[EPA–R05–OAR–2023–0515; EPA–R05–OAR–2023–0516; EPA–R05–OAR–2023–0517; FRL–12810–02–R5]

Air Plan Approval; Michigan; Moderate Attainment Plan Elements for the Allegan County, Berrien County, and Muskegon County Areas for the 2015 Ozone Standard

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a revision to the Michigan State Implementation Plan (SIP) as meeting the reasonable further progress (RFP) requirements of the Clean Air Act (CAA) for the Allegan County (partial county), Berrien County, and Muskegon County (partial county) Moderate nonattainment areas for the 2015 ozone national ambient air quality standard (NAAQS). The EPA is also approving updated 2017 base year emissions inventories and is finding adequate and approving the 2023 motor vehicle emissions budgets (budgets) associated with the Allegan County, Berrien County, and Muskegon County Moderate ozone nonattainment RFP demonstrations. The EPA is approving these portions of the State's SIP submission pursuant to section 110 and part D of the CAA, and EPA's

regulations. The EPA proposed to approve this action on December 11, 2025, and received no adverse comments.

DATES: This final rule is effective on March 30, 2026.

ADDRESSES: The EPA has established dockets for this action under Docket ID Nos. EPA-R05-OAR-2023-0515, EPA-R05-OAR-2023-0516, and EPA-R05-OAR-2023-0517. SUPPLEMENTARY INFORMATION: Throughout this document whenever "we," "us," or "our" is used, we mean the EPA.

I. Background Information

On December 11, 2025 (90 FR 57403), the EPA proposed to approve Michigan's updated 2017 base year emissions inventory and 15 percent RFP demonstration, including the associated motor vehicle emissions budgets, as revisions to Michigan's SIP pursuant to section 110 and part D of the CAA and EPA's regulations because EGLE's October 16, 2023, submission satisfies the base year inventory and RFP requirements of the CAA for the Allegan County, Berrien County and Muskegon County areas under the 2015 ozone NAAQS. The EPA also initiated the adequacy process for the 2023 motor vehicle emissions budgets for the Allegan County, Berrien County and Muskegon County areas included in this SIP submission. An explanation of the CAA requirements, a detailed analysis

of the revisions, and the EPA's reasons for proposing approval were provided in the notice of proposed rulemaking, and will not be restated here. The public comment period for this proposed rule ended on January 12, 2026. The EPA received no comments on the proposal.

II. Final Action

The EPA is approving Michigan's updated 2017 base year emissions inventory and 15 percent RFP demonstration, including the associated motor vehicle emissions budgets, as revisions to Michigan's SIP pursuant to section 110 and part D of the CAA and the EPA's regulations because EGLE's October 16, 2023, submission satisfies the base year inventory and RFP requirements of the CAA for the Allegan County, Berrien County and Muskegon County areas under the 2015 ozone NAAQS. The EPA is also finding adequate the 2023 motor vehicle emissions budgets for the Allegan County, Berrien County and Muskegon County areas included in this SIP submission.

III. Statutory and Executive Order Reviews

Under the CAA, the Administrator is required to approve a SIP submission that complies with the provisions of the CAA and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA's role is to approve State choices, provided that they meet the criteria of the CAA. Accordingly, this action merely approves State law as meeting Federal requirements and does not impose additional requirements beyond those imposed by State law. For that reason, this action:

- Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Is not subject to Executive Order 14192 (90 FR 9065, February 6, 2025) because SIP actions are exempt from review under Executive Order 12866;
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104-4);

- Does not have federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);

- Is not subject to Executive Order 13045 (62 FR 19885, April 23, 1997) because it approves a State program;

- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001); and

- Is not subject to requirements of section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the CAA.

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian Tribe has demonstrated that a Tribe has jurisdiction. In those areas of Indian country, the rule does not have Tribal implications and will not impose substantial direct costs on Tribal governments or preempt Tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

This action is subject to the Congressional Review Act, and the EPA will submit a rule report to each House of the Congress and to the Comptroller General of the United States. This action is not a "major rule" as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the CAA, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by April 27, 2026. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements. (See section 307(b)(2).)

Air Plan Approval; Connecticut; State Implementation Plan Revisions Required as a Result of a Definition Change Due to the Ozone Reclassification

AGENCY: Environmental Protection Agency (EPA).
ACTION: Final rule.

SUMMARY: The Environmental Protection Agency (EPA) is approving a State Implementation Plan (SIP) revision submitted by the State of Connecticut. This action consists of revisions to Regulations of Connecticut State Agencies (RCSA) sections 22a-174-22e and 22a-174-22f, primarily to add compliance dates for sources brought into the applicability of these sections due to a change in the definition of “severe non-attainment area for ozone.” The definition change had previously been approved into Connecticut’s SIP. This action is being taken in accordance with the Clean Air Act.

DATES: This rule is effective on March 30, 2026.

ADDRESSES: EPA has established a docket for this action under Docket Identification No. EPA-R01-OAR-2025-0196. All documents in the docket are listed on the <https://www.regulations.gov> website. Although listed in the index, some information is not publicly available, *i.e.*, CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the internet and will be publicly available only in hard copy form. Publicly available docket materials are available at <https://www.regulations.gov> or at the U.S. Environmental Protection Agency, EPA Region 1 Regional Office, Air and Radiation Division, 5 Post Office Square—Suite 100, Boston, MA. EPA requests that, if possible, you contact the contact listed in the **FOR FURTHER INFORMATION CONTACT** section to schedule your inspection.

I. Background and Purpose

On July 16, 2025, the Environmental Protection Agency (EPA) published a Notice of Proposed Rulemaking (NPRM) for the State of Connecticut proposing State Implementation Plan (SIP) revisions submitted by the State. 90 FR 31924. The formal SIP action was submitted by Connecticut on November 27, 2023, and consisted of revisions to Regulations of Connecticut State Agencies (RCSA) sections 22a-174-22e and 22a-174-22f, primarily to add compliance dates for sources brought into the applicability of these sections due to a change in the definition of “severe non-attainment area for ozone” in another section of Connecticut’s regulations—specifically, RCSA § 22a-174-1. The revisions to RCSA §§ 22a-174-22e and 22a-174-22f became effective on November 13, 2023. Connecticut’s change to the definition of “severe non-attainment area for ozone” in RCSA § 22a-174-1 became effective the same day, and the EPA previously approved the new definition into the SIP on February 12, 2024. 89 FR 9771.
