

• Article 19 of the United Kingdom Market Abuse Regulation (Regulation (EU) No. 596/2014), as it forms part of United Kingdom domestic law pursuant to the European Union (Withdrawal) Act 2018 (“UK MAR”), which provides, in general, requirements that persons discharging managerial responsibilities (which includes directors and officers) promptly report to the issuer any changes in beneficial ownership of the issuer’s securities, including a description of the security, the nature of the transaction, and the price and volume of the transaction, and that such reports be made available to the general public.⁹

The exemption granted by this order is subject to the following conditions:

- Any director or officer, as defined in Section 3(a)(7) of the Exchange Act and Rule 16a–1(f) of the Exchange Act, respectively, seeking to rely on this exemption is required to report their transactions in the issuer’s securities as set forth under the qualifying regulation to which they are subject;¹⁰ and
- Any report filed pursuant to a qualifying regulation is made available in English to the general public within no more than two business days of its public posting.¹¹

In exercising the exemptive authority granted under Section 16(a)(5) of the Exchange Act, the Commission has determined that the qualifying regulations of the qualifying jurisdictions include substantially similar requirements to the requirements of Section 16(a). In making this determination, the Commission considered the following criteria:

- Persons covered: directors and officers of issuers, including persons who perform policy-making functions for the issuer, are subject to reporting obligations.
- Securities covered: directors and officers must report holdings of, and

transactions in, any equity securities or derivative securities relating to an issuer.

- Transactions covered: directors and officers must report transactions and other changes in beneficial ownership, including acquisitions and dispositions of any direct or indirect beneficial ownership interest, with a focus on the director’s or officer’s opportunity to profit or share in the profit derived from a transaction.

- Reports: the required reports disclose the director’s or officer’s beneficial ownership and changes in such beneficial ownership, with timely filings of these reports.

- Publicly available: reports are publicly available electronically in English.

The Commission reviewed each of the qualifying regulations and assessed how each qualifying regulation compared to Section 16(a) of the Exchange Act with regard to each of the criteria listed above. The Commission concluded that each of the qualifying regulations covers substantially similar persons, securities, and transactions as those covered by Section 16(a) of the Exchange Act, and requires timely public disclosures of the covered persons’ changes in beneficial ownership.

Accordingly, it is ordered, pursuant to Section 16(a)(5) of the Exchange Act, that directors and officers of an FPI that is incorporated or organized in a qualifying jurisdiction and subject to a qualifying regulation are exempt from the reporting requirements of Section 16(a) of the Exchange Act, provided that each condition set forth above is satisfied.

By the Commission.

J. Matthew DeLesDernier,
Deputy Secretary.
