## **NUCLEAR REGULATORY COMMISSION**

[Docket No. 72–20; NRC–2025–0841]

### **U.S. Department of Energy Idaho Operations Office; Three Mile Island Unit 2 Independent Spent Fuel Storage Installation; License Amendment Application**

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice of docketing.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) has received and docketed a license amendment application from the U.S. Department of Energy Idaho Operations Office (DOE or the licensee) for amendment of Special Nuclear Materials (SNM) License No. SNM–2508, for the Three Mile Island Unit 2 (TMI–2), reactor core in the TMI–2 independent spent fuel storage installation (ISFSI). The TMI–2 ISFSI is located at the Idaho National Laboratory within the perimeter of the Idaho Nuclear Technology and Engineering Center site in Scoville, Butte County, Idaho. The requested amendment would revise certain license conditions and technical specifications (TS) by changing the description of the DOE official who is responsible for the operation and nuclear safety of the TMI–2 ISFSI and for ensuring its compliance with NRC requirements, changing reference to a regulation and removing outdated language, adjusting references to relevant organizational components of DOE, and otherwise making clerical changes. The NRC will process the application in accordance with NRC regulations, as further explained in the supplementary information section of this notice.

**DATES:** February 19, 2026.

**ADDRESSES:** Please refer to Docket ID NRC–2025–0841 when contacting the NRC about the availability of

information regarding this document.

You may obtain publicly available information related to this document using any of the following methods:

- *Federal Rulemaking Website:* Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–0841. Address questions about Docket IDs in *Regulations.gov* to Bridget Curran; telephone: 301–415–1003; email: [Bridget.Curran@nrc.gov](mailto:Bridget.Curran@nrc.gov). For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC’s Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select “Begin ADAMS Public Search.” For problems with ADAMS, please contact the NRC’s Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to [PDR.Resource@nrc.gov](mailto:PDR.Resource@nrc.gov). For the convenience of the reader, instructions about obtaining materials referenced in this document are provided in the “Availability of Documents” section.

- *NRC’s PDR:* The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to [PDR.Resource@nrc.gov](mailto:PDR.Resource@nrc.gov) or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

**FOR FURTHER INFORMATION CONTACT:** Kristina Banovac, Office of Nuclear Material Safety and Safeguards, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–7116; email: [Kristina.Banovac@nrc.gov](mailto:Kristina.Banovac@nrc.gov).

#### **SUPPLEMENTARY INFORMATION:**

##### **I. Introduction**

By letter dated November 21, 2024, DOE submitted to the NRC an application to amend the license and TS, for the TMI–2 ISFSI, located in Scoville, Butte County, Idaho. Special Nuclear Materials License No. SNM–2508 authorizes the licensee to receive, possess, store, and transfer canisters containing core debris and damaged

spent nuclear fuel from the TMI–2 reactor, in addition to other authorized uses. The proposed amendment would revise the license and TS so that they explicitly designate the Manager for the Idaho Cleanup Project (ICP) as the DOE official who is responsible for the operation and nuclear safety of the TMI–2 ISFSI and for ensuring its compliance with NRC license conditions and regulatory requirements. Additionally, the proposed amendment would include an editorial change to TS 5.5.1.b regarding section 72.48 of title 10 of the *Code of Federal Regulations* (10 CFR) and remove outdated language. The changes requested further include title changes to refer to DOE ICP instead of DOE Idaho Operations Office (DOE–ID), and clerical changes throughout the document such as changes to spacing.

In an email to DOE dated January 8, 2026, the NRC notified DOE that the application was acceptable to begin a detailed review. The NRC’s Office of Nuclear Materials Safety and Safeguards has docketed this application under Docket No. 72–20, and the NRC is issuing this notice of docketing as authorized and required by 10 CFR 72.16(e). The NRC will approve the license amendment if it finds that the application complies with the standards and requirements of the Atomic Energy Act of 1954, as amended, and the NRC’s regulations, and the NRC will make findings consistent with the National Environmental Policy Act and 10 CFR part 51. These findings will be documented in a safety evaluation report. The NRC may issue either a notice of hearing or a notice of proposed action and opportunity for hearing in accordance with 10 CFR 72.46(b)(1) or, if a determination is made that the amendment does not present a genuine issue as to whether the health and safety of the public will be significantly affected, take immediate action on the amendment in accordance with 10 CFR 72.46(b)(2) and then promptly provide notice of the action taken and an opportunity for interested persons to request a hearing on whether the action should be rescinded or modified.

##### **II. Availability of Documents**

The documents identified in this notice are available to interested persons through ADAMS.

Document description	ADAMS accession No.
DOE Letter—License Amendment Request to Update the Licensee Designation of Authority Title for the Three Mile Island, Unit 2, Independent Spent Fuel Storage Installation, Docket 72–20, Materials License No. SNM–2508 (CLN240550), dated November 21, 2024.	ML24326A350 (Package).

