RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement

Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensure that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. Title and purpose of information collection: Evidence of Marital Relationship—Living with Requirements; OMB 3220-0021.

Under Sections 2(c) or 2(d) (45 U.S.C. 231a) of the Railroad Retirement Act, an applicant must submit proof of a valid marriage to a railroad employee. In some cases, the existence of a marital relationship is not formalized by a civil or religious ceremony. In other cases, questions may arise about the legal termination of a prior marriage of the employee, spouse, or widow(er). In these instances, the RRB must secure additional information to resolve questionable marital relationships. The circumstances requiring an applicant to submit documentary evidence of marriage are prescribed in 20 CFR 219.30.

The RRB utilizes Forms G-124, Individual Statement of Marital Relationship; G-124a, *Certification of Marriage Information*; G-237, *Statement Regarding Marital Status*; G-238, *Statement of Residence*; and G-238a, *Statement Regarding Divorce or Annulment*, to secure the needed information. Forms G-124, G-237, G-238, and G-238a can be completed either with assistance from RRB personnel during an in-office interview or by mail. One response is requested of each respondent. Completion is required to obtain benefits.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (90 FR 58638 on December 17, 2025) required by 44 U.S.C 3506(c)(2). That request elicited no comments.

Type of request: Revision of a currently approved collection.

Affected public: Individuals or Households; Business or other for Profit.

Abstract: Under the RRA, to obtain a benefit as a spouse of an employee annuitant or as the widow(er) of the deceased employee, an applicant must submit information to be used to determine if the marriage requirements for such benefits have been met. The collection obtains information supporting claimed common-law marriage, termination of previous marriages, and residency requirements.

Changes proposed: The RRB proposes no changes to Forms G-124, G-124a, G-237, G-238 and G-238a.

The burden estimate for the ICR is as follows:

Form No.	Annual responses	Time (minutes)	Burden (hours)

2. Title and purpose of information collection: Employer Service and Compensation Reports; OMB 3220-0070.

Section 2(c) of the Railroad Unemployment Insurance Act (RUIA) (45 U.S.C. 352) specifies the maximum normal unemployment and sickness

benefits that may be paid in a benefit year. Section 2(c) further provides for extended benefits for certain employees and for beginning a benefit year early for

other employees. The conditions for these actions are prescribed in 20 CFR 302.

All information about creditable railroad service and compensation needed by the RRB to administer Section 2(c) is not always available from annual reports filed by railroad employers with the RRB (OMB 3220–0008). When this occurs, the RRB must obtain supplemental information about service and compensation.

The RRB utilizes Form UI–41, *Supplemental Report of Service and Compensation*, and Form UI–41a, *Supplemental Report of Compensation*, to obtain the additional information about service and compensation from railroad employers. Completion of the forms is mandatory. One response is required of each respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (90 FR 58638 on December 17, 2025) required by 44 U.S.C 3506(c)(2). That request elicited no comments.

- *Changed last sentence in the Paperwork Reduction Act Notice to “If you wish, send comments regarding the accuracy of our estimate or any other aspect of this form, including suggestions for reducing completion time, to: Railroad Retirement Board, ATTN: Bureau of Information Services/ Policy & Compliance, 844 N. 3. Title and purpose of information collection: Customer Satisfaction Monitoring; OMB 3220–0192. In accordance with Executive Order 12862, the Railroad Retirement Board (RRB) conducts a number of customer surveys designed to determine the kinds and quality of services our beneficiaries, claimants, employers and members of the public want and expect, as well as their satisfaction with existing RRB services. The information collected is used by RRB management to monitor customer satisfaction by determining to what extent services are satisfactory and where and to what extent services can be improved. The surveys are limited to data collections that solicit strictly voluntary opinions, and do not collect information which is required or regulated. The information collection,

which was first approved by the Office of Management and Budget (OMB) in 1997, provides the RRB with a generic clearance authority. This generic authority allows the RRB to submit a variety of new or revised customer survey instruments (needed to timely implement customer monitoring activities) to the Office of Management and Budget (OMB) for expedited review and approval.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (90 FR 58639 on December 17, 2025) required by 44 U.S.C 3506(c)(2). That request elicited no comments.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-104804; File No. SR-NYSETEX-2026-02]

Self-Regulatory Organizations; NYSE Texas, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Fee Schedule of NYSE Texas, Inc.

February 10, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² notice is hereby given that on January 30, 2026, the NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Fee Schedule of NYSE Texas, Inc. (“Fee Schedule”) to conform with an amendment to Rule 610 of Regulation

NMS recently approved by the Securities and Exchange Commission (“SEC” or the “Commission”).³ The proposed rule change is available on the Exchange’s website at www.nyse.com, and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedule to conform with an amendment to Rule 610 of Regulation NMS (“Reg NMS”) recently approved by the Commission. The Exchange proposes to implement the fee change effective February 2, 2026.

In 2022, the Commission proposed to amend certain rules under Reg NMS after taking into account the availability of “[n]ew data processing and communications techniques [that] create the opportunity for more efficient and effective market operations”⁴ and that is in the public interest, appropriate for investor protection and the maintenance of fair and orderly markets to assure “economically efficient execution of securities transactions,” “fair competition among brokers and dealers, among exchange markets,” and “the practicality of brokers executing investors’ orders in the best market.”⁵ These changes included an amendment to Rule 610 of Reg NMS that prohibits a national securities exchange from imposing, or permitting to be imposed,

any fee, or providing, or permitting to be provided, any rebate or other remuneration for the execution of an order in an NMS stock unless such fee, rebate, or other remuneration can be determined at the time of execution.⁶ As amended, Rule 610 of Reg NMS provides that any national securities exchange that imposes a fee or provides a rebate that is based on a certain volume threshold, or establishes tier requirements or tiered rates based on minimum volume thresholds, would be required to set such volume thresholds or tiers using volume achieved during a stated period prior to the assessment of the fee or rebate.

These amendments to Rule 610 of Reg NMS were to become effective on November 3, 2025, the first business day of November 2025. On October 31, 2025, the Commission provided temporary exemptive relief to the exchanges to adjust their fee schedules to comply with the requirements of Rule 610 that exchange fees be determinable at the time of execution until the first business day of February 2026.⁷

In anticipation of the upcoming compliance date and to conform to Rule 610 of Reg NMS, the Exchange proposes to amend its Fee Schedule to add a bullet on the Fee Schedule below the heading titled “FEES, ASSESSMENTS, CREDITS AND REBATES” that would provide the following rule text:

- Unless noted otherwise, all tier calculations to determine transaction fees and credits in a billing month are based on the Participant’s trading activity in the prior billing month.

As noted above, the changes proposed herein are intended to conform to Rule 610 of Reg NMS to enable market participants to determine what fee or rebate level would be applicable to any submitted order at the time of execution. The Exchange does not propose any other changes to the Fee Schedule.
