Title: Legal Services for Homeless Veterans and Veterans At-Risk for Homelessness (LSV-H) Grant Program (VA Forms 10-318a-b and 10-319a-b).

OMB Control Number: 2900-0905. <https://www.reginfo.gov/public/do/PRAsearch> (Once at this link, you can enter the OMB Control Number to find the historical versions of this Information Collection).

Type of Review: Revision of a currently approved collection.

Abstract: Public Law 116-315, Johnny Isakson and David P. Roe, M.D. Veterans Health Care and Benefits Improvement Act of 2020, provided authority for VA's Homeless Programs Office (HPO) to grant funding to eligible organizations that will coordinate or provide legal services to Veterans who are homeless or at-risk of homelessness. Several sections, including section 4202, of the Act were created to better serve Veterans who are struggling with homelessness or housing insecurity. Requests for funding by applicants are

likely to exceed the amount of funding appropriated to the VA for these grants. The VA must collect data to prioritize applicants for funding. The legal authority for this data collection is found under 38 U.S.C., Part I, Chapter 5, Section 527, which authorizes the collection of data that will allow measurement and evaluation of the Department of Veterans Affairs Programs, the goal of which is to improve health care and services for Veterans. This information collection includes grant eligibility criteria, application requirements, scoring criteria, constraints on the allocation and use of the funds, and other requirements necessary to implement this grant program.

HPO will use information collected to determine if an applicant is eligible to receive grant funding. HPO also will obtain information necessary to ensure that federal funds are awarded to applicants who are financially stable and have the capacity to conduct the program for which a grant is awarded. HPO could not perform its statutory obligation to administer the program if this data were not collected.

The following forms will be used to collect data for the LSV-H Grant Program:

VA Form 10-318a—Application: This form will be used to collect data from eligible entities applying to be LSV-H grant recipients. The items required in this application are used to determine if an applicant can provide legal services to Veterans. The scoring criteria is at VA's discretion and is not mandated by the statute.

VA Form 10-318b—Renewal Application: This form will be used to collect data from existing grantees that were previously awarded LSV-H grants.

VA Form 10-319a—Quarterly Grantee Performance Report: HPO will collect this information to ensure that grantees comply with program requirements described in 38 CFR part 79 and their grant agreements.

VA Form 10-319b—Budget Changes and Corrective Action Plan (CAP): This information is needed for a grantee to inform HPO of significant changes that will alter their approved grant program. HPO may require grantees to initiate and develop corrective action plans and submit them to VA for approval.

Abstract: On October 17, 2020, the Commander John Scott Hannon Veterans Mental Health Care Improvement Act of 2019, Public Law (Pub. L.) 116-171 (the Act), codified as a note to section 1720F of title 38, United States Code (U.S.C.), was enacted in law. Section 201 of the Act mandated VA establish the Staff Sergeant Parker Gordon Fox Suicide Prevention Grant Program (SSG Fox SPGP) to reduce Veteran suicide through the provision of community-based grants to certain eligible entities to provide or coordinate the provision of suicide prevention services to eligible individuals and their families.

In order to award grants under this program, and assess services and compliance with grants provided, VA requires submission of Applications for grants and Renewals of grants, Compliance Reports, Eligibility Screening, Intake Forms and Assessments, Participant Satisfaction Surveys, Program Exit Checklists, and Suicide Risk Screening Tools.

VA Form 10-315a—Application: This information is needed to award SSG Fox SPGP grants to eligible entities. The application requirements are consistent with section 201(f) of the Act and are designed to ensure that VA can fully evaluate the ability of applicants to achieve the goals of the grant program.

VA Form 10-315b—Renewal Application: This data collection instrument has been developed for grantees to renew grants previously awarded. The renewal application will allow VA to fully evaluate the ability of applicants to achieve the goals of the SSG Fox SPGP and proposed 38 CFR part 78. This information will be used by VA to determine whether to award renewal funds to existing grantees.

VA Forms 10-316a-f—Compliance Reports: This collection of information will be required to ensure grantees are complying with all program requirements set forth in proposed 38 CFR part 78 and their grant agreements. These reports will allow VA to assess the provision of services under this grant program. The reports consist of Annual Performance Reports, Other Performance and Implementation Reports, Program & Budget Changes, Corrective Action Plans, Annual Financial Expenditure Reports, and Other Financial Reports.

VA Form 10-317a—Eligibility Screening: This data will be collected by grantee staff to determine eligibility for the grant program, prior to enrollment. The collection instrument will include suicide risk factors.

VA Form 10-317b—Intake Form & Assessments: This data collection instrument will be used by grantee staff to collect demographic and military service. This information will be used by the VA to identify trends of the Veteran population the grantees are servicing. In addition, the intake form will include the following assessments: Social Economic Status (SES); Patient Health Questionnaire (PHQ-9); Short Warwick-Edinburgh Mental Wellbeing Scale (SWEMWS); General Self-Efficacy Scale (GSE); and Interpersonal Support Evaluation List (ISEL-12).

VA Form 10-317c—Participant Satisfaction Survey: This data collection instrument has been developed to capture participant feedback about

services and to evaluate the SSG Fox SPGP. This information will be used by VA to determine the satisfaction of Veterans participating in the grant program funded services and the effectiveness of those services provided under the SSG Fox SPGP.

VA Form 10-317d—Program Exit Checklist: This data collection instrument will be used by grantee staff at the completion of the program to track the following assessments upon program exit: Social Economic Status (SES); Patient Health Questionnaire (PHQ-9); Short Warwick-Edinburgh Mental Wellbeing Scale (SWEMWS); General Self-Efficacy Scale (GSE); and Interpersonal Support Evaluation List (ISEL-12).

Columbia Suicide Severity Rating Scale (C-SSRS): Suicide risk screening will be administered by grantees using the existing C-SSRS to assess suicide risk of program participants.

SUPPLEMENTARY INFORMATION:

Title: Notice of Disagreement (NOD)/ Appeal to the Board of Veterans' Appeals, VA Form 10182 and VA Form 9.

OMB Control Number: 2900-0674
<https://www.reginfo.gov/public/do/PRASearch>.

Type of Review: Revision of a currently approved collection.

Abstract: OMB Control No. 2900-0674 was recently approved on April 30, 2025. The VA Form 10182 Decision Review Request: Board Appeal (Notice of Disagreement), which is required to initiate Board review of an appeal in the modernized review system as implemented by the Veterans Appeals Improvement and Modernization Act of 2017 (AMA), was one of the forms approved for information collection. The Board is requesting to revise the currently approved VA Form 10182, to include an additional checkbox under Part III, number 11. The proposed checkbox will state: "Check here if you want the Board to issue a decision as soon as possible, even if it is within the period to request a different review option in Part II. By checking this box, you acknowledge that once the Board issues a decision, you will not be permitted to change your Board review option." The "Overview of Notice of Disagreement Form Sections" on page three will be amended to include further explanation of the checkbox. The Board additionally requests to remove the checkbox from Part III, number 11, which states: "Check here if you are appealing a denial of benefits by the Veterans Health Administration (VHA)." Finally, the Board seeks to amend the VA Form 10182 to clarify that selecting the Evidence Submission or Hearing with a Veterans Law Judge review option may extend the time it takes for the Board to decide an appeal; the VA Form 10182 currently states that selecting those review options will extend the time to receive a Board decision. The Board is not requesting to revise any of the other items included in the previously approved collection.
