INTERNATIONAL TRADE COMMISSION

[Investigation No. 337-TA-1410]

Certain Disposable Vaporizer Devices; Notice of Final Commission Determination of No Violation; Termination of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission ("Commission") has determined to reverse the violation findings of the final initial determination ("FID") issued by the presiding administrative law judge ("ALJ") in this investigation and find that asserted claims 4 and 12, and claim 1 on which they depend, of U.S. Patent No. 11,925,202 ("the 202 patent") are invalid as obvious under 35 U.S.C. 103 ("section 103"), and thus there is no violation of section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337 ("section 337"). The Commission has also determined to take no position on whether the complainants satisfied the economic prong of the domestic industry requirement. The Commission otherwise adopts the findings of the FID to the extent they do not conflict with the attached opinion, with some

modifications to supplement its finding that claims 4 and 12 are not anticipated under 35 U.S.C. 102 ("section 102"). This investigation is hereby terminated with a finding of no violation.

FOR FURTHER INFORMATION CONTACT: Carl Bretscher, Office of the General Counsel, U.S. International Trade Commission, 500 E Street SW, Washington, DC 20436, telephone 202-205-2382. The complaint further alleges that a domestic industry exists in the United States.
