SUPPLEMENTARY INFORMATION:

Public Comment Procedures

We are publishing notice of records schedules in which agencies propose to dispose of records they no longer need to conduct agency business. We invite public comments on these records schedules, as required by 44 U.S.C. 3303a(a), and list the schedules at the end of this notice by agency and subdivision requesting disposition authority.

In addition, this notice lists the organizational unit(s) accumulating the records or states that the schedule has agency-wide applicability. It also provides the control number assigned to each schedule, which you will need if you submit comments on that schedule. We have uploaded the records schedules and accompanying appraisal memoranda to the *regulations.gov* docket for this notice as "other" documents. Each records schedule contains a full description of the records at the file unit level as well as their proposed disposition. The appraisal memorandum for the schedule includes information about the records.

We will post comments, including any personal information and attachments, to the public docket unchanged. Because comments are public, you are responsible for ensuring that you do not include any confidential or other information that you or a third party may not wish to be publicly posted. If you want to submit a comment with confidential information or cannot otherwise use the *regulations.gov* portal, you may contact request.schedule@nara.gov for

instructions on submitting your comment.

We will consider all comments submitted by the posted deadline and consult as needed with the Federal agency seeking the disposition authority. After considering comments, we may or may not make changes to the proposed records schedule. The schedule is then sent for final approval by the Archivist of the United States. After the schedule is approved, we will post on *regulations.gov* a "Consolidated Reply" summarizing the comments, responding to them, and noting any changes we made to the proposed schedule. You may elect at *regulations.gov* to receive updates on the docket, including an alert when we post the Consolidated Reply, whether or not you submit a comment. If you have a question, you can submit it as a comment, and can also submit any concerns or comments you would have to a possible response to the question. We will address these items in consolidated replies along with any other comments submitted on that schedule.

We will post schedules on our website in the Records Control Schedule (RCS) Repository, at <https://www.archives.gov/records-mgmt/rcs>, after the Archivist approves them. The RCS contains all schedules approved since 1973.

Background

Each year, Federal agencies create billions of records. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval. Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. The records schedules authorize agencies to preserve records of continuing value in the National Archives or to destroy, after a specified period, records lacking continuing administrative, legal, research, or other value. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

Agencies may not destroy Federal records without the approval of the Archivist of the United States. The Archivist grants this approval only after thorough consideration of the records' administrative use by the agency of

origin, the rights of the Government and of private people directly affected by the Government's activities, and whether or not the records have historical or other value. Public review and comment on these records schedules is part of the Archivist's consideration process.

Schedules Pending

1. Department of Justice, Private Trustee Oversight Records (DAA-0060-2025-0002).
2. Administration for Children and Families, Office of Child Support Enforcement (OCSE) Debtor File and Related Systems (DAA-0292-2026-0001).

SUPPLEMENTARY INFORMATION: An administrative correction is a change to a temporary item on an approved record schedule to address errors or oversights when the records were originally scheduled. This notice applies only to the change described, and not to other portions of the schedule. We invite public comments on this administrative correction, as required by 44 U.S.C. 3303a(a). The submitting agency cannot implement the administrative correction until the comment period ends and NARA approves the change.

Read the proposed administrative correction in conjunction with the previously approved DAA-0048-2013-0008, Items 0001 & 0002, Department of the Interior, Department Wide, Policy Records.

Proposed Change

We are making an administrative correction to add a series to two open aggregate items. This update incorporates five series from RG 57 (USGS—The United States Geological Survey). These five temporary authorities are being added as superseded items under approved open aggregate items with shorter retentions. The superseded schedules include:

1. N1-057-08-01/101-02 (Temporary) Agency Management Plans, Surveys, Studies, Strategies, and Initiatives, Proposed for item 0001.
2. N1-057-08-02/505-10/b (Temporary) Visual Identity System Design Specifications, Proposed for item 0001.
3. N1-057-02-04/904-04 (Temporary) Safety Policies, Proposed for item 0001.

4. N1-057-02-04/903-02/b (Temporary) Security Clearance and Access Authorization Administrative Policy Subject Files: Files documenting the development of access policy and policy studies, Proposed for item 0002.

5. N1-057-02-04/903-02/c (Temporary) Security Clearance and Access Authorization Administrative Policy Subject Files: Procedures for implementation of policy and guides, Proposed for item 0002.

This correction and reduced retention period meets the business needs of the agency and is necessary to align the management of these records with the Department's standard practices to ensure consistency across all bureaus.

William P. Fischer,

Acting Chief Records Officer for the U.S. Government.
