

the petition, as required by subparagraph (A); or (ii) if there is a large number of producers, determine industry support using a statistically valid sampling method to poll the industry.

Extension of Time

Sections 702(c)(1)(A) and 732(c)(1)(A) of the Act provide that within 20 days of the filing of an antidumping or countervailing duty petition, Commerce will determine, *inter alia*, whether the petition has been filed by or on behalf of the U.S. industry producing the domestic like product. Sections 702(c)(1)(B) and 732(c)(1)(B) of the Act provide that the deadline for the initiation determination, in exceptional circumstances, may be extended by 20 days in any case in which Commerce must “poll or otherwise determine support for the petition by the industry.” Because it is unclear whether the industry support criteria have been met, Commerce has determined it should extend the time period for determining whether to initiate the investigations in order to further examine the issue of industry support.

Commerce will need additional time to gather and analyze additional information regarding industry support. Therefore, it is necessary to extend the deadline for determining the adequacy of the Petitions by an additional 20 days. As a result, in accordance with sections 702(c)(1)(B) and 732(c)(1)(B) of the Act, Commerce’s initiation determination will now be due no later than April 14, 2026.

International Trade Commission Notification

Commerce will contact the U.S. International Trade Commission (ITC) and will make this extension notice available to the ITC.

Dated: March 25, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.
