

manufacturer warranties to retailers, along with retailer maintenance of the warranties. Applying a sales associate wage rate of \$29/hour to half of the burden hours and a clerical wage rate of \$27/hour to half of the burden hours, the total annual labor cost burden is approximately \$73,131,128 (1,305,913 hours × \$29 per hour) + (1,305,913 hours × \$27 per hour).

*Total annual capital or other non-labor costs:* De minimis.

The vast majority of retailers and warrantors already have developed systems to provide the information the Rule requires. Compliance by retailers typically entails keeping warranties on file electronically, in binders or otherwise, and posting an inexpensive sign indicating warranty availability. Warrantor compliance under the 2016 amendments entails providing retailers, together with the warranted good, a copy of the warranty or the address of the warrantor's internet website where the consumer can review and obtain the warranty terms, along with the contact information where the consumer may use a non-internet based method to obtain a free copy of the warranty terms. Commission staff believes that, in light of the amendments, annual capital or other non-labor costs will remain de minimis.

9000–0161, Reporting Purchases from Sources Outside the United States.

#### B. Need and Uses

This clearance covers the information that offerors must submit to comply with the FAR provision 52.225–18, Place of Manufacture. This provision requires offerors of manufactured end products to indicate in response to a solicitation, by checking a box, whether the place of manufacture of the end products it expects to provide is predominantly manufactured in the United States or outside the United States. Contracting officers use the information as the basis for entry into the Federal Procurement Data System for further data on the rationale for purchasing foreign manufactured items. The data is necessary for analysis of the application of the Buy American statute and the trade agreements.

#### C. Annual Burden

*Respondents:* 23,134.

*Total Annual Responses:* 1,295,504.

*Total Burden Hours:* 12,955.

#### D. Public Comment

A 60-day notice was published in the **Federal Register** at 90 FR 59122, on December 18, 2025. A respondent provided several comments; however, they did not result in changes to the estimated burden.

#### Summary of Comments

The respondent supports the extension but expressed concern over the use, quality, and consistency of the collected information. The respondent recommended the following:

- Adopt standardized governmentwide collection of place-of-manufacture data.
- Improve processes by preventing unnecessary duplication in existing Buy American certification frameworks and providing clearer and more consistent definitions.
- Update burden estimates to reflect technological advancements and administrative efficiencies, recognizing the cumulative paperwork impact.

*Response:* The FAR Council acknowledges the comments received. Regarding the comments addressing duplication in existing Buy American certification frameworks, the respondent will have the opportunity to provide feedback when proposed changes to FAR Part 25 are published for comment as part of FAR Case 2026–004, Revolutionary Federal Acquisition Regulation Overhaul parts 19, 22, 23, and 25.
