The Committee in its report states that the Commission report in this investigation (1) should include detailed information, to the extent practicable, on U.S. trade, production, and prices in the industries that would be directly and most affected by the imposition of rates of duty in column 2 of the Harmonized Tariff Schedule of the United States on products of China; (2) should examine an alternative scenario in which Congress revokes PNTR treatment, with a five-year phase-in of tariffs, on a subset of national security products from China; and (3) should be transmitted to the House of Representatives and Senate Committees on Appropriations within 210 days of the Act's enactment. [Investigation No. 731-TA-1092 (Third Review)]

Diamond Sawblades and Parts Thereof From China; Institution of a Five-Year Review

AGENCY: United States International Trade Commission.

ACTION: Notice.

SUMMARY: The Commission hereby gives notice that it has instituted a review pursuant to the Tariff Act of 1930, as amended, to determine whether revocation of the antidumping duty order on diamond sawblades and parts thereof from China would be likely to lead to continuation or recurrence of material injury. Pursuant to the Act, interested parties are requested to respond to this notice by submitting the information specified below to the Commission.

DATES: Instituted March 2, 2026. To be assured of consideration, the deadline for responses is April 1, 2026. Comments on the adequacy of responses may be filed with the Commission by May 8, 2026.

FOR FURTHER INFORMATION CONTACT: Alexis Yim (202-708-1446), Office of Investigations, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436. Hearing-impaired persons can obtain information on this matter by contacting the Commission's TDD terminal on 202-205-1810. Persons with mobility impairments who will need special assistance in gaining access to the Commission should contact the Office of the Secretary at 202-205-2000. General information concerning the Commission may also be obtained by accessing its internet server (<https://www.usitc.gov>). The public record for this proceeding may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>.

SUPPLEMENTARY INFORMATION:

Background.—On November 4, 2009, the Department of Commerce (“Commerce”) issued an antidumping duty order on imports of diamond sawblades and parts thereof from China (74 FR 57145). Commerce issued a continuation of the antidumping duty order on imports of diamond sawblades and parts thereof from China following Commerce’s and the Commission’s first five-year reviews, effective September 18, 2015 (80 FR 56441) and second five-year reviews, effective April 12, 2021 (86 FR 18942). The Commission is now conducting a third five-year review pursuant to section 751(c) of the Act, as amended (19 U.S.C. 1675(c)), to determine whether revocation of the order would be likely to lead to continuation or recurrence of material injury to the domestic industry within a reasonably foreseeable time. Provisions concerning the conduct of this proceeding may be found in the Commission’s Rules of Practice and Procedure at 19 CFR part 201, subparts A and B, and 19 CFR part 207, subparts A and F. The Commission will assess the adequacy of interested party responses to this notice of institution to determine whether to conduct a full or expedited review. The Commission’s determination in any expedited review will be based on the facts available, which may include information provided in response to this notice.

Definitions.—The following definitions apply to this review:

(1) *Subject Merchandise* is the class or kind of merchandise that is within the scope of the five-year review, as defined by Commerce.

(2) The *Subject Country* in this review is China.

(3) The *Domestic Like Product* is the domestically produced product or products which are like, or in the absence of like, most similar in characteristics and uses with, the *Subject Merchandise*. In its original determination, its full first five-year review, and its expedited second five-year review, the Commission defined the *Domestic Like Product* as diamond sawblades and parts thereof, coextensive with Commerce’s scope.

(4) The *Domestic Industry* is the U.S. producers as a whole of the *Domestic Like Product*, or those producers whose collective output of the *Domestic Like Product* constitutes a major proportion of the total domestic production of the product. In its original determination, its full first five-year review, and its expedited second five-year review, the Commission defined the *Domestic Industry* as all domestic producers of diamond sawblades, including the assemblers in addition to all domestic

producers of finished diamond sawblades and component parts. The Commission also determined in its original determination and its full first five-year review that appropriate circumstances existed to exclude certain companies from the domestic industry under the related parties provision, but did not exclude any firms from the domestic industry in its expedited second five-year review.

(5) An *Importer* is any person or firm engaged, either directly or through a parent company or subsidiary, in importing the *Subject Merchandise* into the United States from a foreign manufacturer or through its selling agent.

Participation in the proceeding and public service list.—Persons, including industrial users of the *Subject Merchandise* and, if the merchandise is sold at the retail level, representative consumer organizations, wishing to participate in the proceeding as parties must file an entry of appearance with the Secretary to the Commission, as provided in § 201.11(b)(4) of the Commission’s rules, no later than 21 days after publication of this notice in the **Federal Register**. The Secretary will maintain a public service list containing the names and addresses of all persons, or their representatives, who are parties to the proceeding.

Former Commission employees who are seeking to appear in Commission five-year reviews are advised that they may appear in a review even if they participated personally and substantially in the corresponding underlying original investigation or an earlier review of the same underlying investigation. The Commission’s designated agency ethics official has advised that a five-year review is not the same particular matter as the underlying original investigation, and a five-year review is not the same particular matter as an earlier review of the same underlying investigation for purposes of 18 U.S.C. 207, the post-employment statute for Federal employees, and Commission rule 201.15(b) (19 CFR 201.15(b)), 79 FR 3246 (Jan. 17, 2014), 73 FR 24609 (May 5, 2008). Consequently, former employees are not required to seek Commission approval to appear in a review under Commission rule 19 CFR 201.15, even if the corresponding underlying original investigation or an earlier review of the same underlying investigation was pending when they were Commission employees. For further ethics advice on this matter, contact Charles Smith, Office of the General Counsel, at 202-205-3408.
