#### Agency Information Collection Activities: Submission for OMB Review, Comment Request; FEMA Reasonable Accommodation Medical Request Form

**AGENCY:** Federal Emergency Management Agency, Department of Homeland Security.

**ACTION:** 30-Day Notice of New Collection and Request for Comments.

**SUMMARY:** The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget (OMB) for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. FEMA invites the general public to take this opportunity to comment on an existing information collection in use without an OMB control number. In accordance with the requirements of the Paperwork Reduction Act of 1995, this notice seeks comments concerning FEMA's new instrument to collect information to make informed reasonable accommodation decisions.

**DATES:** Comments must be submitted on or before March 12, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

**FOR FURTHER INFORMATION CONTACT:** Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address [FEMA-Information-Collections-](mailto:FEMA-Information-Collections-)

Management@fema.dhs.gov or Mr. Michael Butkovich, Senior Director, Office of the Chief Administrative Officer, Integration and Coordination Division, (202) 919-1589 or Michael.Butkovich@fema.dhs.gov.

**SUPPLEMENTARY INFORMATION:** FEMA is making a submission to OMB for this collection of information requesting medical documentation from a licensed health care provider about the functional limitations, duration, and need for a reasonable accommodation that support an employee or applicant's request for reasonable accommodation in accordance with the Rehabilitation Act of 1973, 29 CFR part 1614, and Executive Order 13163 on Increasing the Opportunity for Individuals With Disabilities To Be Employed in the Federal Government.

Consistent with the law, FEMA managers have a right to request medical documentation when a disability or need for accommodation is not known or obvious. The intended respondents include primarily employees and their respective licensed health care providers but may also include applicants for FEMA employment. Generally, two individuals will complete each form, the requestor and the licensed medical professional. An estimated 2,000 individuals will be requested to fill out this form annually, and an estimated 232 will respond to the collection of information.

FEMA managers will use the information gathered to inform decisions about whether to grant an accommodation and determine together with the employee in an interactive process what accommodations would most appropriately address the requestor's functional limitations. The medical data on this form will be considered confidential and will only be distributed to those in the organization with a need to know. The data will be saved in an approved system of records (authorized by the Department of Homeland Security), which will require an additional recordkeeping burden of approximately two (2) hours per form (including analyzing the form and saving the form in the approved recordkeeping system).

This proposed information collection previously published in the **Federal Register** on August 15, 2025, at 90 FR 39411 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to OMB for review and clearance.
