[Docket No. AD26-5-000]

Transmission Formula Rate Processes; Notice of Staff-Led Workshop

Take notice that on May 12, 2026, from 9:00 a.m. to 12:30 p.m. Eastern Time, the staff of the Federal Energy Regulatory Commission (Commission) will hold a workshop, open to the public, to provide information to jurisdictional utilities, transmission formula rate data users, state regulators, and other stakeholders about the Commission's electric transmission formula rate processes, including the annual update and challenge process and the Commission's electric transmission formula rate audit program. The workshop will provide a forum for Commission staff, jurisdictional utilities, and transmission formula rate data users to discuss: (1) an overview of the mechanics of transmission formula rates; (2) transmission formula rate implementation protocols; (3) transmission formula rate annual updates; (4) the transmission formula rate audit program; (5) common compliance issues in transmission formula rates; and (6) the Commission's regulatory accounting program.

The workshop will take place in a hybrid format, with attendees allowed in person, at the Commission, 888 First Street NE, Washington, DC 20426, or virtually. A detailed agenda and further details on both in-person and virtual attendance will be published in eLibrary prior to the workshop. There is an "eSubscription" link on the Commission's website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please email FERCOnlineSupport@ferc.gov, or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

This workshop will be accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations please send an email to accessibility@ferc.gov or call toll free (866) 208-3372 (voice) or (202) 502-8659 (TTY), or send a fax to (202) 208-2106 with the required accommodations.

For more information about the workshop, please contact Ben Akintoye of the Commission's Office of Enforcement and Regulatory Accounting at (202) 502-6497 or [\[ferc.gov\]\(mailto:ferc.gov\); or Bianca Hill of the Commission's Office of Energy Market Regulation at \(202\) 502-6032 or \[bianca.hill@ferc.gov\]\(mailto:bianca.hill@ferc.gov\). BILLING CODE 6717-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0865; FR ID 336165]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection burden on small business concerns with fewer than 25 employees.

The FCC may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid OMB control number.

DATES: Written PRA comments should be submitted on or before May 26, 2026. If you anticipate that you will be submitting comments but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Cathy Williams, FCC, via email *PRA@fcc.gov* and to *Cathy.Williams@fcc.gov*.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Cathy Williams at (202) 418–2918.

SUPPLEMENTARY INFORMATION:

OMB Control No.: 3060–0865.

Title: Wireless Telecommunications Bureau Universal Licensing System Recordkeeping and Third Party Disclosure Requirements.

Form No.: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit entities, Individuals or households, Not-for-profit institutions, and State, Local or Tribal Government.

Number of Respondents and Responses: 57,070 respondents; 57,070 responses.

Estimated Time per Response: .166 hours (10 minutes)–4 hours.

Frequency of Response: Recordkeeping and third-party disclosure requirements; on occasion reporting requirement.

Obligation To Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in 47 U.S.C. 154(i) and 309(j).

Total Annual Burden: 77,811 hours.

Annual Cost Burden: No cost.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) as an extension after this 60-day comment period to obtain the full three-year clearance from them.

The purpose of this information collection is to continually streamline and simplify processes for wireless applicants and licensees, who previously used a myriad of forms for various wireless services and types of requests, in order to provide the Commission information that has been collected in separate databases, each for a different group of services. Such processes have resulted in unreliable reporting, duplicate filings for the same licensees/applicants, and higher cost burdens to licensees/applicants. By streamlining the Universal Licensing System (ULS), the Commission eliminates the filing of duplicative applications for wireless carriers; increases the accuracy and reliability of licensing information; and enables all wireless applicants and licensees to file all licensing-related applications and other filings electronically, thus increasing the speed and efficiency of the application process. The ULS also benefits wireless applicants/licensees by

reducing the cost of preparing applications, and speeds up the licensing process in that the Commission can introduce new entrants more quickly into this already competitive industry. Finally, ULS enhances the availability of licensing information to the public, which has access to all publicly available wireless licensing information on-line, including maps depicting a licensee's geographic service area.
