DATES: Applicable March 6, 2026.

SUPPLEMENTARY INFORMATION:

Background

On August 13, 2025, Commerce published the *Preliminary Results* of this review in the **Federal Register** and invited interested parties to comment.¹

Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative

proceedings by 47 days,² and, due to a backlog of documents that were electronically filed via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³ On February 12, 2026, Commerce extended the deadline for issuing the final results by an additional 14 days, pursuant to section 751(a)(3)(A) of the Act.⁴ Accordingly, the deadline for these final results is now March 3, 2026.

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁵ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed at <https://access.trade.gov/public/FRNoticesListLayout.aspx>.

Commerce conducted this review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order⁶

The product covered by the *Order* is CAAS from South Africa. For a complete description of the scope, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs filed by parties in this review are listed in the appendix to this notice and addressed in the Issues and Decision Memorandum.

Final Results of the Review

Commerce determines the following estimated weighted-average dumping margin exists for the period April 1, 2023, through March 31, 2024:

Producer/exporter	Weighted-average dumping margin (percent)
Hulamin Operations (Pty) Ltd	0.00

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of the date of publication of the notice of final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because we have made no changes to the *Preliminary Results*, there are no calculations to disclose.

Assessment Rates

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review. For any individually examined respondents whose weighted-average dumping margin is above *de minimis*, we calculated importer-specific *ad valorem* duty assessment rates by dividing the total amount of antidumping duties calculated for the examined sales by the total entered value of the examined sales to that importer. Where the respondent did not report entered value, we calculated the entered value in order to calculate the assessment rate. Where either the respondent’s weighted-average dumping margin is zero or *de minimis* within the meaning of 19 CFR 351.106(c)(1), or an importer-specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.

Because the weighted-average dumping margin for by Hulamin Operations is zero, we will instruct CBP to liquidate appropriate entries without regard to antidumping duties in accordance with the *Final Modification for Reviews*.⁷ Commerce’s “automatic assessment” will apply to entries of subject merchandise during the POR produced by Hulamin Operations for which the company did not know that the merchandise it sold to an intermediary (e.g., a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate such

entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.⁸

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review in the **Federal Register**, as provided for by section 751(a)(2) of the Act: (1) the cash deposit rate for companies subject to this review will be the rates established in these final results of the review; (2) for merchandise exported by producers or exporters not covered in this review but covered in a prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, then the cash deposit rate will be the rate established for the most recent period for the producer of the merchandise; (4) the cash deposit rate for all other producers or exporters will continue to be 8.85 percent, the all-others rate established in the investigation.⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding the Administrative Protective Order

⁸ For a full discussion of this practice, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

⁹ See *Order*, 86 FR at 22142.

This notice also serves as a reminder to parties subject to the administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: March 3, 2026.

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

SUPPLEMENTARY INFORMATION:

Background

On December 19, 2025, Commerce published in the **Federal Register** its preliminary determination in the LTFV investigation of rebar from Algeria and invited parties to comment on the *Preliminary Determination*.¹

On January 20, 2026, the Rebar Trade Action Coalition (RTAC or the petitioner) submitted a case brief urging Commerce to: (1) continue relying on adverse facts available (AFA) to determine the dumping margin of the non-responsive mandatory respondent, Tosyali Iron Steel Industry Algeria SPA (Tosyali), (2) make no changes to the dumping margins determined in the *Preliminary Determination* for Tosyali and all other producers and exporters.²

No other party submitted a case brief regarding the *Preliminary Determination*, and no party submitted a rebuttal brief. As Commerce received no other substantive comments requesting consideration of changes to the *Preliminary Determination*, and Commerce agrees with the petitioner that no changes are warranted, the *Preliminary Determination* is hereby adopted in this final determination, and no decision memorandum accompanies this notice.

Scope of the Investigation

The product covered by this investigation is steel concrete reinforcing bar from Algeria. For a complete description of the scope of this investigation, see the appendix to this notice.
