**ACTION:** Notice.

**SUMMARY:** This notice announces EPA’s order for the cancellations, voluntarily requested by the registrant and accepted by the Agency, of the products listed in Table 1 of Unit II, pursuant to the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). #### Development of Guidance for Alternative Fuel Vehicles and Fueling Infrastructure Deployment Under the Clean School Bus Funding Programs

**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice; request for information (RFI).

**SUMMARY:** The U.S. Environmental Protection Agency (EPA) is planning a new funding opportunity under the Clean School Bus (CSB) Program to encourage broad participation and fleet turnover by providing school districts with greater choice in school bus technology while strengthening oversight and compliance. To support the development of this new funding opportunity, the EPA invites public comments to inform the Agency's understanding of the availability of alternative fuels and associated technologies in the medium- and heavy-duty school bus sector. The EPA is committed to ensuring that all technologies covered by the definition of "clean school bus" in 42 U.S.C. 16091(a)(3) are included in a new funding opportunity later this year. In addition to seeking information on available alternative fuels and buses for the upcoming funding opportunity, the EPA is also seeking information from the public on additional ways the Agency can further safeguard taxpayer dollars. The EPA conducted a programmatic review of the previous CSB funding rounds and identified areas for enhanced controls. The EPA is interested in identifying additional ways to prevent waste, fraud, and abuse within the CSB Program and is requesting comment to ensure that the Agency has the most comprehensive information available regarding robust oversight and compliance.

**DATES:** Comments must be received on or before April 6, 2026. The EPA will host an informational webinar during which participants may also submit comments and questions. Details on the webinar, including the date and registration info, will be posted on the

CSB website at [www.epa.gov/cleanschoolbus](http://www.epa.gov/cleanschoolbus).

**SUPPLEMENTARY INFORMATION:** In this request for information (RFI), the EPA provides a brief background on the CSB Program and describes five areas of interest: (1) Alternative Fuel School Buses; (2) Alternative Fuels for Use in School Buses; (3) Fueling Infrastructure for Alternative Fuels; (4) School Bus Industry Supply Chain and Purchasing Practices; and (5) Oversight and Fraud Prevention.

The EPA is interested in comments detailing: (1) the availability, market price, and performance of alternative fuel school buses that operate entirely or in part on liquified natural gas (LNG), compressed natural gas (CNG), hydrogen, propane, or biofuels; (2) the availability, market price, and performance of LNG, CNG, hydrogen, propane, or biofuels with respect to school buses; (3) the availability, market price, and performance of associated alternative fueling infrastructure; (4) the need for school bus fleets to have dedicated fueling infrastructure when operating buses in their fleet on alternative fuels in the near term (*i.e.*, within 1-5 years); and (5) ways that the EPA can enhance and expand grant
