## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105000; File No. SR-PEARL-2026-12]

### Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Temporarily Decrease the Options Regulatory Fee (ORF)

March 16, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on March 6, 2026, MIAX PEARL, LLC (“MIAX Pearl” or “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule applicable to the options trading platform of MIAX Pearl (the “Fee Schedule”) regarding the Options Regulatory Fee (“ORF”).

The text of the proposed rule change is available on the Exchange’s website at <https://www.miaxglobal.com/markets/us-options/pearl-options/rule-filings> and at MIAX Pearl’s principal office.

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

#### II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

##### A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

###### 1. Purpose

The Exchange proposes to amend the Fee Schedule to temporarily decrease the ORF from \$0.0016 per contract to \$0.0013 per contract between March 1, 2026 and June 30, 2026.<sup>3</sup> In the event that the industry does not move to the new ORF model effective July 1, 2026, the Exchange would revert back to \$0.0016 per contract side.

###### Background

The ORF is designed to recover a material portion of the costs to the Exchange of the supervision and regulation of Members’<sup>4</sup> customer options business, including performing routine surveillances and investigations, as well as policy, rulemaking, interpretive and enforcement activities. The Exchange believes that revenue generated from the ORF, when combined with all of the Exchange’s other regulatory fees and fines, will cover a material portion, but not all, of the Exchange’s regulatory costs.

###### Collection of ORF

Currently, the Exchange assesses the per-contract ORF to each Member for all

<sup>3</sup> On January 20, 2026, the Exchange filed a separate rule filing to adopt a new ORF model, effective July 1, 2026 (subject to adoption of a similar model by all options exchanges). See Securities Exchange Act Release No. 104711 (January 28, 2026), 91 FR 4771 (February 2, 2026) (SR-PEARL-2026-01) (Self-Regulatory Organizations; MIAX PEARL, LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Adopt a New Methodology for Assessment and Collection of the Options Regulatory Fee (ORF)).

<sup>4</sup> The term “Member” means an individual or organization that is registered with the Exchange pursuant to Chapter II of Exchange Rules for purposes of trading on the Exchange as an “Electronic Exchange Member” or “Market Maker.” Members are deemed “members” under the Exchange Act. See the Definitions section of the Fee Schedule and Exchange Rule 100.

options transactions cleared or ultimately cleared by the Member, which are cleared by the Options Clearing Corporation (“OCC”) in the “customer” range,<sup>5</sup> regardless of the exchange on which the transaction occurs. The ORF is collected by OCC on behalf of the Exchange from either: (1) a Member that was the ultimate clearing firm for the transaction; or (2) a non-Member that was the ultimate clearing firm where a Member was the executing clearing firm for the transaction. The Exchange uses reports from OCC to determine the identity of the executing clearing firm and ultimate clearing firm.

###### ORF Revenue and Monitoring of ORF

The Exchange monitors the amount of revenue collected from the ORF to ensure that it, in combination with other regulatory fees and fines, does not exceed regulatory costs. In determining whether an expense is considered a regulatory cost, the Exchange reviews all costs and makes determinations if there is a nexus between the expense and a regulatory function. The Exchange notes that fines collected by the Exchange in connection with a disciplinary matter offset ORF.

Revenue generated from ORF, when combined with all of the Exchange’s other regulatory fees and fines, is designed to cover a material portion of the regulatory costs to the Exchange of the supervision and regulation of Members’ customer options business including performing routine surveillances, investigations, examinations, financial monitoring, and policy, rulemaking, interpretive, and enforcement activities. Regulatory costs include direct regulatory expenses and certain indirect expenses in support of the regulatory function. The direct expenses include in-house and third party service provider costs to support the day-to-day regulatory work such as surveillances, investigations and examinations.

The ORF revenue is based on options transactions volume, thus the amount of ORF collected is variable. For example, if options transactions reported to OCC in a given month increase, the ORF collected from Members will likely increase as well. Similarly, if options transactions reported to OCC in a given month decrease, the ORF collected from Members will likely decrease as well. Accordingly, the Exchange monitors the amount of ORF collected to ensure that it does not exceed a material portion of

<sup>5</sup> Exchange participants must record the appropriate account origin code on all orders at the time of entry in order. The Exchange represents that it has surveillances in place to verify that Members mark orders with the correct account origin code.