Document description	ADAMS accession No.
NRC Email—Acceptance of Department of Energy, Idaho Cleanup Project License Amendment Request to Update the Licensee Designation of Authority Title for the Three Mile Island Unit 2 Independent Spent Fuel Storage Installation, dated January 8, 2026.	ML26008A286.

Dated: February 13, 2026.

For the Nuclear Regulatory Commission.

## POSTAL SERVICE

### Privacy Act of 1974; System of Records

**AGENCY:** Postal Service.

**ACTION:** Notice of new systems of records.

**SUMMARY:** The United States Postal Service® (USPS®) is proposing to create a new General Privacy Act System of Records (SOR) to support an initiative that will enhance the mental health, resilience, and operational performance of personnel within the U.S. Postal Inspection Service (USPIS) by implementing a structured Peer Support Program.

**DATES:** These revisions will become effective without further notice on March 23, 2026, unless comments received before that date result in a contrary determination.

**ADDRESSES:** Comments may be submitted via email to the Privacy and Records Management Office, United States Postal Service Headquarters at [USPSPrivacyFedRegNotice@usps.gov](mailto:USPSPrivacyFedRegNotice@usps.gov). To facilitate public inspection, arrangements to view copies of any written comments received will be made upon request.

**FOR FURTHER INFORMATION CONTACT:** Janine Castorina, Chief Privacy and Records Management Officer, Privacy and Records Management Office, 202-268-2000 or [USPSPrivacyFedRegNotice@usps.gov](mailto:USPSPrivacyFedRegNotice@usps.gov).

**SUPPLEMENTARY INFORMATION:** This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service has determined that the creation of a new USPS Privacy system of records is necessary.

USPIS personnel operate in demanding and stressful

environments—investigating crimes, managing threats, and encountering traumatic events. Although the USPS Employee Assistance Program (EAPs) provides professional resources, a more specialized level of support is needed due to the unique challenges faced by law enforcement personnel, inherent stigma, lack of trust, and limited law enforcement cultural competency. The USPIS Peer Support Program will address these gaps by offering informal, confidential, and relatable support from trained colleagues who understand the unique pressures of the job.

### I. Background

As a third-party application the USPIS Peer Support Program will provide an opportunity for law enforcement officers and professional staff who feel a need to communicate their feelings about their jobs, their home life, or a combination of the two in a secure and trusted environment that protects confidentiality. Eligible USPIS personnel may voluntarily participate in the peer support program with other officers that are trained to assist. The peer support program is appropriately structured and uses volunteer peer counselors that are formally trained by mental health professionals in topical areas such as counseling skills, crisis theory and intervention, early warning signs of prolonged or acute stress, suicide assessment, alcohol and substance abuse, and other matters that require confidentiality. The USPIS Peer Support Program will identify, train, and deploy selected employees as volunteer peer supporters to provide confidential, non-clinical emotional support and resource navigation. This program will be integrated with existing wellness initiatives and aligned with agency policies and federal best practices. Communication and program management will be accessed through a peer support management software that will facilitate enrollment and scheduling.

All peer support program sessions are confidential and are not shared outside of the one-on-one discussions between individual participants and peer counselors.

### II. Rationale for Creation of a New USPS Privacy Act Systems of Records

The Peer Support Program will provide USPIS personnel with vital

tools for coping with occupational stress, fostering a supportive culture, and maintaining mission-critical performance. The investment in mental well-being will yield long-term returns in workforce stability, safety, and effectiveness.

### Key Features

**Selection & Training:** Voluntary peer supporters will undergo comprehensive training in active listening, confidentiality, crisis response, and referral protocols.

**Confidentiality:** Interactions will be confidential to the fullest extent permitted by law, ensuring trust and psychological safety.

**Accessibility:** Supporters will be available across all divisions and shifts, ensuring broad access and support during and after critical incidents.

**Integration:** Coordination with Employee Assistance Programs (EAP) and mental health professionals to ensure a continuum of care.

**Evaluation:** Ongoing program assessment and data-driven improvements will be embedded from the outset.

### Expected Benefits or Outcome:

Enhanced emotional resilience and early intervention for stress and trauma  
 Reduced stigma around seeking help for mental health concerns  
 Increased employee morale, retention, and productivity  
 Improved readiness and capacity to respond to high-risk incidents

### III. Description of the New or Modified System of Records

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, arguments or comments on this proposal. A report of the proposed new SOR has been sent to Congress and to the Office of Management and Budget (OMB) for their evaluation. The Postal Service does not expect this new system of records to have any adverse effect on individual privacy rights. The new SOR is provided below in its entirety.

### SYSTEM NAME AND NUMBER:

700.050 United States Postal Inspection Service (USPIS) Peer Support Program

### SECURITY CLASSIFICATION:

None.
