

meet all reporting requirements as identified in the grant guidance of FEMA's portfolio of preparedness grants sponsored by FEMA's Grant Programs Directorate (GPD). The information enables FEMA to evaluate applications and make award decisions, monitor ongoing performance, and manage the flow of Federal funds, and to appropriately close out grants. GRT supports the information collection needs of each grant program processed in the system.

Affected Public: State, Local or Tribal Government.

Estimated Number of Respondents: 81.

Estimated Number of Responses: 162.

Estimated Total Annual Burden Hours: 2,471.

Estimated Total Annual Respondent Cost: \$130,741.

Estimated Respondents' Operation and Maintenance Costs: \$0.

Estimated Respondents' Capital and Start-Up Costs: \$0.

Estimated Total Annual Cost to the Federal Government: \$1,281,820.

Comments

Comments may be submitted as indicated in the **ADDRESSES** caption above. Comments are solicited to (a) evaluate whether the proposed data collection is necessary for the proper performance of the Agency, including whether the information shall have practical utility; (b) evaluate the accuracy of the Agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (c) enhance the quality, utility, and clarity of the information to be collected; and (d) minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Nigel S. Allicock,

Records Management Branch Chief, Office of the Chief Administrative Officer, Mission Support, Federal Emergency Management Agency, Department of Homeland Security.

Federal Emergency Management Agency

[Docket ID FEMA-2025-0080]

State of Michigan Radiological Emergency Preparedness Plan

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: Notice of State plan approval.

SUMMARY: The Federal Emergency Management Agency (FEMA) is announcing the approval of radiological emergency response plans submitted by the State of Michigan. The approved plans support Holtec International's Palisades Nuclear Generating Station located in Van Buren County, Michigan.

DATES: The radiological emergency response plans were approved on September 25, 2025.

FOR FURTHER INFORMATION CONTACT: Michael Chesney, Acting Regional Administrator, FEMA Region 5, 536 S. Clark Street, 6th Floor, Chicago, IL 60605. Phone: 312-408-5501; email: FEMA-publiccomment-Palisades@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: In support of the Federal requirement for radiological emergency response plans, FEMA's regulations at 44 CFR part 350 describe the agency's procedures for review and approval of State and local governments' radiological emergency response plans. The FEMA Region 5 office received an application from the State of Michigan on May 30, 2025. The application included a state plan and plans for local governments which are wholly or partially within the plume exposure pathway emergency planning zones of the nuclear plant. For the Palisades Nuclear Generating Station, plans are included for Allegan, Berrien, and Van Buren counties.

The requirements of 44 CFR part 350 have been met for the State's application. A joint exercise was conducted on July 29, 2025. A public meeting was held on August 5, 2025. Following evaluation of the State plans by the Regional Administrator for FEMA Region 5, the Acting Deputy Assistant Administrator for the National Preparedness Directorate has determined that the State plans and preparedness are adequate to protect the health and safety of the public living in the vicinity of the nuclear power facility by providing reasonable assurance that appropriate protective measures can be taken offsite in the event of a

radiological emergency; and are capable of being implemented. Accordingly, the Acting Deputy Assistant Administrator for the National Preparedness Directorate has approved the State plans.

Authority: The Robert T. Stafford Disaster Relief and Emergency Assistance Act, as amended, 42 U.S.C. 5121 *et seq.*; 6 U.S.C. 101 *et seq.*; and 44 CFR part 350.

Joel A. Doolin

Acting Assistant Administrator, National Preparedness Directorate, Federal Emergency Management Agency.

Transportation Security Administration

Revision of Agency Information Collection Activity Under OMB Review: Law Enforcement Officers (LEOs) Flying Armed

AGENCY: Transportation Security Administration, DHS.

ACTION: 30-Day notice.

SUMMARY: This notice announces that the Transportation Security Administration (TSA) has forwarded the Information Collection Request (ICR), Office of Management and Budget (OMB) control number 1652-0072, abstracted below, to OMB for review and approval of a revision of the currently approved collection under the Paperwork Reduction Act (PRA). The ICR describes the nature of the information collection and its expected burden. The collection involves gathering information from federal, state, local, tribal, or territorial armed law enforcement officers (LEOs) who require specialized screening at the TSA checkpoint.

DATES: Send your comments by March 13, 2026. A comment to OMB is most effective if OMB receives it within 30 days of publication.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" and by using the find function.

FOR FURTHER INFORMATION CONTACT: Christina A. Walsh, TSA PRA Officer, Information Technology, TSA-11, Transportation Security Administration,
