Address:* National Institutes of Health, Rockledge II, 6701 Rockledge Drive, Bethesda, MD 20892.

*Meeting Format:* Virtual Meeting.

*Contact Person:* David G. Ransom, Ph.D., Scientific Review Officer, Special Review Branch, Division of Extramural Activities, 9609 Medical Center Drive, Room 7W124, National Cancer Institute, NIH, Rockville, MD 20850, (240) 276–6351, *david.ransom@nih.gov*.

This notice is being published less than 15 days from the meeting date due to exceptional circumstances. As a result of the 43-day government shutdown, due to lapsed appropriations, the above meeting was canceled. This meeting was to assess the scientific and technical merit of NIH grant applications, required by statute to disburse NIH funds. The meeting must take place urgently so that evaluations of biomedical research applications addressing multiple major public health priorities can be submitted to the national advisory councils for timely funding recommendations.
