

(i) is entered into freely and voluntarily, without any degree of duress or compulsion whatsoever; (ii) has been duly authorized; and (iii) constitutes the valid and binding obligation of Shimano, enforceable against Shimano in accordance with its terms. The individuals signing the Agreement on behalf of Shimano represent and warrant that they are duly authorized by Shimano to execute the Agreement.

31. The signatories represent that they are authorized to execute this Agreement.

32. The Agreement is governed by the laws of the United States.

33. The Agreement and the Order shall apply to, and be binding upon, Shimano and each of its parents, successors, transferees, and assigns; and a violation of the Agreement or Order may subject Shimano, and each of its parents, successors, transferees, and assigns, to appropriate legal action.

34. The Agreement, any attachments, and the Order constitute the complete agreement between the parties on the subject matter contained therein.

35. The Agreement may be used in interpreting the Order. Understandings, agreements, representations, or interpretations apart from those contained in the Agreement and the Order may not be used to vary or contradict their terms. For purposes of construction, the Agreement shall be deemed to have been drafted by both of the parties and shall not, therefore, be construed against any party, for that reason, in any subsequent dispute.

36. The Agreement may not be waived, amended, modified, or otherwise altered, except as in accordance with the provisions of 16 CFR 1118.20(h). The Agreement may be executed in counterparts.

37. If any provision of the Agreement or the Order is held to be illegal, invalid, or unenforceable under present or future laws effective during the terms of the Agreement and the Order, such provision shall be fully severable. The balance of the Agreement and the Order shall remain in full force and effect, unless the Commission and Shimano

agree in writing that severing the provision materially affects the purpose of the Agreement and the Order.

**POLICY JUSTIFICATION**

*Peru—Design and Construction at Callao Naval Base*

The Government of Peru has requested to buy equipment and services to support the procurement of maritime and onshore facilities at the Callao Naval Base. The following non-Major Defense Equipment items will be included: lifecycle design; construction; project management; engineering studies; engineering services; technical support; facility and infrastructure assessments; surveys; planning; programming; design; acquisition; contract administration; construction management; U.S. Government and contractor engineering, technical, and logistics support services; and other related elements of logistics and program support. The estimated total cost is \$1.5 billion.

This proposed sale will contribute to the foreign policy objectives of the U.S.

by helping to improve the security of an important partner which is a force for political stability, peace, and economic progress in South America.

The proposed sale will improve Peru's port infrastructure to accommodate current and future naval and logistical operations and requirements. This sale will also provide a safer, more efficient platform for naval operations by reducing civilian-military interactions at the existing facility. Peru will have no difficulty absorbing these articles and services into its armed forces.

The proposed sale of this construction and support will not alter the regional military balance in the region.

The principal contractor or contractors will be determined later from a list of approved vendors, likely through a competitive process. At this time, the U.S. Government is not aware of any offset agreement proposed in connection with this potential sale. Any

offset agreement will be defined in negotiations between the purchaser and the contractor or contractors.

Implementation of this proposed sale will require the assignment of up to twenty U.S. Government or U.S. contractor representatives to Peru for a duration of up to ten years to provide construction management and oversight.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.
