

Transmittal No. 25–63

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act, as amended

(i) *Prospective Purchaser:* Government of Lebanon

(ii) *Total Estimated Value:*

Major Defense Equipment *	\$ 0 million
Other	\$90.5 million
TOTAL	\$90.5 million

Funding Source: Foreign Military Financing

(iii) *Description and Quantity or Quantities of Articles or Services under Consideration for Purchase:*

Major Defense Equipment (MDE):
None

Non-Major Defense Equipment:

5-ton M1085A2 Medium Tactical Vehicles (MTVs) without winch; 2.5-ton M1078A2 MTVs without winch; spare and repair parts; publications and technical documentation; personnel training and training equipment; technical, and logistics support services; and other related elements of logistics and program support.

(iv) *Military Department:* Army (LE–B–WDA)

(v) *Prior Related Cases, if any:* LE–B–WGA

(vi) *Sales Commission, Fee, etc., Paid, Offered, or Agreed to be Paid:* None known at this time

(vii) *Sensitivity of Technology Contained in the Defense Article or Defense Services Proposed to be Sold:* None

(viii) *Date Report Delivered to Congress:* December 5, 2025

* as defined in Section 47(6) of the Arms Export Control Act.

POLICY JUSTIFICATION

Lebanon—M1085A2 and M1078A2 Medium Tactical Vehicles

The Government of Lebanon has requested to buy 5-ton M1085A2 Medium Tactical Vehicles (MTVs) without winch; 2.5-ton M1078A2 MTVs without winch; spare and repair parts; publications and technical documentation; personnel training and training equipment; technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$90.5 million.

This proposed sale will support the foreign policy and national security of the United States (U.S.) by improving the security of a partner country that continues to be an important force for political stability and economic progress in the Middle East.

The proposed sale will improve Lebanon's capability to meet current and future threats by enabling Lebanese Armed Forces to rapidly engage and defeat perimeter security threats and readily employ counter and anti-terrorism measures. A highly mobile and medium tactical vehicle capability will enable additional military-to-military tactics and operational training between the U.S. and Lebanon. Lebanon will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

The principal contractor will be Oshkosh Defense, located in Oshkosh, WI. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any offset agreement will

be defined in negotiations between the purchaser and the contractor.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government or contractor representatives to Lebanon.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

The Honorable Mike Johnson
Speaker of the House
U.S. House of Representatives
H-209, The Capitol
Washington, DC 20515

Dear Mr. Speaker:

Pursuant to the reporting requirements of Section 36(b)(5)(C) of the Arms Export Control Act (AECA), as amended, we are forwarding Transmittal No. 25-1Q. This notification relates to enhancements or upgrades from the level of sensitivity of technology or capability described in the Section 36(b)(1) AECA certification 18-40 of October 19, 2018.

Sincerely,

Michael F. Miller
Director

Enclosure:
1. Transmittal

BILLING CODE 6001-FR-C

Transmittal No. 25-1Q

**REPORT OF ENHANCEMENT OR
UPGRADE OF SENSITIVITY OF
TECHNOLOGY OR CAPABILITY (SEC.
36(B)(5)(C), AECA)**

(i) *Prospective Purchaser:* Government of the United Kingdom

(ii) *Sec. 36(b)(1), AECA Transmittal No.:* 18-40

Date: October 19, 2018

Implementing Agency: Army

(iii) *Description:* On October 19, 2018, Congress was notified by congressional certification transmittal number 18-40 of the possible sale, under Section 36(b)(1) of the Arms Export Control Act, of sixteen (16) H-47 Chinook (Extended Range) helicopters; thirty-six (36) T-55-GA-714A engines (32 installed, 4 spares); forty-eight (48) embedded GPS inertial navigation units (32 installed,

16 spares); twenty (20) common missile warning systems (16 installed, 4 spares); twenty-two (22) radio-frequency countermeasures (16 installed, 6 spares); nineteen (19) multi-mode radars (16 installed, 3 spares); nineteen (19) electrooptical sensor systems (16 installed, 3 spares); forty (40) M-134D-T miniguns, plus mounts and tools (32 installed, 8 spares); and forty (40) M240H machine guns, plus mounts and tools (32 installed, 8 spares). The following non-Major Defense Equipment (MDE) items were also included: communications equipment; navigation equipment; aircraft survivability equipment; initial training equipment and services; synthetic training equipment; support package including spares and repair parts; special tools and test equipment; aviation ground support equipment; safety and air worthiness certification; technical

support; maintenance support; technical and aircrew publications; mission planning system equipment and support; project management and governance; United States (U.S.) Government and contractor engineering and logistics support services; and other related elements of logistics and program support. The estimated total program cost was \$3.5 billion. MDE constituted \$1.655 billion of this total.

On March 12, 2024, Congress was notified by congressional certification transmittal number 24-0B, under Section 36(b)(5)(C) of the Arms Export Control Act, of the inclusion of the following MDE items: seventeen (17) Common Infrared Countermeasure (CIRCM) Systems; seventeen (17) Limited Missile Warning Receiver Systems (LIMWS); and seventeen (17) Degraded Visual Environment Pilotage Systems (DVEPS). The following non-

MDE item was also included: Man-Portable Night Vision Devices. The estimated total value of these new items was \$162 million, but this addition did not cause an increase in the total case value. The estimated total case value remained at \$3.5 billion. MDE remained at \$1.655 billion of this total.

This transmittal notifies the inclusion of the following additional MDE items: five (5) DVEPS. The estimated total value of the new items is \$3.06 million and does not result in a net increase in the total case value. The estimated total case value remains at \$3.5 billion. MDE continues to constitute \$1.655 billion of this total.

(iv) *Significance*: The proposed sale will enhance the United Kingdom's capabilities to provide national defense and contribute to NATO and coalition operations.

(v) *Justification*: This proposed sale will support the foreign policy and national security objectives of the U.S. by improving the security of a key NATO Ally that is an important force for political stability and economic progress in Europe.

(vi) *Sensitivity of Technology*:

DVEPS provides overmatch by providing increased situational awareness to the aircrew in degraded visual environment (DVE) conditions,

such as brownout, allowing special operations aviation assets to execute missions in nearly any environmental condition. DVEPS utilizes using three-dimensional (3D) imaging technology. DVEPS produces imagery, 3D conformal symbology, and system alerts to aid pilots in maintaining spatial awareness during and after transition from visual meteorological conditions (VMC) to DVE conditions. DVEPS includes a synthetic vision avionics backbone (SVAB), light detection and ranging (LiDAR) system, removable storage device, infrared camera, power distribution unit, and inertial measurement unit.

The Sensitivity of Technology Statement contained in the original notification applies to additional items mentioned.

The highest level of classification of defense articles, components, and services included in this potential sale is SECRET.

(vii) *Date Report Delivered to Congress*: December 31, 2025
