The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed and continuing information collections, which helps us

assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on January 30, 2026, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Technical Information Service (NTIS), Commerce.

Title of Information Collection: Limited Access Death Master File (LADMF) Certification Program Forms

OMB Control Number: 0692-0013

Form Number(s): NTIS FM161, NTIS FM101, NTIS FM100A and NTIS FM100B

Type of Request: Regular Submission. Revision of currently approved collection.

Number of Respondents, Average Hours per Response, Burden Hours, Frequency:

	NTIS FM161	NTIS FM101	NTIS FM100A	NTIS FM100B
<i>Number of Respondents</i>	260	65	250	30
<i>Average Hours Per Response</i>	3 hours	1 hour	3 hours	3 hours
<i>Burden Hours</i>	780	65	750	90
<i>Frequency</i>	Once a year	Every 3 years	Every 3 years	Every 3 years

Needs and Uses: The final rule for the LADMF Certification Program was promulgated under Section 203 of the Bipartisan Budget Act of 2013, Public Law 113-67 (Act) and published on June 1, 2016 (81 FR 34882). The rule became effective on November 28, 2016 (15 CFR part 1110).

The Act prohibits the Secretary of Commerce (Secretary) from disclosing Death Master File (DMF) information during the three-year period following an individual's death (Limited Access DMF or LADMF), unless the person requesting the information has been certified to access the Limited Access DMF pursuant to certain criteria in a program that the Secretary establishes. The Secretary delegated the authority to carry out Section 203 to the Director of NTIS. The final rule requires that:

a. a Person, as defined in 15 CFR 1110.2, seeking access to the LADMF establish a legitimate fraud prevention interest or legitimate business purpose pursuant to a law, governmental rule, regulation, or fiduciary duty. The Certification Form (NTIS FM161) collects information that NTIS will use to evaluate whether the respondent qualifies to receive the LADMF under the rule.

b. a Person seeking certification or a Certified Person, as defined in 15 CFR 1110.2, seeking renewal of a certification must submit a written attestation from an "Accredited

Conformity Assessment Body" (ACAB), as defined in 15 CFR 1110.2, that such Person or Certified Person has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required under 15 CFR 1110.102(a)(2). The ACAB Systems Safeguards Attestation Form (NTIS FM100A) collects information based on an assessment by the ACAB conducted within three years prior to the date of the Person or Certified Person's submission of a completed certification statement under 15 CFR 1110.101(a). This collection includes specific requirements of the final rule, which the ACAB must certify are satisfied, and the provision of specific information by the ACAB, such as the date of the assessment and the auditing standard(s) used for the assessment.

c. the ACAB must be independent of the Person or Certified Person seeking certification, unless it is a conformity assessment body which qualifies for "firewalled status" pursuant to 15 CFR 1110.502.

The Firewalled Status Application Form (NTIS FM101) collects information that NTIS will use to evaluate whether the respondent qualifies for "firewalled status" under the rule, and, therefore, can provide a written attestation in lieu of an independent ACAB's attestation. This information includes specific

requirements of 15 CFR 1110.502(b), which the respondent ACAB must certify are satisfied, and the provision of specific information by the respondent ACAB, such as the identity of the Person or Certified Person that would be the subject of the attestation and the basis upon which the certifications were made.

d. under 15 CFR 1110.501(a)(2), a state or local government office of Auditor General (AG) or Inspector General (IG) and a Person or Certified Person that is a department or agency of the same state or local government, respectively, are not considered to be owned by a common "parent" entity under 15 CFR 1110.501(a)(1)(ii) for the purpose of determining independence, and attestation by the AG or IG is possible. The AG or IG Systems Safeguards Attestation Form (NTIS FM100B) is for the use of a state or local government AG or IG to attest on behalf of a state or local government department or agency Person or Certified Person. The AG or IG Systems Safeguards Attestation Form requires the state or local government AG or IG to attest that a Person seeking certification or a Certified Person seeking renewal of certification has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required under 15 CFR 1110.102(a)(2). The AG or IG Systems Safeguards

Attestation Form collects information based on an assessment by the state or local government AG or IG conducted within three years prior to the date of the Person or Certified Person's submission of a completed certification statement under 15 CFR 1110.101(a). This collection includes specific requirements of the final rule, which the state or local government AG or IG must certify are satisfied, and the provision of specific information by the state or local government AG or IG, such as the date of the assessment.

Affected Public: Anyone seeking access to the Limited Access Death Master File and Accredited Conformity Assessment Bodies and state or local government Auditors General or Inspectors General attesting that a Person seeking certification or a Certified Person seeking renewal of certification under the final rule for the "Certification Program for Access to the Limited Access Death Master File" has information security systems, facilities and procedures in place to protect the security of the Limited Access DMF, as required by the final rule.

Respondent's Obligation: Voluntary.

Legal Authority: Section 203 of the Bipartisan Budget Act of 2013, Public Law 113-67; 15 CFR part 1110.

Comments

A 60-day Notice requesting public comment was published in the **Federal Register** on January 15, 2026 at 91 FR 1758. The comment period ended March 16, 2026. AmeriCorps received one public comment that addressed several aspects of the information collection, summarized as follows:

- *Comment:* The burden hour estimates should be increased for each of the forms for the individual to provide details about their loan and loan servicer or calculate accrued interest. *Response:* AmeriCorps did not adjust the burden hour estimates in response to this comment because these information collections do not require the member to provide the detailed information. The loan servicer, who will readily have the information available as a matter of business, provides the detailed information.

- *Comment:* Individuals may submit multiple forbearance or voucher forms within a single award period, so there should be a per-individual annual burden estimate to account for that, and first-time and repeat-user burden should be disaggregated. *Response:* AmeriCorps is not adjusting its estimates in response to this comment because the burden estimate is an estimate of one annual submission per individual for each form. While some individuals do submit multiple forms in a year, others submit only once every few years. AmeriCorps has averaged the time burden to account for both first-time and repeat users.

- *Comment:* AmeriCorps should conduct a structured usability study with individuals of various demographics. *Response:* AmeriCorps has calculated and refined its estimates over years of public consultation and outreach, which have captured the range of respondents' experiences in responding to this information collection.

- *Comment:* Individuals' financial costs are not captured. *Response:* This comment appears to be based on a misunderstanding that individuals must themselves obtain documents from loan servicers to provide to AmeriCorps.

- *Comment:* Student loan servicer burden was excluded. *Response:* The time burden estimate does consider loan servicer burden, including time to review instructions, process payments, and perform any recordkeeping beyond their normal course of business.

- *Comment:* Combine the three forms into one with single unified OMB coverage. *Response:* The three forms cannot be combined without significantly increasing burden because each form serves a distinct purpose. The
