

examined laws and policies postdating its modeling baseline. The court also found that BOEM failed to address a National Marine Fisheries Service determination that the Rice whale's habitat extends into the western and central Gulf of America. The court ordered briefing from the parties on remedy. The parties' final remedy briefs were filed on June 6, 2025. Plaintiffs' Remedy Brief modified their request and asked the court to vacate the SEIS and remand it to BOEM and partially vacate the leases issued pursuant to Lease Sale 259. Federal Defendants and Intervenor argued that the analysis can be remedied without vacatur of the SEIS, the lease sale, or the leases. The Court has not yet issued a remedy and there is no injunction restraining BOEM's management of the leases in question.

During the pendency of the above litigation, BOEM was in the process of preparing a programmatic environmental impact statement for potential future lease sales and ongoing and future post-lease activities in the GOA. On August 29, 2025, the notice of availability for the Gulf of America Regional OCS Oil and Gas Lease Sales and Post-Lease Activities: Final Programmatic Environmental Impact Statement (GOA Oil and Gas Programmatic EIS) was published in the **Federal Register** (90 FR 42243). In addition to the analysis of a proposed Federal action to hold an oil and gas lease sale offered on the U.S. OCS within BOEM's GOA Western, Central, and Eastern Planning Areas, the GOA Oil and Gas Programmatic EIS also addresses the court's findings regarding BOEM's previous assessment of GHG emissions and potential impacts to the Rice's whales. On August 27, 2025, counsel for Defendants notified the court handling the Lease Sale 259 litigation that BOEM had completed the GOA Oil and Gas Programmatic EIS, and that BOEM would begin acting on pending plans.

The GOA Oil and Gas Programmatic EIS also provides the context and setting of future proposed actions, including future discretionary oil and gas lease sales, site-specific OCS oil- and gas-related activities, the potential impact-producing factors associated with these activities, and the reasonably foreseeable impacts on GOA resources. BOEM plans to use the GOA Oil and Gas Programmatic EIS for, among other things, a NEPA analysis that can be tiered to when conducting post-lease and site-specific reviews of plans, permits and other approvals, regardless of when the leased area on which the activities are proposed may have been

leased. The Programmatic EIS may also inform extraordinary circumstance reviews to ensure categorical exclusions are used appropriately.

After careful consideration, the Department of the Interior decided to reaffirm the decision for holding Lease Sales 259 and 261 according to the terms in the notices of sale published in 2023 and to reaffirm the leases issued as a result of those sales.

*Authority:* 42 U.S.C. 4321 *et seq.* (National Environmental Policy Act) and 43 CFR part 46.

**Matthew N. Giacona,**

*Acting Director, Bureau of Ocean Energy Management.*

## DEPARTMENT OF THE INTERIOR

### Bureau of Reclamation

[RR85672000, 21XR0680A2, RX.31480001.0040000; OMB Control Number 1006-0028]

#### Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Recreation Survey Questions

**AGENCY:** Bureau of Reclamation, Interior.

**ACTION:** Notice of information collection; request for comments.

**SUMMARY:** In accordance with the Paperwork Reduction Act of 1995, we, the Bureau of Reclamation (Reclamation), are proposing to renew an information collection.

**DATES:** Interested persons are invited to submit comments on or before March 27, 2026.

**ADDRESSES:** Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to [www.reginfo.gov/public/do/PRAMain](http://www.reginfo.gov/public/do/PRAMain). Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function. Please provide a copy of your comments to Ronnie Baca, Bureau of Reclamation, Asset Management Office, 86-67200, P.O. Box 25007, Denver, CO 80225-0007; or by email to [rbaca@usbr.gov](mailto:rbaca@usbr.gov). Please reference OMB Control Number 1006-0028 in the subject line of your comments.

#### FOR FURTHER INFORMATION CONTACT:

Ronnie Baca by email at [rbaca@usbr.gov](mailto:rbaca@usbr.gov), or by telephone at (303) 445-

3257. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

**SUPPLEMENTARY INFORMATION:** In accordance with the Paperwork Reduction Act of 1995 (PRA, 44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we provide the general public and other Federal agencies with an opportunity to comment on new, proposed, revised, and continuing collections of information. This helps us assess the impact of our information collection requirements and minimize the public's reporting burden. It also helps the public understand our information collection requirements and provide the requested data in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on December 23, 2025 (90 FR 60123). No comments were received.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again soliciting comments from the public and other Federal agencies on the proposed ICR that is described below. We are especially interested in public comment addressing the following:

- (1) Whether or not the collection of information is necessary for the proper performance of the functions of the agency, including whether or not the information will have practical utility;
- (2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used;
- (3) Ways to enhance the quality, utility, and clarity of the information to be collected; and
- (4) How might the agency minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments that you submit in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personal identifying information in your comment, you

should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Abstract:** Reclamation is responsible for recreation development at all of its reservoirs. Presently, there are more than 240 designated recreation areas on our lands within the 17 Western States hosting approximately 40 million visitors annually. As a result, we must be able to respond to emerging trends, changes in the demographic profile of users, changing values, needs, wants, and desires, and conflicts between user groups.

