Notice of Inventory Completion: University of Michigan, Ann Arbor, MI

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the University of Michigan has completed an inventory of human remains (hereinafter referred to as "Native American individual") and has determined that there is a cultural affiliation between the Native American individual and the Indian Tribe in this notice.

DATES: Repatriation of the Native American individual in this notice may occur on or after April 15, 2026.

ADDRESSES: Send written requests for repatriation of the Native American individual in this notice to Dr. Ben

Secunda, NAGPRA Office Managing Director, University of Michigan, Office of Research, Suite G269, Lane Hall, Ann Arbor, MI 48109-1274, email bsecunda@umich.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the University of Michigan, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

One Native American individual has been identified. No associated funerary objects. In March of 1956, this individual was transferred from a facility in Isabella County, Michigan to the University of Michigan Anatomical Donations Program. Consultation occurred with representatives of the Little River Band of Ottawa Indians, Michigan; as well as Ms. Linda Andre.

The University of Michigan has no record of, nor do its officials have any knowledge of, any treatment of the Native American individual with pesticides, preservatives, or other substances that represent a potential hazard to the Native American individual or to persons handling the Native American individual.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is clearly identified by the information available about the Native American individual described in this notice.

Determinations

The University of Michigan has determined that:

- The Native American individual described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a connection between the Native American individual described in this notice and the Little River Band of Ottawa Indians, Michigan.

Requests for Repatriation

Written requests for repatriation of the Native American individual in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the Native American individual described in this notice to a requestor may occur on or after April 15, 2026. If competing requests for repatriation are received, the University of Michigan must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the Native American individual are considered a single request and not competing requests. The University of Michigan is responsible for sending a copy of this notice to the Indian Tribe identified in this notice.

Authority: Native American Graves Protection and Repatriation Act, 25 U.S.C. 3003, and the implementing regulations, 43 CFR 10.10.

Notice of Inventory Completion: American Museum of Natural History, New York, NY

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the American Museum of Natural History has completed an inventory of human remains and has determined that there is a cultural affiliation between the human remains and Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the human remains in this notice may occur on or after April 15, 2026.

ADDRESSES: Send written requests for repatriation of the human remains in this notice to Nell Murphy, American Museum of Natural History, 200 Central Park West, New York, NY 10024, email nmurphy@amnh.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the American Museum of Natural History, and additional information on the determinations in this notice, including the results of consultation, can be found in its inventory or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

Human remains representing, at least, nine individuals have been identified. No associated funerary objects are present. In 1911, Carl Lumholtz, a Norwegian naturalist sold four hairbrushes that he collected in Arizona to the Museum which accessioned them that same year. The four hairbrushes are catalogued as "Papago." In 1911, the AMNH accessioned four hairbrushes that Ms. Mary Lois Kissell collected in Arizona between 1909–1910 as part of the Huntington Southwest Expedition. The Museum accessioned these hairbrushes, all of which are catalogued as "Papago" or "Papago?" in 1911. 1 hairbrush which is catalogued as Papago? was found in storage and the acquisition history is unknown.

While it no longer does so, in the past, the Museum applied potentially hazardous pesticides to items in the collections. Museum records do not list specific objects treated or which of several chemicals used were applied to a particular item. Therefore, those handling this material should follow the advice of industrial hygienists or medical personnel with specialized training in occupational health or with potentially hazardous substances.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location and acquisition history of the human remains described in this notice.

Determinations

The American Museum of Natural History has determined that:

- The human remains described in this notice represent the physical remains of nine individuals of Native American ancestry.
- There is a connection between the human remains described in this notice and the Tohono O'odham Nation of Arizona.

Requests for Repatriation

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under

ADDRESSES. Requests for repatriation may be submitted by:

1. Any one or more of the Indian Tribes or Native Hawaiian organizations identified in this notice.

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after April 15, 2026. If competing requests for repatriation are received, the American Museum of Natural History must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the human remains are considered a single request and not competing requests. Notice of Intended Repatriation: The Field Museum, Chicago, IL

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), the Field Museum intends to repatriate certain cultural items that meet the definition of objects of cultural patrimony and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after April 15, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Helen Robbins, The Field Museum, 1400 S DuSable Lake Shore Drive, Chicago, IL 60605, email hrobbins@fieldmuseum.org.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of the Field Museum, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 270 cultural items have been requested for repatriation from Coconino and Navajo Counties, Arizona for repatriation. These 270 objects of cultural patrimony are from one accession that has been approved for repatriation. They consist of ceramic vessels such as food bowls, cooking pots, jars, vases, mugs, and ladles; bone items such as awls and shell objects; stone items such as mortars, a hammer, and other implements; and jewelry. The requested items are part of Accession 745, (now known as the Frank J. Watron Collection) and was acquired in 1901 by the Field Columbian Museum (now known as the Field Museum). Frank J. Watron removed or purchased the requested items between July 1898 and April 1899 from various sites affiliated with the Hopi Tribe in northeastern Arizona, including K Ranch, X Ranch, Sikyatki, Taylor Springs, and Moki Peaks. All items in this request are archaeological and identified in Field Museum records as Hopi. Based on consultation, academic research, and Field Museum records, these sites are affiliated with the Hopi Tribe of Arizona. There is no known presence of any potentially hazardous substances used to treat any of the cultural items.

Determinations

The Field Museum has determined that:

- The 270 objects of cultural patrimony described in this notice have ongoing historical, traditional, or cultural importance central to the Native American group, including any constituent sub-group (such as a band, clan, lineage, ceremonial society, or other subdivision), according to the
