Federal Register

Vol. 91, No. 42

Wednesday, March 4, 2026

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Submission for OMB Review; Comment Request

The Department of Agriculture has submitted the following information collection requirement(s) to OMB for review and approval under the Paperwork Reduction Act of 1995, Public Law 104–13. Comments are requested regarding whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; ways to enhance the quality, utility and clarity of the information to be collected; and ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

Comments regarding this information collection received by April 3, 2026 will be considered. Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it

displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Marking, Labeling, and Packaging of Meat, Poultry, and Egg Products.

OMB Control Number: 0583–0092.

Summary of Collection: The Food Safety and Inspection Service (FSIS) has been delegated the authority to exercise the functions of the Secretary (7 CFR 2.18, 2.53), as specified in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601, *et seq.*), the Poultry Products Inspection Act (PPIA) (21 U.S.C. 451, *et seq.*), and the Egg Products Inspection Act (EPIA) (21 U.S.C. 1031, *et seq.*). These statutes mandate that FSIS protect the public by verifying that meat, poultry, and egg products are safe, wholesome, and properly labeled. FSIS is requesting renewal of the approved information collection regarding the regulatory requirements for marking, labeling, and packaging of meat, poultry, and egg products.

Need and Use of the Information:

This collection covers the certification of marking devices. This collection also covers the labeling approval process through which establishments are to submit their labels to FSIS for approval and maintain related files. Meat and poultry establishments and egg products plants must develop labels in accordance with FSIS regulations (9 CFR 317.1, 381.115, 590.410, and 412.2). Unless labels are generically approved (meaning, they do not need to be submitted to FSIS prior to use on product in commerce), establishments must complete an application for approval ("Application for Approval of Labels, Marking or Device," FSIS Form 7234–1)(9 CFR 412.1). The establishment must maintain a copy of all the labeling used, along with product formulation and processing procedures and any additional documentation needed to support that the labels are consistent with FSIS regulations and policies on labeling (9 CFR 320.1(b)(11) and 381.175(b)(6)). Additionally, establishments requesting reconsideration of a label application that the Agency has modified or rejected under 9 CFR 500.8 submit their request using the "Request for Label Reconsideration," FSIS Form 8822–4.

Description of Respondents: Business or other for-profit.

Number of Respondents: 255,578.

Frequency of Responses:
Recordkeeping; Reporting: On occasion.
Total Burden Hours: 121,867.

Levi S. Harrell,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410–DM–P

DEPARTMENT OF AGRICULTURE

Animal and Plant Health Inspection Service

[Docket No. APHIS–2025–0571]

Addition of Sri Lanka to the List of Regions Affected by African Swine Fever

AGENCY: Animal and Plant Health Inspection Service, USDA.

ACTION: Notice.

SUMMARY: We are advising the public that we have added Sri Lanka to the Animal and Plant Health Inspection Service (APHIS) list maintained on the APHIS website of regions considered to be affected by African swine fever (ASF). We have taken this action because of the confirmation of ASF in this country.

DATES: Sri Lanka was added to the list of regions APHIS considers to be affected with ASF, effective December 4, 2024.

FOR FURTHER INFORMATION CONTACT: Dr. C. Aaron Monroy, APHIS Veterinary Services, Regionalization Evaluation Services, Strategy and Policy, VS, 920 Main Campus Drive, Venture II, Raleigh, NC 27606; phone: (919) 855–7207, email: AskRegionalization@usda.gov.

SUPPLEMENTARY INFORMATION: The regulations in 9 CFR part 94 (referred to below as the regulations) govern the importation of certain animals and animal products into the United States to prevent the introduction of various animal diseases, including African swine fever (ASF). ASF is a highly contagious disease of wild and domestic swine that can spread rapidly with extremely high rates of morbidity and mortality. A list of regions where ASF exists or is reasonably believed to exist is maintained on the Animal and Plant Health Inspection Service (APHIS) website at <https://www.aphis.usda.gov/aphis/ourfocus/animalhealth/animal-and-animal-product-import>

information/animal-health-status-of-regions/. This list is referenced in § 94.8(a)(2) of the regulations.

