

announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

#### Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act, and 19 CFR 351.212(b)(1), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review. Pursuant to 19 CFR 351.212(b)(1), where the respondent reported the entered value of its U.S. sales, we calculated importer-specific antidumping duty assessment rates by aggregating the total amount of dumping calculated for the examined sales of each importer and dividing each of these amounts by the total entered value associated with those sales. Where the respondent did not report entered value, we calculated a per-unit assessment rate for each importer by dividing the total amount of dumping calculated for the examined sales made to that importer by the total quantity associated with those sales. To determine whether an importer-specific, per-unit assessment rate is *de minimis*, in accordance with 19 CFR 351.106(c)(2), we also calculated an importer-specific *ad valorem* ratio based on estimated entered values. Where either the respondent's weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by EEPV for which the company did not know that the merchandise it sold to the intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate of 19.50 percent,<sup>8</sup> if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (i.e., within 90 days of publication).

#### Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for EEPV will be zero, the rate established in the final results of this review; (2) for merchandise exported by a company not covered in this administrative review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or completed prior segment of this proceeding but the producer is, the cash deposit rate will be the company-specific rate established for the most recently-completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 19.50 percent, the rate established in the original investigation of this proceeding.<sup>9</sup> These cash deposit requirements, when imposed, shall remain in effect until further notice.

#### Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

#### Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

#### Notification to Interested Parties

Commerce is issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: February 17, 2026.

**SUPPLEMENTARY INFORMATION:**

**Background**

On June 16, 2025, Commerce published the *Preliminary Results* of this administrative review.<sup>1</sup> On July 24, 2025, Commerce issued its Post Preliminary Analysis to make certain changes to its differential pricing analysis in this administrative review, and invited interested parties to comment.<sup>2</sup> Due to the lapse in appropriations and Federal Government Shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days,<sup>3</sup> and, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.<sup>4</sup> On November 18, 2025, Commerce extended the final results deadline by additional 60 days.<sup>5</sup> Accordingly, the current deadline for the final results of this review is February 19, 2026.

For the events subsequent to the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>6</sup> The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to

registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Commerce is conducting this administrative review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**<sup>7</sup>

The products covered by the *Order* are millworks from China. A full description of the scope of the *Order* is contained in the Issues and Decision Memorandum.

**Analysis of Comments Received**

All issues raised by interested parties in the case and rebuttal briefs are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is provided in Appendix I to this notice.

**Changes Since the Preliminary Results**

Based on a review of the record and our analysis of comments received from interested parties regarding the *Preliminary Results*, Commerce made certain changes to the margin calculations for Yinfeng/Mangrove, Longquan Jiefeng/Senya Board, and the non-selected companies granted separate rates in this administrative review.<sup>8</sup> In addition, we have treated two companies as part of the China-wide entity.<sup>9</sup> For further details on the changes since the *Preliminary Results*, see the Issues and Decision Memorandum.

**Separate Rates**

No parties commented on Commerce’s preliminary separate rate decisions. Therefore, for these final results of review, we continue to grant both mandatory respondents and the companies listed in Appendix II a separate rate. We note that in the *Preliminary Results*, Commerce incorrectly listed Sanming Lintong Trading Co., Ltd. in the list of companies eligible for a separate rate when, in fact, we rescinded the review with respect to Sanming Lintong Trading Co., Ltd. in the *Preliminary Results*. See the Issues and Decision Memorandum for further discussion.

**China-Wide Entity**

As noted in the *Preliminary Results*, in accordance with Commerce’s policy, the China-wide entity is not under review because no party specifically requested, and Commerce did not self-initiate, a review of the China-wide entity.<sup>10</sup> Thus the weighted-average dumping margin for the China-wide entity, as adjusted for export subsidies (*i.e.*, 220.87 percent),<sup>11</sup> is not subject to change as a result of this administrative review.<sup>12</sup> Because the two companies listed in Appendix III did not submit separate rate certifications but had entries of the subject merchandise during the POR, we have treated these companies as the part of China-wide entity for these final results.

**Final Results of Administrative Review**

Commerce determines that the following weighted-average dumping margins exist for the POR, February 1, 2023, through January 31, 2024:

Exporter	Weighted-average dumping margin (percent)
Yinfeng Imp & Exp Trading Co., Ltd./Fujian Province Youxi City Mangrove Wood Machining Co., Ltd .....	31.18
Longquan Jiefeng Trade Co., Ltd./Zhejiang Senya Board Industry Co., Ltd .....	61.86
Non-Selected Companies Eligible for a Separate Rate <sup>13</sup> .....	37.24

<sup>11</sup> See *Order*, 86 FR at 9488. The weighted-average dumping margin for the China-wide entity (231.60 percent) was adjusted for export subsidies to determine the cash deposit rate (220.87 percent) for companies in the China-wide entity.

<sup>12</sup> See Appendix III.

<sup>13</sup> See Appendix II.

## Disclosure

We intend to disclose the calculations performed for the final results of this review to parties in this proceeding within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in the **Federal Register**, in accordance with 19 CFR 351.224(b).

## Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries covered by this review.

