

available as indicated under **ADDRESSES** and from the individual listed under the **FOR FURTHER INFORMATION CONTACT** section of this notice. We are particularly interested in receiving comments regarding biological or ecological issues, and we encourage the submission of scientific data, studies, or research to support your comments.

After the comment period closes, APHIS will review and evaluate any information received during the comment period and any other relevant information. Based upon available information, APHIS will respond to the petitioner either approving or denying the petition. APHIS will post its regulatory determination on its website and publish a notice of availability in the **Federal Register**.

Authority: 7 U.S.C. 7701–7772 and 7781–7786; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.3.

Done in Washington, DC, this 9th day of February 2026.

Kelly Moore,

Acting Administrator, Animal and Plant Health Inspection Service.

Animal and Plant Health Inspection Service

[Docket No. APHIS–2026–0034]

Request for Revision to and Extension of Approval of an Information Collection; Importation of Gypsy Moth Host Materials From Canada

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Revision to and extension of approval of an information collection; comment request.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, this notice announces the Animal and Plant Health Inspection Service's intention to request a revision to and extension of approval of an information collection associated with the regulations to prevent the introduction of gypsy moth from Canada into noninfested areas of the United States.

DATES: We will consider all comments that we receive on or before April 13, 2026.

ADDRESSES: You may submit comments by either of the following methods:

- *Federal eRulemaking Portal:* Go to <http://www.regulations.gov>. Enter APHIS–2026–0034 in the Search field. Select the Documents tab, then select

the Comment button in the list of documents.

- *Postal Mail/Commercial Delivery:* Send your comment to Docket No. APHIS–2026–0034, Regulatory Analysis and Development, PPD, APHIS, 5601 Sunnyside Ave., #AP760, Beltsville, MD 20705.

Supporting documents and any comments we receive on this docket may be viewed at <http://www.regulations.gov> or in our reading room, which is in Room 1620 of the USDA South Building, 14th Street and Independence Avenue SW, Washington, DC. Normal reading room hours are 8 a.m. to 4:30 p.m., Monday through Friday, except holidays. To be sure someone is there to help you, please call (202) 799–7039 before coming.

FOR FURTHER INFORMATION CONTACT: For information on the regulations for the importation of gypsy moth host material from Canada, contact Ms. Lydia Colón, Senior Regulatory Policy Specialist, PPQ, APHIS, 1400 Independence Ave. SW, Washington, DC 20250; (301) 851–2302. For more information on the information collection reporting process, contact Ms. Sheniqua Harris, APHIS' Paperwork Reduction Act Coordinator, at (301) 851–2528 or email APHIS.PRA@usda.gov.

SUPPLEMENTARY INFORMATION:

Title: Importation of Gypsy Moth Host Materials From Canada.

OMB Control Number: 0579–0142.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to prohibit or restrict the importation, entry, exportation, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. This authority has been delegated to the Animal and Plant Health Inspection Service (APHIS), which administers regulations to implement the PPA. Regulations governing the importation of gypsy moth host material into the United States from Canada are contained in 7 CFR 319.77–1 through 319.77–5.

The regulations are intended to prevent the introduction of gypsy moth into noninfested areas of the United States by placing certain inspection and documentation requirements on gypsy moth host material (*i.e.*, regulated articles) imported from Canada. Under the regulations, depending on the place of origin of the regulated articles and their destination in the United States,

certain information collection activities are required such as a phytosanitary certificate, certificate of origin, written statement, compliance agreement, and emergency action notification.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years. APHIS has amended this information collection by increasing the number of Respondents. In addition, APHIS has removed the following activities from this information collection:

- Compliance Agreement (PPQ Form 519) (moved to a new common form information collection).

- Emergency Action Notification (PPQ Form 523) (moved to a new common form information collection).

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

- (1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

- (2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

- (3) Enhance the quality, utility, and clarity of the information to be collected; and

- (4) Minimize the burden on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; *e.g.*, permitting electronic submission of responses.

Estimate of burden: The public burden for this collection of information is estimated to average 0.419 hours per response.

Respondents: Canadian plant health authorities; growers, exporters, or shippers of Christmas trees, shrubs, logs, pulpwood, and other articles from gypsy moth-infested provinces in Canada; and private individuals entering the United States with mobile homes or outdoor household articles.

Estimated annual number of respondents: 3,343.

Estimated annual number of responses per respondent: 5.

Estimated annual number of responses: 17,945.

Estimated total annual burden on respondents: 7,524 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 5th day of February 2026.

Kelly Moore,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 3410-34-P

DEPARTMENT OF AGRICULTURE

Commodity Credit Corporation

Domestic Sugar Program—FY 2026 Reassignment of Cane Sugar and Beet Sugar Marketing Allotments and Processor Allocations

AGENCY: Commodity Credit Corporation, U.S. Department of Agriculture.

ACTION: Notice.

SUMMARY: The United States Department of Agriculture (USDA) is issuing this notice to: (1) revise fiscal year (FY) 2026 (crop year 2025) State cane sugar allotments and allocations to sugarcane processors; and (2) revise the FY 2026 (crop year 2025) beet sugar allocations. Actions (1) and (2) apply to all domestic cane and beet sugar marketed for human consumption in the United States from October 1, 2025, through September 30, 2026.

FOR FURTHER INFORMATION CONTACT: Carlann Unger; telephone: (773) 573-5163; or email, *Carlann.Unger@usda.gov*. Individuals with disabilities who require alternative means for communication should contact the USDA Target Center at (202) 720-2600 (voice and text telephone (TTY mode)) or dial 711 for Telecommunications Relay service (both voice and text telephone users can initiate this call from any telephone).

SUPPLEMENTARY INFORMATION:

FY 2026 Cane Reassignment

In accordance with section 359e of the Agricultural Adjustment Act of 1938 (7 U.S.C. 1359ee), after evaluating each sugarcane State and sugarcane processor’s ability to market its full allotment and allocation, USDA is transferring 315,464 short tons, raw value of Florida FY 2026 allotment to Louisiana, which results in the transfer of allocations from Florida sugarcane processors with surplus allocation to Louisiana sugarcane processors with deficit allocation, as shown in the table below.

FY 2026 Beet Reassignment

In addition, after evaluating each beet sugar processor’s ability to market its full allocation, USDA is transferring allocations from beet sugar processors with surplus allocation to beet sugar processors with deficit allocation, also shown in the table below.

TABLE 1—FY 2026 REVISED BEET AND CANE ALLOTMENTS AND ALLOCATIONS
[Short tons, raw value]
