Certain Frozen Warmwater Shrimp From the Socialist Republic of Vietnam: Final Results of and Final Rescission of Review, in Part, of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that producers/exported subject to this administrative review made sales of certain frozen warmwater shrimp (shrimp) from the Socialist Republic of Vietnam (Vietnam) at prices below normal value (NV) during the period of review (POR), February 1, 2023, through January 31, 2024. Additionally, Commerce determines that 24 exporters are eligible for separate rates, and is rescinding the review with respect to Trang Khanh Seafood Co., Ltd.

DATES: Applicable February 23, 2026.

FOR FURTHER INFORMATION CONTACT: Jonathan Schueler or Matthew Lipka, AD/CVD Operations, Office VIII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–9175 or (202) 482–7976, respectively.

SUPPLEMENTARY INFORMATION:**Background**

On June 11, 2025, Commerce published the *Preliminary Results* of this administrative review.¹ On July 11, 2025, Commerce cancelled its planned verification of Soc Trang Seafood Joint Stock Company (STAPIMEX).² On July 25, 2025, Commerce issued its Post-Preliminary Analysis to make certain changes to its differential pricing analysis in this administrative review, and invited interested parties to comment.³

On August 26, 2025, Commerce extended the deadline to issue the final

results by 60 days.⁴ Further, due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁵ Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.⁶ Accordingly, the deadline for these final results is now February 17, 2026.⁷

For the events subsequent to the *Preliminary Results*, see the Issues and Decision Memorandum.⁸ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Commerce is conducting this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

Analysis of Comments Received

All issues raised by interested parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix I to this notice.

Changes Since the Preliminary Results and Post-Preliminary Analysis

Based on a review of the record and our analysis of comments received from interested parties, and for the reasons explained in the Issues and Decision Memorandum, we made certain changes to the weighted-average dumping margins applied to the two mandatory respondents, STAPIMEX and Thong Thuan Company Limited (Thong Thuan)/Thong Thuan Cam Ranh Seafood Joint Stock Company (TTCR) (collectively, Thong Thuan/TTCR),¹¹ and the weighted-average dumping margin applicable to the non-examined companies that are eligible for a separate rate. For reasons explained in the Issues and Decision Memorandum, Commerce applied facts available with adverse inference (AFA), in accordance with sections 776(a) and (b) of the Act to STAPIMEX and Thong Thuan/TTCR.

Use of Adverse Facts Available

Because STAPIMEX's and Thong Thuan/TTCR's questionnaire responses could not be verified, we are unable to use their respective data to calculate an accurate weighted-average dumping margin for either company. Therefore, as stated above, for these final results we are relying on AFA, pursuant to sections 776(a) and (b) of the Act, to assign a weighted-average dumping margin to each mandatory respondent, STAPIMEX and Thong Thuan/TTCR because these companies failed to cooperate by not acting to the best of their abilities to comply with our requests for information. In applying AFA, we assigned STAPIMEX and Thong Thuan/TTCR a weighted-average dumping margin of 25.76 percent, a rate which previously has been applied as AFA in the *Final Determination* for the Vietnam-wide entity.¹²

¹¹ In the *Preliminary Results*, Commerce preliminarily determined that Thong Thuan and TTCR are affiliated within the meaning of section 771(33) of the Act and compromise a single entity pursuant to 19 CFR 351.401(f). We find no evidence to change our decision so continue to treat these companies as a single entity pursuant to 19 CFR 351.401(f) for these final results.

¹² See *Final Determination of Sales at Less Than Fair Value: Certain Frozen and Canned Warmwater Shrimp from the Socialist Republic of Vietnam*, 69 FR 71005 (December 8, 2004) (*Final Determination*), and accompanying IDM at 21–22.

³ See Memorandum, "Post-Preliminary Analysis," dated July 25, 2025 (Post-Preliminary Analysis).

Final Rescission of Review, in Part

Pursuant to 19 CFR 351.213(d)(3), it is Commerce’s practice to rescind an administrative review of an AD order when there are no entries of subject merchandise during the POR for which liquidation is suspended.¹³ Normally, upon completion of an administrative review, the suspended entries are liquidated at the AD assessment rate calculated for the review period.¹⁴ Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection (CBP) to liquidate and assess antidumping duties at an AD assessment rate calculated for the review period.¹⁵

In the *Preliminary Results*, we notified all interested parties of our intent to rescind this review with respect to Trang Khanh Seafood Co., Ltd. (Trang Khanh) for the final results.¹⁶ We invited parties to comment, and received comments from the Shrimp Committee of Vietnam Association of Seafood Exporters and Producers (VASEP).¹⁷ After an analysis of record evidence and the comments received, we continue to find Trang

Khanh had no suspended entries during the POR, and accordingly we are rescinding this administrative review with respect to Trang Khanh, in accordance with 19 CFR 351.213(d)(3).

Separate Rates

Commerce received comments from VASEP and the American Shrimp Processors Association (ASPA) on Commerce’s preliminary separate rate determinations.¹⁸ Commerce addressed these comments in the Issues and Decision Memorandum and continues to find that the 24 companies listed in Appendix II are eligible for a separate rate, including the two mandatory respondents, STAPIMEX and Thong Thuan/TTCR. While Commerce is relying on AFA to determine the weighted-average dumping margins for STAPIMEX and Thong Thuan/TTCR, it did not find deficiencies with either respondents’ Section A questionnaire responses. Therefore, both STAPIMEX and Thong Thuan/TTCR continue to be eligible for a separate rate.