Statistically valid and up-to-date data derived from the user is essential to developing and providing recreation programs relevant to today's visitor. Reclamation is requesting re-approval for the collection of data from recreational users on Reclamation lands and waterbodies.

To meet our needs for the collection of visitor use data, we will be requesting OMB to authorize a two-part request: survey questions for our regional offices to choose from, and a survey form template. This will allow for a custom designed survey instrument to fit a specific activity or recreation site. The custom designed survey would be created by extracting questions from the approved list of survey questions that are applicable to the recreation area and issue being evaluated. Only questions included in the pre-approved list of survey questions will be used.

Revisions to this collection will be made to adjust respondent demographic questions to conform with Executive Order 14168, "Defending Women From Gender Ideology Extremism and Restoring Biological Truth to the Federal Government" (January 20, 2025) and OMB's "2024 Statistical Policy Directive No. 15: Federal Race and Ethnicity Data Standards."

**Title of Collection:** Recreation Survey Questions.

**OMB Control Number:** 1006-0028.  
**Form Number:** 7-2675, Recreation Survey Questions.

**Type of Review:** Revision of a currently approved collection.

**Respondents/Affected Public:** Respondents to the surveys will be members of the public engaged in recreational activities on Reclamation lands and waterbodies. Visitors will primarily consist of local residents, people from large metropolitan areas in

the vicinity of the lake/reservoir, and people from out of state.

**Total Estimated Number of Annual Respondents:** 696.

**Total Estimated Number of Annual Responses:** 696.

**Estimated Completion Time per Response:** 15 minutes per survey (an average of 20 questions will be used on each survey; each question will take approximately 45 seconds to complete on average).

**Total Estimated Number of Annual Burden Hours:** 140.

**Respondent's Obligation:** Voluntary.  
**Frequency of Collection:** Twice annually.

**Total Estimated Annual Nonhour Burden cost:** None.

Reclamation estimates that there will be a total of 140 out of 696 contacts that choose not to respond to the survey. These non-respondents account for 1 burden hour per year.

An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 et seq).

**Stephanie McPhee,**

*Acting Information Collection Clearance Officer, Bureau of Reclamation.*

## INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701-TA-739-740 and 731-TA-1716-1717 (Final)]

### Thermoformed Molded Fiber Products From China and Vietnam; Determinations; Correction

**AGENCY:** United States International Trade Commission.

**ACTION:** Notice; correction.

**SUMMARY:** Correction is made to the date determinations in these investigations were completed and filed.

#### SUPPLEMENTARY INFORMATION:

#### Correction

In the **Federal Register** of January 7, 2026 (91 FR 537), in FR Doc. 2026-00076, on page 537, in the third column, in the *Background* section, the date the determinations were completed and filed should be January 5, 2026.

By order of the Commission.

Issued: February 23, 2026.

**Lisa Barton,**

*Secretary to the Commission.*

## DEPARTMENT OF JUSTICE

[OMB 1140-0046]

### Agency Information Collection Activities; Proposed eCollection Activities; Proposed eComments Requested; Revision of a Previously Approved Collection; LEO Certification Letter for Official Duty Firearm Purchase

**AGENCY:** Bureau of Alcohol, Tobacco, Firearms, and Explosives; Department of Justice

**ACTION:** 60-day notice.

**SUMMARY:** The Department of Justice (DOJ), Bureau of Alcohol, Tobacco, Firearms, and Explosives (ATF), will be submitting the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995.

**DATES:** ATF encourages comments on this information collection. You may submit written comments until midnight on April 27, 2026.

**ADDRESSES:** Submit written comments and recommendations for this information collection, especially on the estimated public burden or associated response time, to Jason Gluck, Firearms Industry Programs Branch, by email to [FIPB@atf.gov](mailto:FIPB@atf.gov), or by mail to 99 New York Avenue NE, 6N-509; Washington, DC 20226. Identify comments by the OMB control number 1140-0046. You may view the proposed information collection instrument online at <https://www.atf.gov/rules-and-regulations/federal-register-actions/forms-and-information-collection>.

**FOR FURTHER INFORMATION CONTACT:** If you have questions or need a copy of the proposed information collection instrument with instructions or additional information, contact: Jason Gluck, FIPB, either by mail at 99 New York Avenue NE, 6N-509; Washington, DC 20226, by email at [FIPB@atf.gov](mailto:FIPB@atf.gov), or by telephone at 202-648-7190.

**SUPPLEMENTARY INFORMATION:** We encourage written comments and suggestions from the public and affected agencies concerning the proposed information collection. Your comments should address one or more of the following four points:

—Evaluate whether the proposed information collection is necessary to
