

expenditures by operational component; characteristics of industrial and/or other sector participation; research activities; education activities; knowledge transfer activities; patents, licenses; publications; degrees granted to students involved in Center activities; descriptions of significant advances and other outcomes of the MRSEC effort. Such reporting requirements are included in the cooperative agreement that is binding between the academic institution and NSF.

Each Center's annual report will address the following categories of activities: (1) research, (2) shared experimental facilities, (3) education, (4) knowledge transfer, (5) partnerships, (6) management, and (7) budget issues.

For each of the categories the report will describe overall objectives for the year, specific outputs and outcomes of the reporting period, challenges that the Center has encountered in making progress towards goals and remedies, and plans for the following year.

MRSECs are required to file a final annual report through the RPPR and external technical assistance contractor. Final annual reports contain similar information and metrics as annual reports, effectively they constitute the last annual report; the Program Officer maintains a cumulative database with all relevant achievements and metrics.

Use of the Information: NSF will use the information to continue funding of the Centers, and to evaluate the progress of the program.

Estimate of Burden: 80 hours per annual report for each of 20 centers for a total of 1600 hours per year.

Respondents: Non-profit institutions.

Estimated Number of Responses per Report: One from each of the 20 MRSECs.

Comments: Comments are invited on (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information shall have practical utility; (b) the accuracy of the Agency's estimate of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information on respondents, including through the use of automated collection techniques or other forms of information technology; and (d) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a proposed collection of information to OMB for review entitled NRC Form 1121, “Bankruptcy Information Request, Post Filing.” The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on June 23, 2025, 90 FR 26622.

1. *The title of the information collection:* NRC Form 1121, Bankruptcy Information Request, Post Filing.

2. *OMB approval number:* An OMB control number has not yet been assigned to this proposed information collection.

3. *Type of submission:* New.

4. *The form number, if applicable:* NRC Form 1121.

5. *How often the collection is required or requested:* Once per bankruptcy filing.

6. *Who will be required or asked to respond:* All NRC licensees (*i.e.*, all license categories) who seek bankruptcy protection will be asked to voluntarily respond through NRC Form 1121 submission.

7. *The estimated number of annual responses:* 4.

8. *The estimated number of annual respondents:* 4.

9. *The estimated number of hours needed annually to comply with the information collection requirement or request:* 20.

10. *Abstract:* The NRC intends to collect information regarding radioactive material source security and radiation protection program continuance, as required by license condition and regulation, during the licensee’s bankruptcy proceeding duration. This information is being collected to gain assurance that the licensee can comply to source security, license maintenance and other regulatory obligations during the bankruptcy process.

Dated: March 4, 2026.
