[Docket No. FWS-R2-ES-2026-N001;
 FXES11130200000-267-FF02ENEH00]

Endangered and Threatened Wildlife and Plants; Initiation of 5-Year Status Reviews of 14 Species in the Southwest

AGENCY: Fish and Wildlife Service,
 Interior.

ACTION: Notice of initiation of reviews;
 request for information.

SUMMARY: We, the U.S. Fish and
 Wildlife Service, are conducting 5-year
 status reviews of 14 animal and plant
 species under the Endangered Species
 Act. A 5-year status review is based on
 the best scientific and commercial data
 available at the time of the review;
 therefore, we are requesting submission
 of any such information that has become
 available since the last reviews for the
 species.

DATES: To ensure consideration, we are
 requesting submission of new
 information no later than April 10,
 2026. However, we will continue to
 accept new information about any listed
 species at any time.

ADDRESSES: For details on how to
 request or submit information, see
 Request for Information and How Do I
 Ask Questions or Provide Information?
 in the **SUPPLEMENTARY INFORMATION**
 section.

FOR FURTHER INFORMATION CONTACT: For
 information on a particular species,
 contact the appropriate person or office
 listed in the table in the **SUPPLEMENTARY**
INFORMATION section. For general
 information, contact Beth Forbus, by
 telephone at 505-318-8972 or by email
 at Beth_Forbus@fws.gov.

Individuals in the United States who
 are deaf, deafblind, hard of hearing, or
 have a speech disability may dial 711
 (TTY, TDD, or TeleBraille) to access
 telecommunications relay services.
 Individuals outside the United States
 should use the relay services offered
 within their country to make
 international calls to the point-of-
 contact in the United States.

SUPPLEMENTARY INFORMATION:

Why do we conduct 5-year reviews?

Under the Endangered Species Act of
 1973, as amended (ESA; 16 U.S.C. 1531
et seq.), we maintain Lists of
 Endangered and Threatened Wildlife
 and Plants (which we collectively refer
 to as the List) in the Code of Federal
 Regulations (CFR) at 50 CFR 17.11 (for
 animals) and 17.12 (for plants). Section
 4(c)(2)(A) of the ESA requires us to
 review each listed species' status at least
 once every 5 years. Our regulations at 50
 CFR 424.21 require that we publish a
 notice in the **Federal Register**
 announcing those species under active
 review. For additional information
 about 5-year status reviews, refer to our
 factsheet at [https://www.fws.gov/
 project/five-year-status-reviews](https://www.fws.gov/project/five-year-status-reviews).

What information do we consider in our review?

A 5-year status review considers all
 new information available at the time of
 the review. In conducting these reviews,
 we consider the best scientific and
 commercial data that have become
 available since the listing determination
 or most recent status review, such as:

A. Species biology, including but not
 limited to population trends,
 distribution, abundance, demographics,
 and genetics;

B. Habitat conditions, including but
 not limited to amount, distribution, and
 suitability;

C. Conservation measures that have
 been implemented that benefit the
 species;

D. Threat status and trends in relation
 to the five listing factors (as defined in
 section 4(a)(1) of the ESA); and

E. Other new information, data, or
 corrections, including but not limited to
 taxonomic or nomenclatural changes,
 identification of erroneous information
 contained in the List, and improved
 analytical methods.

Any new information will be
 considered during the 5-year status
 review and will also be useful in
 evaluating the ongoing recovery
 programs for the species.

Which species are under review?

The species in table 1 are under active
 5-year status review.

Request for Information

To ensure that a 5-year status review is complete and based on the best available scientific and commercial information, we request new information from all sources. See What Information Do We Consider in Our Review? for specific criteria. If you submit information, please support it with documentation such as maps, bibliographic references, methods used to gather and analyze the data, and/or copies of any pertinent publications, reports, or letters by knowledgeable sources.

How do I ask questions or provide information?

If you wish to provide information for any species under review, please submit your comments and materials to the appropriate contact in table 1. You may also direct questions to those contacts. For general questions, contact the

person under **FOR FURTHER INFORMATION CONTACT**.

Public Availability of Comments

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Completed and Active Reviews

A list of all completed and currently active 5-year status reviews can be found at <https://ecos.fws.gov/ecp/report/species-five-year-review>.
