Overview of This Information Collection

1. *Abstract:* Regulations under 27 CFR 555.128 require explosives licensees/permittees to transfer required records

The records on licensee/permittee importing, manufacturing, shipping, receiving, selling, or otherwise disposing of explosive materials aid ATF in conducting investigations into trafficking and other criminal misuse of explosives.

2. *Type of information collection:* revising of a previously approved collection.

3. *Title of the form/collection:* LEO Certification Letter for Official Duty Firearm Purchase.

4. *Agency form number, if any, and the applicable component of the Department sponsoring the collection:*

Form number: none.

Component: Bureau of Alcohol, Tobacco, Firearms, and Explosives; U.S. Department of Justice.

5. *Affected public who will be asked or required to respond, as well as the obligation to respond:*

Affected public: individuals or households, private sector for- or not-for-profit institutions.

Obligation to respond: mandatory per Title 27 CFR 478.134.

6. *Estimate of the total number of respondents and the amount of time estimated for an average respondent to respond:* An estimated 50,000 respondents will apply for a firearm for official duty purposes once annually, and it will take each respondent approximately 8 minutes (0.13 hours) to complete their responses.

7. *Estimate of the total annual burden (in hours) associated with the collection:* The estimated annual public burden associated with this collection is 6,500 total hours, which is equal to 50,000 (total respondents) * 1 (# of responses per respondent) * 0.13 (8 minutes).

8. *Estimate of the total annual other cost burden associated with the collection, if applicable:* \$0.

ESTIMATED TOTAL HOURLY BURDEN

Activity	Number of respondents	Frequency	Total annual responses	Time per response (hours)	Total annual burden (hours)
Certification (third-party disclosure) ..	50,000	1	50,000	0.13 hours (8 mins)	6,500

Revisions to This Information Collection

ATF is revising this information collection, OMB 1140-0046, to reflect the change in hourly pay for a first-line supervisor of police or detectives since the last time this hourly wage was calculated, resulting in a change from \$46 to \$71 (rounded). Although the number of respondents and the amount of time it takes to complete the certification letter have remained the same, the hourly wage rate change results in a change to the monetized value of respondent time. In addition, ATF is including monetized value of this time due to recent OMB changes and has also made small revisions to the title to make it easier to read.

SUPPLEMENTARY INFORMATION:

I. Background

The Davis-Bacon Act (DBA), as enacted in 1931 and subsequently amended, requires the payment of minimum prevailing wages determined by the Department of Labor to laborers and mechanics working on federal contracts in excess of \$2,000 for the construction, alteration, or repair, including painting and decorating, of public buildings and public works. See 40 U.S.C. 3141 *et seq.* Congress has also included the Davis-Bacon requirements in numerous other laws, known as the Davis-Bacon Related Acts (the Related Acts), which provide federal assistance for construction projects through grants, loans, loan guarantees, insurance, and other methods.

The DBA delegates to the Secretary of Labor the responsibility to determine the wage rates that are "prevailing" for each classification of covered laborers and mechanics on similar projects "in the civil subdivision of the State in which the work is to be performed." 40 U.S.C. 3142(b). The Administrator of the Wage and Hour Division, through this delegation of authority, is responsible for issuing these wage determinations (WDs). The DBA implementing regulations provide that, for the purpose of making WDs, the Administrator will conduct a continuing program for obtaining and compiling wage rate information. 29 CFR 1.3. As part of this program, the Administrator developed the WD–10 form to solicit information that is used to determine locally prevailing wages under the Davis-Bacon and Related Acts. The wage-data collection using the WD–10 form is a primary source of information and is essential to the determination of prevailing wages. The current WD–10 information collection, 1235–0015, has been approved by the Office of Management and Budget (OMB).
