Product Cancellation Order for Certain Pesticide Registrations (From July 31, 2025, Notice)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA's order for the cancellations, voluntarily

requested by the registrants and accepted by the Agency, of the products listed in Table 1 & Table 1A of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows a July 31, 2025, **Federal Register** Notice of Receipt of Requests from the registrant listed in Table 2 of Unit II, to voluntarily cancel these product registrations. In the July 31, 2025, notice, EPA indicated that it would issue an order implementing the cancellations, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrant withdrew their requests. The registrant of 70060–12, 70060–13 & 70060–32 withdrew their requests; therefore, they have been removed from this notice. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations are effective February 10, 2026.

III. Summary of Public Comments Received and Agency Response to Comments

During the public comment period provided, EPA received two comments in response to the July 31, 2025, **Federal Register** notice announcing the Agency's receipt of the requests for voluntary cancellations of the products listed in Table 1 & Table 1A of Unit II, including one that agreed with the cancellations and the second comment requesting EPA to consider the effect of the requested cancellations on agricultural and public health users. The Agency's response is as follows. As required by FIFRA Section 6(f), the Agency evaluates the potential impacts of all voluntary requests to cancel pesticide products and uses, and may modify or reconsider the cancellation as appropriate. Additionally, this order and all similar FIFRA Section 6(f) cancellation orders include provisions clearly specifying allowable sale, distribution, and use of cancelled products.

IV. Cancellation Order

Pursuant to FIFRA section 6(f) (7 U.S.C. 136d(f)), EPA hereby approves the requested cancellations of the registrations identified in Table 1 & Table 1A of Unit II. Accordingly, the Agency hereby orders that the product registrations identified in Table 1 & Table 1A of Unit II, are canceled. The effective date of the cancellations that are the subject of this notice is February 10, 2026. Any distribution, sale, or use of existing stocks of the products identified in Table 1 & Table 1A of Unit II, in a manner inconsistent with any of the provisions for disposition of existing stocks set forth in Unit VI, will be a violation of FIFRA.

V. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the

Federal Register. Thereafter, following the public comment period, the EPA Administrator may approve such a request. The notice of receipt for this action was published for comment in the **Federal Register** of July 31, 2025, (90 FR 36046) (FRL–12881–01). The comment period closed on September 02, 2025.

VI. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products which are currently in the United States, and which were packaged, labeled, and released for shipment prior to the effective date of the cancellation action. The existing stocks provisions for the products subject to this order are as follows.

The registrant may continue to sell and distribute existing stocks of the products listed in Table 1 of Unit II, until February 10, 2027, which is 1 year after the publication of the Cancellation Order in the **Federal Register**. Thereafter, the registrant is prohibited from selling or distributing the products listed in Table 1 of Unit II, except for export in accordance with FIFRA

section 17 (7 U.S.C. 136o), or proper disposal.

For the products listed in Table 1A, the registrants have requested 18-months to sell existing stocks of those products. The registrants may continue to sell and distribute existing stocks of the products listed in Table 1A of Unit II, until August 10, 2027, a period of 18 months after publication of the cancellation order in the **Federal Register**. Thereafter, the registrants are prohibited from selling or distributing the products listed in Table 1A of Unit II, except for export in accordance with FIFRA section 17 (7 U.S.C. 136o), or proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of products listed in Table 1 & Table 1A of Unit II, until existing stocks are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Cancellation Order for Certain Pesticide Registrations and/or Amendments To Terminate Uses (From August 11, 2025, Notice)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces EPA’s order for the cancellations and/or amendments to terminate uses, voluntarily requested by the registrants and accepted by the Agency, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). This cancellation order follows an August 11, 2025, **Federal Register** Notice of Receipt of Requests from the registrants listed in Table 3 of Unit II, to voluntarily cancel and/or amend to terminate uses of these product registrations. In the August 11, 2025, notice, EPA indicated that it would issue an order implementing the cancellations and/or amendments to terminate uses, unless the Agency received substantive comments within the 30-day comment period that would merit its further review of these requests, or unless the registrants withdrew their requests. The Agency received one anonymous comment on the notice. Further, the registrants did not withdraw their requests. The registrations 279-9546, 94396-15 and 94396-25 were already cancelled on a separate notice; therefore, they have been excluded from this notice. Accordingly, EPA hereby issues in this notice a cancellation order granting the requested cancellations and/or amendments to terminate uses. Any distribution, sale, or use of the products subject to this cancellation order is permitted only in accordance with the terms of this order, including any existing stocks provisions.

DATES: The cancellations and/or amendments are effective February 10, 2026.
