Commenters are strongly encouraged to submit comments electronically. Commenters who submit comments on paper by mail should allow sufficient time for mailed comments to be received before the close of the comment period.

All submissions received must include the agency's name (Pension Benefit Guaranty Corporation, or PBGC) and refer to OMB control number 1212–0017. All comments received will be posted without change to PBGC's website, www.pbgc.gov, including any personal information provided. Do not submit comments that include any personally identifiable information (such as name, address, or other contact information) or confidential business information that you do not want publicly disclosed. Comments may be submitted anonymously.

Copies of the collection of information may be obtained without charge by writing to Disclosure Division (disclosure@pbgc.gov), Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024–2101, or calling 202–229–4040 during normal business hours. If you are deaf or hard of hearing, or have a speech disability, please dial 7–1–1 to access telecommunications relay services.

FOR FURTHER INFORMATION CONTACT: Abigail Davidow (davidow.abigail1@pbgc.gov), Deputy Assistant General Counsel, Legislative and Regulatory Division, Office of the General Counsel, Pension Benefit Guaranty Corporation, 445 12th Street SW, Washington, DC 20024–2101; 202–229–6563. If you are deaf or hard of hearing, or have a speech disability, please dial 7–1–1 to access telecommunications relay services.

SUPPLEMENTARY INFORMATION: Section 4062 of the Employee Retirement Income Security Act of 1974, as amended, provides that the contributing sponsor of a single-employer pension plan and members of the sponsor's controlled group ("the employer") incur liability ("employer liability") if the plan terminates with assets insufficient to pay benefit liabilities under the plan. PBGC's statutory lien for employer liability and the payment terms for employer liability are affected by whether and to what extent employer liability exceeds 30 percent of the employer's net worth. Section 4062.6 of PBGC's employer liability regulation (29 CFR part 4062) requires a contributing

sponsor or member of the contributing sponsor's controlled group that believes employer liability upon plan termination exceeds 30 percent of the employer's net worth to notify PBGC and submit net worth information to PBGC. This information is necessary to enable PBGC to determine whether and to what extent employer liability exceeds 30 percent of the employer's net worth.

The collection of information under the regulation has been approved by OMB under control number 1212–0017 (expires August 31, 2026). PBGC intends to request that OMB extend its approval for another three years. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that an average of 19 contributing sponsors or controlled group members per year will respond to this collection of information. PBGC further estimates that the average annual burden of this collection of information will be 12 hours and \$5,400 per respondent, with an estimated total annual burden of 228 hours and \$102,600.

PBGC is soliciting public comments to—

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g. permitting electronic submission of responses.

Joseph Krettek,

Assistant General Counsel, Legislative and Regulatory Division, Pension Benefit Guaranty Corporation.

System for Regulating Rates and Classes for Market Dominant Products

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is extending the deadline to respond to petitions in Docket Nos. RM2021–2, RM2022–5, RM2022–6, and RM2024–4.

DATES: The responses to any petition (including the Postal Service Petitions) are due: March 6, 2026.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

- I. Introduction
- II. Background
- III. Commission Analysis
- IV. Ordering Paragraphs

I. Introduction

On February 23, 2026, the Alliance of Nonprofit Mailers (ANM) filed a motion for a 1-week extension of time until March 9, 2026, for parties to file responses to petitions filed in the instant proceedings.¹ For the reasons discussed below, the Commission partially grants the Motion and extends the deadline for responses to petitions to March 6, 2026.

II. Background

On January 13, 2026, the Commission issued Order No. 9427 to set a deadline of 30 days after the date of the publication of that order in the **Federal Register** for interested persons to request, by petition in the instant proceedings, that the Commission consider specific proposals for modifications to the Market Dominant ratemaking system or for an alternative system.² On December 22, 2025, the Postal Service filed two petitions.³ Order No. 9427 also set a deadline of 44 days after the date of publication of that order in the **Federal Register** for

¹ Motion of Alliance of Nonprofit Mailers for Extension of Time for Parties to Respond to Petitions, February 23, 2026, at 1 (Motion).

² Procedural Order on 39 CFR 3010.201(b) Proposals, January 13, 2026, at 5 (Order No. 9427).

³ United States Postal Service Petition for Rulemaking to Repeal the Minimum Remittance Payment Requirement, December 22, 2025; United States Postal Service Petition for Rulemaking to Modify the Market-Dominant Ratemaking System to Achieve Objectives 5 and 8, December 22, 2025 (Postal Service Petitions).

responses to any petition (including the Postal Service Petitions). Order No. 9427 at 5. Order No. 9427 was published in the **Federal Register** on January 16, 2026.⁴ Therefore, the deadline for interested persons to file petitions was February 17, 2026, and the deadline for responses to any petition (including the Postal Service Petitions) is March 2, 2026. *Id.* at 2093.

On February 17, 2026, six interested persons filed petitions.⁵ On or before February 17, 2026, other interested persons also filed comments for the Commission's consideration.⁶

On February 23, 2026, ANM filed the Motion seeking a 1-week extension of time until March 9, 2026, for parties to file responses to petitions. Motion at 1. ANM states that due to adverse weather conditions in the Washington, DC region on February 22 and 23, 2026, it requests a 1-week extension of the deadline. *Id.* at 2. ANM argues that the Commission has recognized "severe weather" as a basis for granting extensions of time in the past.⁷ ANM asserts that its requested extension would have a minimal effect on the Commission's procedural schedule and would not adversely impact any party. *Id.*

On February 24, 2026, the Association for Postal Commerce (PostCom) filed a response to the Motion, stating that it does not oppose the Motion and agrees that the requested extension would provide parties with time to fully digest the petitions and would not impact the timing of the Commission's proceedings.⁸

III. Commission Analysis

A motion for extension of time "shall only be granted upon consideration of the potential adverse impact, if any, on other participants and the overall impact on the procedural schedule." 39 CFR 3010.162(c). Having reviewed the Motion, the Commission finds that the Motion has partially met the criteria in 39 CFR 3010.162(c). The Motion is unopposed. Response at 1. Because the requested extension would apply to all interested persons, no other participant would be adversely impacted by the extension. However, the adverse weather conditions in the Washington, DC region lasted only 2 days on February 22 and 23, 2026, 1 of which was a Sunday. The Federal government was open on February 23, 2026, with 2 hours delayed arrival and the option for unscheduled leave or unscheduled telework.⁹ This is unlike the severe weather conditions experienced by the region in February 2010 or January 2016, both of which triggered multiple days of Federal government closure.¹⁰ In the future, interested persons should not expect the Commission to grant an extension of time owing to adverse weather conditions that is much longer than what the duration of adverse weather conditions would justify. In addition, considering that the Commission intends to expedite consideration of any proposals it decides to pursue in its discretion based on consideration of petitions and also any additional proposals as the Commission may make,¹¹ the Commission finds that the requested 1-week extension would have some adverse impact on the procedural

schedule. Therefore, the Commission partially grants the Motion and extends the deadline for responses to petitions to March 6, 2026.

IV. Ordering Paragraphs

It is ordered:

1. The Motion of Alliance of Nonprofit Mailers for Extension of Time for Parties to Respond to Petitions, filed on February 23, 2026, is partially granted.

2. Responses to any petition (including the Postal Service Petitions) are due March 6, 2026.

3. This Order, or abstract thereof, shall be published in the **Federal Register**.

By the Commission.

Sarah Wessel,

Senior Paralegal Specialist.