As the separate rate assigned to the qualifying companies, except for the mandatory respondents, we have relied on the weighted-average dumping margin assigned to non-examined

separate rate companies based on the most recent, non-zero rate calculated in a completed prior segment for non-examined separate rate companies (*i.e.*, 4.58 percent *ad valorem*).¹⁹ See the Issues and Decision Memorandum for a further discussion.

Vietnam-Wide Entity

In our *Preliminary Results*, we found that 146 companies failed to establish their eligibility for a separate rate and are considered to be part of the Vietnam-wide entity.²⁰ Because no party requested a review of the Vietnam-wide entity, and Commerce no longer considers the Vietnam-wide entity as an exporter conditionally subject to administrative reviews,²¹ we did not conduct a review of the Vietnam-wide entity. Thus, the weighted-average dumping margin for the Vietnam-wide entity (*i.e.*, 25.76 percent), is not subject to change as a result of this review.

Final Results of Administrative Review

Commerce determines that the following estimated weighted-average dumping margins exist for the period February 1, 2023, through January 31, 2024:

Exporter	Weighted-average dumping margin (percent)	Cash deposit rate (adjusted for subsidy offsets) (percent) ²²
Separate Rate Companies ²³	4.58	4.28

Disclosure

Normally, Commerce discloses to interested parties the calculations performed in connection with a final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because Commerce applied AFA to the individually examined companies Thong Thuan/TTCR and STAPIMEX, in this administrative review, in accordance with section 776

of the Act, and the applied AFA rate is based on a previously applied weighted-average dumping margin, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(1), Commerce has determined, and U.S Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

For the 24 companies, including the mandatory respondents, listed in

Appendix II to this notice, which have been assigned a weighted-average dumping margin that is not zero or *de minimis* (*i.e.*, less than 0.50 percent), Commerce will instruct, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise at a rate equal to the weighted-average dumping margin assigned to it. Mandatory respondents Soc Trang Seafood Joint Stock Company and Thong Thuan Company Limited; Thong Thuan Cam Ranh Seafood Joint Stock Company²⁴ have been assigned a weighted-average dumping margin of

25.76 percent. The other 22 companies receiving a separate rate have been assigned a weighted-average dumping margin of 4.58 percent. In addition, for Trang Khanh, for which we are rescinding this administrative review, Commerce will instruct CBP to assess any suspended entries of subject merchandise associated with Trang Khanh at a rate equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). With regard to the 146 companies identified in Appendix III to this notice as part of the Vietnam-wide entity, we will instruct CBP to apply an *ad valorem* assessment rate of 25.76 percent to all POR entries of subject merchandise which were exported by those companies.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for the 22 companies, excluding the two mandatory respondents, granted separate rate status in this administrative review, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review and listed in the table above; (2) for the two mandatory respondents, the cash deposit rate will be equal to the weighted-average dumping margin established in the final results of this review, *i.e.*, 25.46 percent;²⁵ (3) for previously-examined Vietnamese and non-Vietnamese exporters not listed in Appendix II that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (4) for all non-Vietnamese exporters of subject merchandise which have not received their own separate rate, the cash deposit

rate will be the rate applicable to the Vietnamese exporter that supplied that non-Vietnamese exporter; and (5) for all Vietnamese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the Vietnam-wide entity, (*i.e.*, 25.76 percent). These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

We are issuing and publishing these final results of administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: February 17, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Background

On December 29, 2025, Commerce published its affirmative final determinations in the less-than-fair-value (LTFV) investigations of capsules from Brazil, China, India, and Vietnam, in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act).¹ On February 12, 2026, the ITC notified Commerce of its final affirmative determinations that an industry in the United States is materially injured by reason of dumped imports of capsules from China, India, and Vietnam, within the meaning of section 735(b)(1)(A)(i) of the Act, and threatened with material injury by reason of dumped imports of capsules from Brazil, within the meaning of 735(b)(1)(A)(ii) of the Act.²

is materially injured by reason of LTFV imports of capsules from China, India, and Vietnam, and that an industry in the United States is threatened by reason of such imports from Brazil, and in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing these antidumping duty orders. Because the ITC determined that an industry in the United States is materially injured by reason of capsules from China, India, and Vietnam, and that an industry in the United States is threatened with material injury by reason of imports of capsules from Brazil, unliquidated entries of such merchandise from these countries entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duty deposits equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, on all relevant entries of capsules from Brazil, China, India and Vietnam. Antidumping duties will be assessed on unliquidated entries of capsules from China, India, and Vietnam entered, or withdrawn from warehouse, for consumption on or after May 29, 2025, the date of publication of the *Preliminary Determinations*,³ but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination, as further described below.

Pursuant to section 736(b)(2) of the Act, antidumping duties shall be assessed on subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the ITC's notice of final determination if that determination is based on the threat of material injury and is not accompanied by a finding that injury would have resulted without the suspension of liquidation of entries