For Yinfeng/Mangrove and Longquan Jiefeng/Senya Board, for which we have calculated weighted-average dumping margins that are not zero or *de minimis* (*i.e.*, less than 0.5 percent), Commerce calculated importer- (or customer-) specific *ad valorem* assessment rates by dividing the total amount of dumping for all reviewed U.S. sales of subject merchandise to that importer (or customer) by the total entered value of the subject merchandise sold to that importer (or customer) in accordance with 19 CFR 351.212(b)(1). Where a respondent did not report entered value, we calculated per-unit importer- (or customer-) specific assessment rates based on the ratio of the total amount of antidumping duties calculated for the examined sales to the total quantity of those sales. Where an importer-specific per-unit assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate appropriate entries without regard to antidumping duties. We will instruct CBP to assess antidumping duties on all appropriate entries covered by this review when the importer-specific assessment *ad valorem* rate calculated is above *de minimis* (*i.e.*, 0.50 percent). Where an importer-specific *ad valorem* assessment rate is zero or *de minimis*, Commerce will instruct CBP to liquidate the appropriate entries without regards to antidumping duties.

We will instruct CBP to apply an *ad valorem* assessment rate of 220.87 percent to all POR entries of subject merchandise which were exported by the companies in the China-wide entity.<sup>14</sup> For entries of subject merchandise during the POR produced by the mandatory respondents for which they did not know their merchandise was destined for the United States, we intend to instruct CBP to liquidate such

entries at the China-wide rate (*i.e.*, 220.87 percent) if there is no rate for the intermediate company or companies involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of these final results. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

## Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of these final results for all shipments of the subject merchandise from China entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) for the companies eligible for a separate rate, including the mandatory respondents, the cash deposit rate will be equal to the weighted-average dumping margin listed in the table above; (2) for previously examined Chinese and non-Chinese exporters not listed above that received a separate rate in a prior completed segment of this proceeding, the cash deposit rate will continue to be the existing exporter-specific cash deposit rate; (3) for all Chinese exporters of subject merchandise that have not been found to be entitled to a separate rate, the cash deposit rate will be the rate for the China-wide entity (*i.e.*, 220.87 percent); and (4) for all non-Chinese exporters of subject merchandise which have not received their own separate rate, the cash deposit rate will be the rate applicable to the Chinese exporter that supplied that non-Chinese exporter. These cash deposit requirements, when imposed, shall remain in effect until further notice.

## Notification to Importers Regarding the Reimbursement of Duties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

## Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

## Notification to Interested Parties

We are issuing and publishing these final results of administrative review and notice in accordance with sections 751(a)(1) and 777(i) of the Act.

Dated: February 19, 2026.

**Sodium Nitrite From India: Final Results of Countervailing Duty Administrative Review; 2022–2023**

**AGENCY:** Enforcement and Compliance, International Trade Administration, Department of Commerce.

**SUMMARY:** The U.S. Department of Commerce (Commerce) determines that certain producers and exporters of sodium nitrite from India received countervailable subsidies during the period of review (POR) June 21, 2022, through December 31, 2023.

**DATES:** Applicable February 24, 2026.

**FOR FURTHER INFORMATION CONTACT:** Joshua Jacobson, AD/CVD Operations, Enforcement and Compliance, International Trade Administration,

U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–0266.

**Background**

On June 11, 2025, Commerce published the *Preliminary Results* of the 2022–2023 administrative review of the countervailing duty order on sodium nitrite from India and invited comments from interested parties.<sup>1</sup> Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.<sup>2</sup> On November 20, 2025, Commerce extended the deadline for issuing the final results of this review by 60 days, in accordance with section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act).<sup>3</sup> Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.<sup>4</sup> Accordingly, the deadline for these final results is now February 17, 2026.

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.<sup>5</sup> The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/public/FRNoticesListLayout.aspx>. Commerce conducted this review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act).

**Scope of the Order**

The products covered by the *Order* are sodium nitrite from India. For a full description of the scope of the *Order*,

see the Issues and Decision Memorandum.

**Analysis of Comments Received**

All issues raised by the interested parties in their case and rebuttal briefs are addressed in the Issues and Decision Memorandum. The topics discussed and the issues raised by parties to which we responded in the Issues and Decision Memorandum are listed in the appendix to this notice.

**Changes Since the Preliminary Results**

Based on comments received from interested parties, we revised the calculation of the net countervailable subsidy rates for Deepak Nitrite Limited (DNL).<sup>6</sup>

**Methodology**

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of Act. For each of the subsidy programs found to be countervailable, we determine that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.<sup>7</sup> The Issues and Decision Memorandum contains a full description of the methodology underlying Commerce’s conclusions, including our reliance, in part, on facts otherwise available, pursuant to section 776 of the Act.

**Non-Selected Company Rate**

We made no changes to the methodology from the *Preliminary Results* for determining a rate for Kronox Lab Sciences Pvt Ltd. (Kronox), the only company not selected for individual examination. However, due to changes in the benefit calculations for DNL, the 2022 and 2023 non-selected rate changed for Kronox.

**Final Results of the Administrative Review**

We find the following net countervailable subsidy rates for the period June 21, 2022, through December 31, 2023:

Company	Subsidy rate for 2022 (percent <i>ad valorem</i> )	Subsidy rate for 2023 (percent <i>ad valorem</i> )
Deepak Nitrite Limited <sup>8</sup> .....	12.01	6.07
