

*Estimated Total Annual Burden Cost:* NHTSA is not aware of any additional costs respondents will incur nor does NHTSA have a basis for estimating any such costs without additional information. NHTSA believes respondents will be able to comply with requirements by only incurring labor costs associated with the burden hours.

*Public Comments Invited:* You are asked to comment on any aspects of this information collection, including (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (b) the accuracy of the Department's estimate of the burden of the proposed information collection; (c) ways to enhance the quality, utility and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including the use of automated collection techniques or other forms of information technology; (e) ways in which the information collection could be further streamlined to reduce even more burdens while ensuring that crash reporting enables NHTSA to identify potential defects with ADS and ADAS timely.

*Authority:* The Paperwork Reduction Act of 1995; 44 U.S.C. Chapter 35, as amended; 49 CFR 1.49; and DOT Order 1351.29A.