Section 94.8(a)(3) of the regulations states that APHIS will add a region to the list referenced in § 94.8(a)(2) upon determining ASF exists in the region or having reason to believe the disease exists in the region, based on reports APHIS receives of outbreaks of the disease from veterinary officials of the exporting country, from the World Organization for Animal Health (WOAH),¹ or from other sources the Administrator determines to be reliable, or upon determining that there is reason to believe the disease exists in the region. Section 94.8(a)(1) of the regulations specifies the criteria on which the Administrator bases the reason to believe ASF exists in a region. Section 94.8(b) prohibits the importation of pork and pork products from regions listed in accordance with § 94.8 except if processed and treated in accordance with the provisions specified in that section or consigned to an APHIS-approved establishment for further processing. Section 96.2 restricts the importation of swine casings that originated in or were processed in a region where ASF exists, as listed under § 94.8(a).

On October 9, 2024, media reports of widespread disease in swine began and on October 25, 2024, the veterinary authorities of Sri Lanka published a notice in their official Gazette declaring an outbreak of ASF in that country. In response to the media reports and the official Gazette publication, on December 4, 2024, APHIS added Sri Lanka to the list of regions where ASF exists or the Administrator has reason to believe that ASF exists, in compliance with § 94.8(a)(3). This notice serves as an official record and public notification of that action.

As a result, pork and pork products from Sri Lanka, including casings, are subject to APHIS import restrictions designed to mitigate the risk of ASF introduction into the United States.

Authority: 7 U.S.C. 1633, 7701–7772, 7781–7786, and 8301–8317; 21 U.S.C. 136 and 136a; 31 U.S.C. 9701; 7 CFR 2.22, 2.80, and 371.4.

¹ The World Organization for Animal Health internationally follows a British English spelling of “organisation” in its name; also, it was formerly the Office International des Epizooties, or OIE, but on May 28, 2022, the Organization announced that the acronym was changed from OIE to WOAH.

Done in Washington, DC, this 2nd day of March 2026.

Kelly Moore,

Acting Administrator, Animal and Plant Health Inspection Service.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–533–936, C–533–937]

Overhead Door Counterbalance Torsion Springs From India: Antidumping Duty and Countervailing Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing antidumping duty (AD) and countervailing duty (CVD) orders on overhead door counterbalance torsion springs (overhead door springs) from India.

DATES: Applicable March 4, 2026.

FOR FURTHER INFORMATION CONTACT: Seth Brown (AD), Office IX, telephone: (202) 482–0029; and Zachary Shaykin (CVD), Office IV, telephone: (202) 482–2638; AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 705(d) and 735(d) of the Tariff Act of 1930, as amended (the Act), on December 31, 2025, Commerce published its affirmative final determinations of sales at less than fair value (LTFV) of overhead door springs from India,¹ and its affirmative final determination that countervailable subsidies are being provided to producers and exporters of overhead door springs from India.² On February 20, 2026, pursuant to sections 705(d) and 735(d) of the Act, the ITC

¹ See *Overhead Door Counterbalance Torsion Springs from India: Final Affirmative Determination of Sales at Less than Fair Value and Final Affirmative Determination of Critical Circumstances*, 90 FR 61366 (December 31, 2025) (*LTFV Final Determination*).

² See *Overhead Door Counterbalance Torsion Springs from India: Final Affirmative Countervailing Duty Determination and Final Affirmative Critical Circumstances Determination*, 90 FR 61369 (December 31, 2025) (*CVD Final Determination*).

notified Commerce of its final affirmative determinations³ that an industry in the United States is materially injured by reason of dumped imports of overhead door springs from India, and subsidized imports of overhead door springs from India, within the meaning of sections 705(b)(1)(A)(i) and 735(b)(1)(A)(i) of the Act, respectively.⁴

Scope of the Orders

The product covered by these orders is overhead door springs from India. For a complete description of the scope of these orders, see the appendix to this notice.

AD Order

On February 20, 2026, in accordance with section 735(d) of the Act, the ITC notified Commerce of its final determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act by reason of imports of overhead door springs from India that are sold in the United States at LTFV. Therefore, in accordance with sections 735(c)(2) and 736(a) of the Act, Commerce is issuing this AD order. Because the ITC determined that imports of overhead door springs from India are materially injuring a U.S. industry,⁵ unliquidated entries of such merchandise from India, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of overhead door springs from India. Antidumping duties will be assessed on unliquidated entries of overhead door springs entered, or withdrawn from warehouse, for consumption on or after June 2, 2025, the date of publication of the *LTFV Preliminary Determination*⁶ but will not
