Abstract: The Youth Conservation Corps (YCC) is a summer youth employment program that engages young people in meaningful work experiences at national parks, forests, wildlife refuges, and fish hatcheries while developing an ethic of environmental stewardship and civic responsibility. YCC programs are generally eight to ten weeks and members are paid at least the state or federal minimum wage (whichever is higher) for a 40-hour work week. YCC opportunities provide paid daytime work activities with members who commute to the federal unit daily. Authorized by the Youth Conservation Corps Act of August 13, 1970, as amended (U.S. 1701–1706), participating agencies (National Park Service, U.S. Fish and Wildlife Service, Forest Service) use common forms: DI-4014, “Youth Conservation Corps Application” and DI-4015, “Youth Conservation Corps Medical History” to collect information to determine the eligibility of each youth for employment with the YCC. Parents or guardians must sign both forms if the applicant is under 18 years of age.

SUPPLEMENTARY INFORMATION:

Background.—In November 2024, the Commission determined that an industry in the United States was materially injured by reason of imports of aluminum lithographic printing plates from China and Japan that were sold in the United States at less than fair value and subsidized by the government of China. *Aluminum Lithographic Printing Plates from China and Japan*, Inv. Nos. 701–TA–694 and 731–TA–1641–1642 (Final), USITC Pub. No. 5559 (Nov. 2024). Respondents Fujifilm North America Corporation, Fujifilm Corporation, and Fujifilm Printing Plate (China) Co. Ltd. contested the Commission’s determinations before the U.S. Court of International Trade (“CIT”). The CIT remanded for the Commission to reconsider “whether {Fujifilm Manufacturing USA, Inc. (“Fujifilm Greenwood”)} is a related party,” discussing “the four factors in 19 U.S.C. 1677(4)(B)(ii),” and whether “appropriate circumstances exist to exclude Fujifilm Greenwood from the domestic industry,” addressing “how the instant facts are an ‘appropriate’ case for excluding a related party in light of the example provided in the legislative history” *Fujifilm N. Am. Corp. v. United States*, Court No. 24–00251, Slip Op. 26–17 (Ct. Int’l Trade Feb. 18, 2026).

Participation in the remand proceedings.—Only those persons who were interested parties that participated in the investigations (*i.e.*, persons listed on the Commission Secretary’s service list) and also parties to the appeal may participate in the remand proceedings. BPI referred to during the remand proceedings will be governed, as appropriate, by the administrative protective order issued in the

investigations. The Secretary will maintain a service list containing the names and addresses of all persons or their representatives who are parties to the remand proceedings, and the Secretary will maintain a separate list of those authorized to receive BPI under the administrative protective order during the remand proceedings.

Written submissions.—The Commission is not reopening the record and will not accept the submission of new factual information for the record. The Commission will permit the parties to file comments concerning how the Commission could best comply with the Court's remand instructions.

The comments must be based solely on the information in the Commission's record. The Commission will reject submissions containing additional factual information or arguments pertaining to issues other than the issue on which the Court has remanded this matter. The deadline for filing comments is April 10, 2026. Comments must be limited to no more than ten (10) double-spaced and single-sided pages of textual material, inclusive of attachments and exhibits.

Parties are advised to consult with the Commission's Rules of Practice and Procedure, part 201, subparts A through E (19 CFR part 201), and part 207, subpart A (19 CFR part 207) for provisions of general applicability concerning written submissions to the Commission. All written submissions must conform to the provisions of section 201.8 of the Commission's rules; any submissions that contain BPI must also conform with the requirements of sections 201.6, 207.3, and 207.7 of the Commission's rules. Please note the Secretary's Office will accept only electronic filings at this time. Filings must be made through the Commission's Electronic Document Information System (EDIS, <https://edis.usitc.gov>). No in-person paper-based filings or paper copies of any electronic filings will be accepted until further notice. The Commission's *Handbook on E-Filing*, available on the Commission's website at <http://edis.usitc.gov>, elaborates upon the Commission's rules with respect to electronic filing.

Additional written submissions to the Commission, including requests pursuant to section 201.12 of the Commission's rules, will not be accepted unless good cause is shown for accepting such submissions or unless the submission is pursuant to a specific request by a Commissioner or Commission staff.

In accordance with sections 201.16(c) and 207.3 of the Commission's rules,

each document filed by a party to the investigation must be served on all other parties to the investigation (as identified by either the public or BPI service list), and a certificate of service must be timely filed. SUPPLEMENTARY INFORMATION:

Scope.—For purposes of these investigations, Commerce has defined the subject merchandise as hardwood and decorative plywood, and certain veneered panels as described below. For purposes of this investigation, hardwood and decorative plywood is defined as a generally flat, multilayered plywood or other veneered panel, consisting of two or more layers or plies of wood veneers in combination with a core or without a core. The veneers and, if present, the core are glued or otherwise bonded together. A hardwood and decorative plywood panel must have at least either the face or back veneer composed of one or more species of hardwood, softwood, or bamboo, regardless of any surface coverings. Hardwood and decorative plywood may include products that meet the American National Standard for Hardwood and Decorative Plywood, ANSI/HPVA HP-1-2024 (including any revisions to that standard).

For purposes of the investigation a "veneer" is a slice of wood regardless of thickness which is cut, sliced or sawed from a log, bolt, or flitch. The face and back veneers are the outermost veneer of wood irrespective of additional surface coatings or covers as described below. The core of hardwood and decorative plywood (for those products that include a core) consists of the layer or layers of one or more material(s) that are situated between the face and back veneers. The core may be composed of a range of materials, including but not limited to hardwood, softwood, particleboard, or medium density fiberboard (MDF).

All hardwood and decorative plywood is included within the scope even if it is trimmed; cut-to-size; notched; punched; drilled; or has undergone other forms of minor processing. All hardwood and decorative plywood is included within the scope of the investigation, without regard to dimension (overall thickness,
