SUPPLEMENTARY INFORMATION: This is a proposed extension of the ICR, which is currently approved through March 31, 2026. An agency may not conduct or sponsor and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

Public comments were previously requested via the **Federal Register** on June 10, 2025, during a 60-day comment period (90 FR 24399). This notice allows for an additional 30 days for public comments. Supporting documents, which explain in detail the information that the EPA will be collecting, are available in the public docket for this ICR. The docket can be viewed online at www.regulations.gov or in person at the EPA Docket Center, WJC West, Room 3334, 1301 Constitution Ave. NW, Washington, DC. The telephone number for the Docket Center is 202–566–1744. For additional information about EPA’s public docket, visit <http://www.epa.gov/dockets>.

Abstract: The TSCA amendments of June 22, 2016, known as the Frank R. Lautenberg Chemical Safety for the 21st Century Act, expanded the categories of people to whom EPA may disclose TSCA confidential business information (CBI). The amendments authorize EPA to disclose TSCA CBI to state, tribal, and local governments; environmental, health, and medical professionals; and emergency responders, under certain conditions, including consistency with guidance that EPA is required to develop. Three guidance documents were developed, corresponding to the new authorities in TSCA section 14(d)(4), (5), and (6). The conditions for access vary under each of the provisions, but generally include the following: requesters must show that they have a need for the information related to their employment, professional, or legal duties; recipients of TSCA CBI are prohibited from disclosing or permitting further disclosure of the information to individuals not authorized to receive it (physicians/nurses may disclose the

information to their patient); and except in emergency situations EPA must notify the entity that made the CBI claim at least 15 days prior to disclosing the CBI. In addition, under these new provisions, requesters (except in some emergency situations) are required to sign an agreement and may be required to submit a statement of need to EPA. In accordance with the requirements of TSCA section 14(c)(4)(B), the guidance documents cover the content and form of the agreements and statements required under each provision and include information on where and how to submit requests to EPA.

The ICR, which is available in the docket along with other related materials, provides a detailed explanation of the collection activities and the burden estimate that is only briefly summarized here:

Form number(s): None.

Respondents/affected entities: Entities potentially affected by this ICR include government employees (federal, state, local, tribal), as well as medical professionals, such as doctors and nurses. The North American Industrial Classification System (NAICS) codes for health care and social assistance is 62. North American Industrial Classification System (NAICS) codes identified in question 12 of the ICR.

Respondent’s obligation to respond: Required to Obtain or Retain Benefits (15 U.S.C. 2607).

Estimated number of respondents: 6 (total).

Frequency of response: On occasion.

Total estimated burden: 89 hours (per year). Burden is defined at 5 CFR 1320.3(b).

Total estimated cost: \$6,585 (per year), which includes \$0 annualized capital or operation & maintenance costs.

Changes in the estimates: There is no change in the total estimated respondent burden compared with that currently approved by OMB.

General Description of Collection: This collection implements a statutory requirement imposing reporting, disclosure and recordkeeping requirements on some community reinvestment-related agreements between insured depository institutions or affiliates, and nongovernmental entities or persons. The information assists interested members of the public in assessing whether the parties are fulfilling their agreements, and helps the agencies understand how the institutions they regulate are fulfilling their CRA responsibilities. There is no change in the method or substance of the collection. The overall reduction in burden hours is the result of economic fluctuation. In particular, the decline in the estimated overall annual time burden from 42 hours in 2023 to 19 hours in 2026 is the result of a reduction in the number respondents.

Request for Comment

Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC's functions, including whether

the information has practical utility; (b) the accuracy of the estimates of the burden of the information collection, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.
