SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Corps Water Infrastructure Financing Program (CWIFP) Applications; ENG Form 6176 and ENG Form 6177; OMB Control Number 0710-0026.

Needs and Uses: The U.S. Army Corps of Engineers (USACE) is collecting this information to administer the Corps Water Infrastructure Financing Program (CWIFP), which provides federal credit assistance for water infrastructure projects as authorized by the Water Infrastructure Finance and Innovation Act of 2014 (WIFIA). The information collection is a two-step process. The Preliminary Application (ENG Form 6176) is necessary to validate the eligibility of the prospective borrower and project, perform preliminary creditworthiness and feasibility assessments, and evaluate the project against the selection criteria to identify which projects USACE will invite to submit a final application.

Based on evaluation of the Preliminary Application, USACE will invite prospective borrowers to submit a Final Application (ENG Form 6177). The Final Application provides USACE with the detailed information necessary to assess the creditworthiness of both the applicant and project, identify the project's engineering and financial risk, negotiate the terms and conditions of the credit assistance, and calculate the amount of budget authority needed to fund the project.

The respondents are eligible entities seeking federal credit, including corporations, partnerships, and state, local, or tribal governments. Without this information collection, USACE would be unable to evaluate projects, manage financial risk, or execute its mission to provide credit assistance for the nation's water infrastructure.

Affected Public: Corporations, partnerships, joint ventures, trusts, federal, state, or local government entities, tribal governments or a consortium of tribal governments, and state infrastructure finance authorities.
