BILLING CODE 4910-06-P

DEPARTMENT OF TRANSPORTATION**Federal Railroad Administration**

[Docket Number FRA-2026-0497]

Notice of Petition for Waiver of Compliance

AGENCY: Federal Railroad Administration (FRA), Department of Transportation (DOT).

ACTION: Notice.

SUMMARY: This document provides the public notice that Norfolk Southern Railway (NS) petitioned FRA for relief from certain regulations concerning cab signals.

DATES: FRA must receive comments on the petition by April 3, 2026. FRA will consider comments received after that date to the extent practicable.

ADDRESSES:

Comments: Comments related to this docket may be submitted by going to <https://www.regulations.gov> and following the online instructions for submitting comments.

Instructions: All submissions must include the agency name and docket number. All comments received will be posted without change to <https://www.regulations.gov>; this includes any personal information. Please see the Privacy Act heading in the **SUPPLEMENTARY INFORMATION** section of this document for Privacy Act information related to any submitted comments or materials.

Docket: For access to the docket to read background documents or comments received, go to <https://www.regulations.gov> and follow the online instructions for accessing the docket.

FOR FURTHER INFORMATION CONTACT:

Scott Johnson, Railroad Safety Specialist, FRA Signal, Train Control, and Crossings Division, telephone: 406-210-3608, email: scott.j.johnson@dot.gov.

SUPPLEMENTARY INFORMATION: Under part 211 of title 49 Code of Federal Regulations (CFR), this document provides the public notice that by letter dated February 10, 2026, NS petitioned FRA for a waiver of compliance from certain provisions of the Federal railroad safety regulations contained at 49 CFR part 236 (Rules, Standards, and Instructions Governing the Installation, Inspection, Maintenance, and Repair of Signal and Train Control Systems, Devices, and Appliances). FRA assigned the petition Docket Number FRA-2026-0497.

Specifically, NS seeks relief from the requirements of § 236.566, *Locomotive of each train operating in train stop, train control or cab signal territory; equipped*, to operate historic steam locomotive Big Boy No. 4014 on the Heritage Excursion Tour train. NS explains that locomotive No. 4014 lacks a cab signal apparatus and "cannot be practically outfitted [with a cab signal apparatus] without significant and irreversible modifications" due to current space limitations in the locomotive cab and insufficient time before the planned excursion. In addition, the petition describes the temporary changes that NS intends to make to its operating practices to ensure safety in lieu of equipping the locomotive with cab signal equipment.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at www.regulations.gov.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment and a public hearing, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

Communications received by April 3, 2026 will be considered by FRA before final action is taken. Comments received

after that date will be considered if practicable.
