SUPPLEMENTARY INFORMATION: The Department announces the process for the designation of eligible institutions under section 312 of the HEA for FY 2026.

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Programs: Under certain HEA programs, including the Strengthening Institutions Program, institutions are eligible to apply for grants if they meet specific statutory and regulatory eligibility requirements.

Section 312 of the HEA, 34 CFR 607.2-607.5, includes many of the basic eligibility requirements for its grant programs. Section 312(b)(1)(B) of the HEA provides that, to be eligible for these programs, an institution of higher education's average "educational and general expenditures" (E&G) per full-time equivalent (FTE) undergraduate student must be less than the average E&G expenditures per FTE undergraduate student of institutions that offer similar instruction (public 2-year, public 4-year, private 2-year, and private 4-year) in that year.

The National Center for Education Statistics (NCES) calculates Core Expenses per FTE of institutions, a statistic like E&G per FTE. Both E&G per FTE and Core Expenses per FTE are based on regular operational expenditures of institutions (excluding auxiliary enterprises, independent operations, and hospital expenses). They differ only in that E&G per FTE is based on fall undergraduate enrollment, while Core Expenses per FTE is based on 12-month undergraduate enrollment for the academic year.

To avoid inconsistency in the data submitted to, and produced by, the Department, for the purpose of section 312(b)(1)(B) of the HEA, E&G per FTE is calculated using the same methodology as Core Expenses per FTE. Accordingly, the Department will apply the NCES methodology for calculating Core Expenses per FTE. Institutions requesting an eligibility exemption determination must use the Core Expenses per FTE data reported to NCES' Integrated Postsecondary Education Data System (IPEDS) for the most currently available academic year, in this case academic year 2023-2024.

Special Note: The most recent data available in IPEDS for Core Expenses per FTE are for base year 2023-2024. To award FY 2026 grants in a timely manner, we will use these data to evaluate eligibility.

Each institution interested in applying for a grant program for which eligibility under section 312 of the HEA is required must be designated as an eligible institution in FY 2026. See 34 CFR 607.5.

Eligible Applicants: The eligibility requirements for the authorized programs are in section 312 of the HEA (20 U.S.C. 1058) and in 34 CFR 607.2-607.5.

The Department has instituted a process known as the Eligibility Matrix (EM), under which we use information institutions submitted to IPEDS to determine which institutions meet the basic eligibility requirements under section 312 of the HEA. The data are utilized in the Department's eligibility system to calculate and determine which institutions meet the eligibility requirements. To make eligibility determinations for FY 2026, we use an institution's 2023-2024 enrollment and fiscal data. Beginning March 24, 2026, an institution will be able to review the Department's eligibility decision by checking the eligibility system linked through the Department's Institutional Service Eligibility website: <https://www.ed.gov/grants-and-programs/grants-higher-education/eligibility-designations-higher-education->

programs. The direct link is <https://HEPIS.ed.gov/>.

During the application period, the EM can be reviewed within the eligibility system (<https://HEPIS.ed.gov/>). The eligibility system maintains a record of all postsecondary institutions that are potentially eligible to apply under section 312 of the HEA. If the eligibility system’s entry for your institution indicates your institution is eligible, you will not need to apply for eligibility or submit a waiver request. Rather, if you choose to apply for the grant, you may print out the eligibility letter directly. If your institution is not shown as eligible, you must submit the application discussed in this notice before the application deadline.

To check your institution’s eligibility, go to <https://HEPIS.ed.gov/>, and log into the system using a *Login.gov* account. If you are not sure whether you have an account in the system, click the “Request Account” button. If you do not have an account, the system will walk you through setup. Note that it may take up to five business days to verify user identity and to complete new account setup, so please allow enough time to complete the application. If the Grant Eligibility Application (GEA) system is open for new applications, you may check your institution’s eligibility status by clicking the “View pre-Eligibility Information” button.

If the system does not show that your institution is eligible for a program you can apply for reconsideration using the process described in this notice. The application process mirrors that used in previous years. You will first complete an application on the website at <https://HEPIS.ed.gov/>.

Enrollment of Needy Students: Under section 312 of the HEA, an institution is considered to have an enrollment of needy students if it meets either of the following two criteria: (1) at least 50 percent of its degree-seeking students received financial assistance under the Federal Pell Grant, FSEOG, or FWS programs; or (2) the percentage of its undergraduate degree-seeking students who were enrolled on at least a half-time basis and received Federal Pell Grants exceeded the median percentage of undergraduate degree students who were enrolled on at least a half-time basis and received Federal Pell Grants at comparable institutions that offer similar instruction.

To qualify under the second criterion, an institution’s Federal Pell Grant percentage for base year 2023–2024 must be more than the median for its category of comparable institutions provided in the 2023–2024 Median Pell Grant and Average Core Expenses per FTE Student Table in this notice. If your institution qualifies only under the first criterion, you must submit an application containing the data necessary to satisfy the first criterion (showing at least 50 percent of your degree-seeking students received financial assistance under one of several Federal student aid programs (the Federal Pell Grant, FSEOG, or FWS programs)), since these data are not available in IPEDS.

Core Expenses per FTE Student: For each of the following programs, an institution should compare its base year 2023–2024 Core Expenses per FTE student to the average Core Expenses per FTE student for its category of comparable institutions using the 2023–2024 Median Pell Grant and Average

Core Expenses per FTE Student Table in this notice for certain programs under section 312 of the HEA. An institution satisfies the program eligibility requirement if its Core Expenses for the 2023–2024 base year are less than the average Core Expenses of its comparable institutional category.

The IPEDS definition of Core Expenses is used for eligibility purposes. “Core Expenses” are defined as the total expenses for the essential education activities of the institution. Core Expenses for public institutions reporting under the Governmental Accounting Standards Board (GASB) requirements include expenses for instruction, research, public service, academic support, student services, institutional support, operation and maintenance of plant, depreciation, scholarships and fellowships, interest, and other operating and non-operating expenses. Core Expenses for institutions reporting under the Financial Accounting Standards Board (FASB) standards (primarily private, not-for-profit, and for-profit institutions) include expenses for instruction, research, public service, academic support, student services, institutional support, net grant aid to students, and other expenses. Core Expenses do not include Federal student aid for the purposes of eligibility. For both FASB and GASB institutions, Core Expenses do not include expenses for auxiliary enterprises (e.g., bookstores, dormitories), hospitals, and independent operations.

The following table identifies base year 2023–2024 median Federal Pell Grant percentages and average Core Expenses per FTE student for the four categories of comparable institutions:

Type of institution	Base year 2023–2024 median Pell Grant percentage	Base year 2023–2024 average core expenses per FTE student
2-year Public Institutions	44	\$19,004
2-year Nonprofit Private Institutions	48	17,453
4-year Public Institutions	37	39,350
4-year Nonprofit Private Institutions	36	50,027

In accordance with 34 CFR 607.3(d), the Department publishes the following table identifying the low-income levels

(at 150 percent of the poverty level) for various family sizes:

2024 ANNUAL LOW-INCOME LEVELS

Size of family unit	Family income for the 48 contiguous states, DC, and outlying jurisdictions	Family income for Alaska	Family income for Hawaii
