

2026. The ROD satisfies the regulatory requirement in paragraph 51.102(a) of title 10 of the *Code of Federal Regulations* (10 CFR), which requires that a Commission decision on any action for which a final environmental impact statement (EIS) has been prepared be accompanied by or include a concise public ROD. As discussed in the ROD, the final EIS for TRISO-X's license application for a fuel fabrication facility in Oak Ridge, Roane County, Tennessee was issued on February 12, 2026, and noticed in the **Federal Register** on February 13, 2026 (91 FR 6906).

The NRC staff prepared a final safety evaluation report that documents the staff's safety and security review of the application.

The staff's safety and security review found that the application meets applicable NRC regulations in 10 CFR part 70, "Domestic Licensing of Special Nuclear Material." Documents related to

the application are available under Docket ID NRC-2022-0209. These documents for the TRISO-X license include the license application, the integrated safety analysis summary, emergency plan, fundamental nuclear material control plan, physical security plan, environmental report and the NRC staff's final safety evaluation report, final EIS, and ROD.

TRISO-X's request for a materials license, an opportunity to request a hearing and to petition for leave to intervene was previously noticed in the **Federal Register** on February 3, 2023 (88 FR 7473). No individuals filed petitions to intervene.

In issuing a materials license for the TRISO-X Fuel Fabrication Facility, the NRC determined based on its review of the application that there is reasonable assurance that: (i) the activities authorized by the license can be conducted without endangering the health and safety of the public; and (ii)

these activities will be conducted in compliance with the applicable regulations of 10 CFR part 70. The NRC has further determined that the issuance of the license is not inimical to the common defense and security.

In accordance with 10 CFR 2.390 of the NRC's "Rules of Practice," the details with respect to this action, including the final safety evaluation report and accompanying documentation and license, are available electronically in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. From this site, you can access ADAMS, which provides text and image files for the NRC public documents.

**SUPPLEMENTARY INFORMATION:**

**I. Introduction**

Under section 2.106 of title 10 of the *Code of Federal Regulations* (10 CFR), "Notice of issuance," the U.S. Nuclear Regulatory Commission (NRC or the Commission) is providing notice of the issuance of Construction Permit (CP) No. CPAR-1 to US SFR Owner, LLC (USO) and issuance of the record of decision (ROD) under 10 CFR 51.102, "Requirement to provide a record of decision; preparation." The CP, which is immediately effective, authorizes USO to construct a power reactor facility in Lincoln County, Wyoming, as described in the CP application. With respect to the CP application filed by TerraPower, LLC on behalf of USO, the NRC finds that the applicable standards and requirements of the Atomic Energy Act of 1954, as amended, and the Commission's regulations have been met. The NRC finds that any required notifications to other agencies or bodies have been duly made and that, among other things, there is reasonable assurance that the activities authorized by the permit will be conducted in compliance with the rules and regulations of the Commission, that safety questions will be satisfactorily resolved by the completion of construction, and that, taking into consideration siting criteria, the proposed facility can be constructed and operated at the proposed location without undue risk to public health and safety, subject to the conditions listed in the CP. Furthermore, the NRC finds that the licensee, USO, is technically and financially qualified to engage in the activities authorized, and that issuance of the CP will not be inimical to the

common defense and security or to the health and safety of the public. Finally, the NRC finds that the findings required by subpart A, "National Environmental Policy Act—Regulations Implementing Section 102(2)" of 10 CFR part 51, "Environmental Protection Regulations for Domestic Licensing and Related Regulatory Functions" have been made.

Accordingly, the immediately effective CP was issued on March 9, 2026.

**II. Further Information**

The NRC staff prepared a Safety Evaluation (SE) and Final Environmental Impact Statement (FEIS) that document its evaluation of the CP application and its findings. The Commission also issued its Memorandum and Order documenting its final decision on the uncontested hearing on March 4, 2026, which serves as the ROD in this proceeding. The NRC staff also prepared a summary of the ROD that incorporates by reference the materials contained in the FEIS. In accordance with 10 CFR 2.390, "Public inspections, exemptions, requests for withholding," of the NRC's "Agency Rules of Practice and Procedure," details with respect to this action, including the SE, FEIS, the summary of the ROD, and accompanying documentation included in the CP package, as well as the Commission's hearing decision, are available online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. From this site, persons can access the NRC's ADAMS, which provides text and image files of NRC's public documents.

#### SUPPLEMENTARY INFORMATION:

#### Table of Contents

- I. Introduction
- II. Public Proceeding(s)
- III. Summary Proceeding(s)

### I. Introduction

Pursuant to 39 CFR 3041.405, the Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to Competitive negotiated service agreement(s). The request(s) may propose the addition of a negotiated service agreement from the Competitive product list or the modification of an existing product currently appearing on the Competitive product list.

The public portions of the Postal Service's request(s) can be accessed via the Commission's website (<http://www.prc.gov>). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3011.301.<sup>1</sup>

Section II identifies the docket number(s) associated with each Postal Service request, if any, that will be reviewed in a public proceeding as defined by 39 CFR 3010.101(p), the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each such request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 and 39 CFR 3000.114 (Public Representative). The Public Representative does not represent any individual person, entity or particular point of view, and, when Commission attorneys are appointed, no attorney-client relationship is established. Section II also establishes comment deadline(s) pertaining to each such request.

The Commission invites comments on whether the Postal Service's request(s)

<sup>1</sup> See Docket No. RM2018-3, Order Adopting Final Rules Relating to Non-Public Information, June 27, 2018, Attachment A at 19-22 (Order No. 4679).

identified in Section II, if any, are consistent with the policies of title 39. Applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3035, and 39 CFR part 3041. Comment deadline(s) for each such request, if any, appear in Section II.

Section III identifies the docket number(s) associated with each Postal Service request, if any, to add a standardized distinct product to the Competitive product list or to amend a standardized distinct product, the title of each such request, the request's acceptance date, and the authority cited by the Postal Service for each request. Standardized distinct products are negotiated service agreements that are variations of one or more Competitive products, and for which financial models, minimum rates, and classification criteria have undergone advance Commission review. See 39 CFR 3041.110(n); 39 CFR 3041.205(a). Such requests are reviewed in summary proceedings pursuant to 39 CFR 3041.325(c)(2) and 39 CFR 3041.505(f)(1). Pursuant to 39 CFR 3041.405(c)-(d), the Commission does not appoint a Public Representative or request public comment in proceedings to review such requests.

### II. Public Proceeding(s)

1. *Docket No(s):* MC2026-171 and K2026-171; *Filing Title:* USPS Request to Add Priority Mail Express International, Priority Mail International & First-Class Package International Service Contract 109 to Competitive Product List and Notice of Filing Materials Under Seal; *Filing Acceptance Date:* March 11, 2026; *Filing Authority:* 39 U.S.C. 3642, 39 CFR 3035.105, and 39 CFR 3041.310; *Public Representative:* Katalin Clendenin; *Comments Due:* March 19, 2026.
